(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

The earthquake in California following so many similar upheavals in various parts of this country and in ...dia, fills with distress and sympathy every good American. It affects but a small part of the western coast line, and, undoubtedly, with full information will turn out to be less serious than the first dispatches represent it to be.

No one doubts that this misfortune will be adequately and promptly met by the resourceful courage of California's men and women. Only last Sunday, Arthur Williams, head of the New York Edison Co., just back from California, told a gathering at the house of Judge Gary of the impression that California had made upon him.

"They are the wonder people of the world,' said he. "Nothing stops them; nothing daunts them. If a mountain is in their way, they wipe it out.

"If water they need is 500 miles ...ay, with mountains and valleys be...een, they bring the water to them. "They set an example in energy, ...ization, progress and development ...he rest of the world. To look from ...n Francisco across the bay to Oak...nd, seeing high in the air light wires that carry light and power between the two wonderfully lighted cities, to travel the length of that magnificent coast, with its millions of intelligent, active people, and its unbelievable growth, is an inspiration to the citizenship of this country.

The New York Times devotes part of its front page to "a third term for Coolidge."

There can't be any Coolidge third term discussion until after the president shall have been re-elected in 1928. He has been elected only once thus far. If, as is probable, he should be re-elected in 1928, that would be his SECOND TERM and the right time to begin talking of a THIRD term.

When Washington was president and an aggressive editor was accusing of royal ambition, a desire to be king, the people worried about too long tenure of office. Having got rid of an English king they didn't want an American king called president in place of King George.

Washington answered that sufficiently when he refused to be elected more than twice.

Thus President Coolidge has been elected only once, and anyhow the United States is not worrying about a successor to King George just now, but wants stable, consistent, efficient government especially now in the

MAN MISSING, POLICE SEARCH

Joseph Zettl, 69, German Immigrant, Disappears.

Police were searching today for Joseph Zettl, 69, who came to the United States from Germany about two weeks ago and who has been mysteriously missing three days. Friends fear that he may have met with foul play.

Zettl, who has been making his home with Mrs. Dorothy Peterson, 1647 Holiday street, East End, left Monday morning, presumably for the postoffice, where he intended to mail a letter.

Friends, who enlisted the assistance of the police today in an effort to locate him, declare that so far as they knew he carried no money.

Inquiries failed to throw any light on his whereabouts. He is said to speak very little English.

Zettl is described as five feet four inches in height, had blue eyes, gray hair, dark complexioned and has a straight nose.

M'VAY ACCEPTS SCHOOL PLACE AFTER HE PAYS VISIT TO CITY

New Philadelphian Will Return Tomorrow to Seek Home.

BOARD TO MEET

Appointee and Geiger May Exchange Posts on Aug. 1.

Charles S. McVay, New Philadelphia, will accept the superintendency of the East Liverpool public schools for a four-year term, he advised members of the board of education, when he visited here yesterday.

While F. P. Geiger, who goes to New Philadelphia to McVay's place, is under contract to remain in East Liverpool until August 31, it is probable that the two school heads will exchange posts on or about August 1, it was announced today.

McVay, who has been the superintendent of schools at New Philadelphia for three years, came here yesterday in response to a telephone call from D. F. White, vice president of the board of education. He conferred with White and R. W. Sample during the few hours which he spent in town and returned late in the afternoon to his home.

Offered Two Residences.

The superintendent-elect and his wife will motor to East Liverpool tomorrow, where they will seek a residence. Two places have been offered. They were inspected yesterday, but McVay deferred his decision until Mrs. McVay has opportunity to see the houses.

McVay will attend a meeting of the board of education, which will be held in the high school building Thursday night, to briefly lay the ground for his work here in September.

Accompanied by School Board Member White, McVay was shown about the city yesterday and introduced to several business men. He owns the residence which he occupies in New Philadelphia and is anxious to dispose of it before he leaves, he informed members of the board.

Had Accepted Another Place

McVay had tentatively accepted another school place before his election to the local post, but he reconsidered his decision yesterday after receiving

TWO MEN SHOT IN GUN DUEL

MOUNT VERNON, Ill., July 1.—Mike Stoniski, miner, is dying with two bullets in his lungs and Harry Houchens, city marshal of Nason, is nursing a wounded right arm, following a four-cornered gun duel at Nason early today in which Mayor A. W. St. Clair participated.

Houchens and Mayor St. Clair had ordered Joe Reagan, a motorist, to proceed to jail to face speeding charges. Reagan was said to have opened fire and Stoniski, standing nearby, joined him. The mayor and marshal returned the fire. More than a dozen shots were exchanged.

Chinese Agitators Threaten Employes Of British Firms

SHANGHAI, July 1.—Asserting "the blue faced cannibal toothed, foreign devils are still undefeated," Chinese agitators today were calling on remaining employes of British and Japanese firms to quit Thursday and threatening them with violence if they failed to do so.

The authorities, however, believe the situation well in hand and have ordered a partial demobilization of the volunteer corps after a solid month of continuous service. The strike continues with little change and without violence.

SANTA BARBARA QUAKE DEAD ESTIMATED AT 20; PROPERTY DAMAGE HIGH

Aroostook County, Me., Potato Belt of East, Feels Tremor

HOULTON, Me., July 1.—Aroostook county, the famous potato belt of the east, was visited by a slight earthquake and a cloudburst today.

Washouts on the Bangor & Aroostook railroad held up the morning mail train.

No lives were reported lost.

Investigators Fear Loss May Reach $35,000,000, Although City Officials Declare it Will be Under $10,000,000.

13 KILLED, FIVE MISSING, 41 HURT

Tremors Cease Entirely as Ancient California City Prepares to "Carry on" 48 Hours After Terrific Earth Shocks.

SANTA BARBARA, July 1.—A small death toll and a gigantic property loss.

That was the summary of the situation today following careful checking 48 hours after the terrific earth shocks rocked this ancient city.

This morning for the first time it was definitely believed the toll of dead would not exceed a score.

No Shocks for 24 Hours.

Thirteen persons known dead, five additional missing and believed killed and 41 injured made up the casualty list early today.

Tremors have entirely ceased and no shocks of any strength have been felt for 24 hours.

The property damage was regarded by many investigators as possibly greater than previously estimated. It may reach the fearful figure of $35,000,000, although city officials of Santa Barbara declared they hoped it would come under the $10,000,000 mark.

The bodies recovered today were those of R. M. Litchfield, 28, San Luis Obispo, California, resident, whose crushed body was beneath an automobile wrecked in a fall of rock and bricks on State street, the city's main avenue, and Mercer Leon, 43, Mexican laborer. Leon was killed when a rear wall of the Central hotel fell and crushed him.

Others Believed Dead.

Discovery of Litchfield's body in the street under an automobile was made after hundreds had passed within a few feet. For two days guards had maintained vigil almost beside the body and many had sought a moment's rest on the side of the automobile under which he was buried.

Litchfield was an Associated Oil company employe.

The body of S. Mestiers, also, known as Chappo Maestre, janitor in the wrecked San Marcos building, is expected to be dug up today. The janitor was seen in the building a few minutes before the terrific quake Monday morning. Nothing has been heard of him since and body searchers listed him as dead. Three others believed dead were a Mrs. Kutex her one-year old baby, and William Temple, a janitor in the San Marcos building. Mrs. Kutex and her child entered the building a few minutes before it was demolished, investigators said. They have been missing since the quake.

Relief Plans Move Swiftly.

Plans to relieve the suffering community financially were moving swiftly.

A total of $1,000,000 is the goal of the relief workers.

The Santa Barbara Clearing House association has shouldered the task of obtaining $20,000,000 to rebuild the city. Plans for the gigantic fund will be completed today.

TWO BOYS FLEE FROM JAIL IN STEUBENVILLE

East Liverpool Police Join in Search for Fugitives.

BOTH KNOWN HERE

Make Rope of Blankets to Drop From Fourth Floor.

Affecting the most daring jail delivery there in years, Herbert Weldy, 19, heir to a fortune, and William Duff, 20, made their escape early today from the Jefferson county prison at Steubenville.

Both lads, who reside in Steubenville, were held on charges of stealing automobiles in various parts of the country.

Authorities discovered the jail-break at dawn.

Saws slipped to the youths' cell had been used for at least two weeks. The bars of the cell door, heavy steel bars on the tier and two sets of bars on a fourth floor window were sawed.

They reached the ground by tying five blankets together.

Police on Lookout.

Believing that at least one of the two men may have headed toward East Liverpool, Jefferson county officials early this morning called the local police and asked that a lookout be kept for the escaped prisoners.

The youths are well known in East Liverpool, although there is no record of either in the local court. Chief of Police McDermott has instructed members of the local force to join in the search for the fugitives.

WOMAN IS SHOT; MAN IS SOUGHT

Mrs. Mary Johnson Injured in Midland Quarrel.

J. T. "Curley" Wilson, 32, colored laborer of Midland, Pa., is sought by the Midland police for felonious shooting following the wounding of Mrs. Mary Johnson, 38, also colored, which occurred during a quarrel at the Johnson woman's home, between Midland and Smith's Ferry, Monday.

The shot pierced the woman's side. She was taken to the Rochester General hospital, where it is believed that she will recover.

Wilson fled in the direction of Steubenville, following the shooting, police said.

ROTARY CLUB OPENS PLAYLOT FOR CRIPPLES WITH DINNER

Nineteen Children are Guests at E. H. Riggs Residence.

TABLES ON LAWN

Wives of Members Aid in Entertaining Youngsters.

Formal opening of the crippled children's playground near the E. H. Riggs residence in Park boulevard took place Tuesday evening when the children, together with Rotarians and their wives, were guests at dinner.

Nineteen children, many of whom have undergone operations at the Gates hospital at Elyria through the efforts of the Rotary club, spent more than an hour romping about the play lot preceding the dinner. They were taken to the recreation center in automobiles furnished by members of the club and at the conclusion of the affair returned to their homes.

The tables were arranged beneath the trees on the spacious lawn surrounding the Riggs home. The dinner was served by a committee of women from the Emmanuel Presbyterian church. The tables were attractively decorated with summer flowers. Places were laid for 90 guests. The children occupied nearby tables

F. L. Wells Presides.

The meeting was in charge of President Frank L. Wells, of Wellsville. In his introductory remarks, he expressed the club's appreciation to Mr. and Mrs. Riggs for the manner in which they had been entertained. The local club is the only Rotary organization in the state boasting a crippled children's playgrounds, due to the benevolent spirit of Mr. Riggs, President Wells announced. Much of the credit for the work among crippled children is due to the efforts of Attorney Blaine H. Cochran, first president of the club, and Secretary H. B. Barth, Mr. Wells also said.

DELAY UNIFORM FLAG EQUIPMENT

Sidewalk Poles Will Not be Used on Fourth of July.

Delay in a shipment of flags, poles and sockets will postpone the completion of the uniform flag decoration here until after Independence Day, officers of East Liverpool post No. 4, American Legion, announced today.

A shipment of supplies, ordered last week and which should have reached here last Monday, has been held up. About 100 of the flags, making up the first shipment, have been distributed, and the last of the sidewalk sockets will be placed today.

The uniform flag decoration on Sixth street and Dresden avenue is about completed. Sections of the Diamond and Washington street have also been taken care of. The sockets are being drilled under the direction of C. E. West and Okey Smith.

While it is the intentions of the Legion to decorate the city only in the business district, many requests for the flags are coming from the residential sections. The cost of the flag staff and socket installed is $7.50.

New England Has Decided to Send Woman to Congress

LOWELL, Mass., July 1.—New England has decided to send a woman to congress.

The honor of being the first woman to go to congress from this section falls to Mrs. Edith Nourse Rogers of this city, widow of the late Congressman John Jacob Rogers.

Complete returns today from the special election in the fifth congressional district gave Mrs. Rogers, Republican, 23,614; former Governor Eugene N. Foss, Democrat, 9,251.

Mrs. Rogers got 72 per cent of all the votes cast, carried every town in the district and received a larger proportion of the total vote than her husband did last November.

CANVAS CITY FOR RELIGIOUS MEETS ERECTED

Free Methodists Open Camp Services Here Tomorrow.

15 CHURCHES AID

Evangelist F. L. Baker, Bay City, Mich., in Charge.

The annual camp meeting of the Rochester district of the Free Methodist church will open at the campgrounds on Anderson boulevard, just outside the city limits, tomorrow evening.

Campers have been arriving throughout the week for the 10-day series of meetings. More than 100 tents have been engaged. The large tent in which the services will be conducted this year was erected yesterday. Seating accommodations have been provided for more than 1,500 persons.

Rev. F. L. Baker, Bay City, Mich., field agent for the missionary board, will be the principal speaker. He will be assisted by the pastors of 15 churches in the Rochester district.

Beginning Friday, services will start at 6:30 a. m. and continue throughout the day. There will be preaching morning, afternoon and evening. Children's services will be held at 1:30 p. m. daily under the direction of Mrs. Clara Foy, of East Liverpool, and Mrs. Bertha Main of Wellsville.

The visiting evangelist will have charge of the holiness service at 10:15 o'clock Friday morning, his subject being "Holiness or Christian Perfection Scripturally Defined." Rev. D. W. Rose will lead this service on Saturday morning, discussing the subject, "Modern and Bible Holiness Contrasted." Rev. Mr. Baker will be in charge of the Sunday morning service, starting at 11 o'clock, his subject being "Distinguished Features of the Wesleyan Theory of Bible Holiness."

Pittsburgh Chamber Of Commerce Chief Urges Mine Peace

PITTSBURGH, Pa., July 1.—An appeal to the general public for a remedy for the situation in the coal industry which is taking $60,000,000 a year out of circulation in the Pittsburgh district, was issued today by George R. Wallace, president of the local chamber of commerce.

In his plea for a solution of difficulties between operators and miners, which would lead to a reopening of the many closed mines in western Pennsylvania, Wallace was supported by a group of prominent business men.

"Under prosperous conditions," Wallace said, "the coal mine payroll of the Pittsburgh district and expenditures for supplies is close to $1,700,000 a week, whereas under present conditions it hardly exceeds $550,000."

CRABBE RULES FOR BALLOT IN TOWNSHIP AS WELL AS CITY

But Two Candidates, Names Will Appear on Ticket.

OTHERS BARRED

However, November Places are Open by Petition Route.

Republican and Democratic nominees for judge and clerk of the East Liverpool Municipal court will be named at the primaries in the special judicial district which includes the city and Liverpool township, on Tuesday, August 11.

This was the ruling handed down today by Attorney General C. C. Crabbe, of Columbus, following a request submitted to him by J. W. Moore, clerk of the Columbiana county board of deputy state supervisors of election.

Prepare Special Ballots.

The opinion gives the election supervisors authority to set up the machinery for nominations on the two court ballots, despite the failure of the law to permit township electors to participate in municipal primaries.

Accordingly, Chief Deputy J. S. Hilbert and Clerk Moore, of the election board, today announced that special ballots for the use of township electors would be printed. The polls will be open during the usual period in the three township precincts on August 11.

However, the names of but two candidates, both seeking the court clerkship—Miss Ruth Finnie and Arthur J. Bostock—will be printed on the Republican ticket.

No Republican candidates for judge filed declarations, while there were no entries for either judge or clerk on the Democratic ticket.

May Write Names.

The attorney general's ruling also provides that the clerkship nominees' names shall be printed on the party ticket at the November election, while the judgeship candidates' names shall appear on a non-partisan ticket.

Inasmuch as additional entries for the August 11 primaries are precluded under the state election law, two courses are open for candidates who

$7,000 DAMAGE IN BARN FIRE

Large Structure on Armstrong Farm, West of Lisbon, Destroyed.

A loss estimated between $7,000 and $8,000 resulted yesterday when a barn on the farm of J. D. and A. C. Armstrong, on the old state road, west of Lisbon in Center township, was destroyed by fire of undetermined origin.

Two cows and a calf were cremated and farm machinery was destroyed. Less than half a ton of hay and chaff was in the barn.

Neighbors, forming a bucket brigade, saved other farm buildings.

The barn, erected 70 years ago, covered a site 102 by 47 feet, and was known as the second largest in Columbiana county.

About a year ago the brick residence on this farm was destroyed by fire.

HYPOCRITE, "LEADING CITIZEN" WITH STOCKED CELLAR, IS CURSE OF SOCIETY, SAYS DRY CHIEF AS HE WARNS BUYERS THEY PAY GUNMEN

BY ROBERT S. THORNBURGH.

WASHINGTON, July 1.—"Thou Shalt Not Drink!"

That is the "eleventh commandment" which General L. C. Andrews, assistant secretary of the Treasury, selected by President Coolidge as field marshal of prohibition enforcement, is striving to enforce.

Andrews has brought the co...ated activities of all govern...orcement agencies into ...has engineered a nation ...e-up, but in addition he ...to obtain law observa... inspired public opin...ame" the American people into observing probably its most far reaching statute.

"Hypocrites—the curse of society!" is one of Andrews' favorite expressions in referring to the "leading citizens" who advocate government loyalty in public and enjoy their well-stocked cellars in private.

Need "Mental Honesty."

The establishment of a standard of "mental honesty" is a necessary qualification for leadership in every community, according to Andrews. He said:

"When one contemplates questions of human welfare and regulations for right living, either as individuals or as members of a community, one sooner or later turns to the precepts of that greatest of all Teachers, whose rules of living and of human dealing are better understood today than ever before, and are being found more and more applicable to human relations in industry and government.

"And in so far as these precepts relate to leadership in community living and government, there is nothing in which He was more emphatic than in the need for 'mental honesty' on the part of leaders.

"Throughout all His work for the betterment of humankind, in the presence of misery and crime, He pointed the way to better things in words and deeds of love and mercy, fellowship and understanding, until He came into the presence of the Pharisaical leaders in Jerusalem.

"And then, in burning words which should never be forgotten by those interested in community welfare and government He condemned those leaders, not once but repeatedly, as hypocrites.

"Hypocrites are the curse of society! Do not forget that."

Calls It Daring Step.

In the enactment of the prohibition laws the government took a daring, determined step in the matter of regulating community life, Andrews pointed out.

For the improvement of social and economic conditions of the whole community it, in effect, wrote an eleventh commandment for the conduct of the individual—"Thou shalt not drink!"—and made it a crime against the state to furnish intoxicating beverages to those individuals who persisted in a determination to drink them.

"Thousands of citizens are opposed to this law for one reason or another," Andrews continued.

"Hundreds of thousands are wilfully violating it.

"With the latter I take serious issue. They are, perhaps quite unconsciously, doing a dangerous thing to the community.

"Their demand for liquor has built up the business of supplying it—and thousands of men have gone into the outlaw business. Each one of them is a criminal—so we have a new criminal class in the country, more numerous and more widely spread than any the government has had to meet before.

"They have established a new industry, gradually becoming organized, employing lawyers, gunmen, detectives and intelligence agents, operating in defiance of the government.

"They are an active enemy fighting against our institutions. To give them aid and comfort is hardly an act of good citizenship."

The prohibition generalissimo asserted that thoughtless men and

WOMAN IS SHOT; MAN IS SOUGHT

Mrs. Mary Johnson Injured in Midland Quarrel.

J. T. "Curley" Wilson, 32, colored laborer of Midland, Pa., is sought by the Midland police for felonious shooting following the wounding of Mrs. Mary Johnson, 38, also colored, which occurred during a quarrel at the Johnson woman's home, between Midland and Smith's Ferry, Monday.

The shot pierced the woman's side. She was taken to the Rochester General hospital, where it is believed that she will recover.

Wilson fled in the direction of Steubenville, following the shooting, police said.

ROTARY CLUB OPENS PLAYLOT FOR CRIPPLES WITH DINNER

Nineteen Children are Guests at E. H. Riggs Residence.

TABLES ON LAWN

Wives of Members Aid in Entertaining Youngsters.

Formal opening of the crippled children's playground near the E. H. Riggs residence in Park boulevard took place Tuesday evening when the children, together with Rotarians and their wives, were guests at dinner.

Nineteen children, many of whom have undergone operations at the Gates hospital at Elyria through the efforts of the Rotary club, spent more than an hour romping about the play lot preceding the dinner. They were taken to the recreation center in automobiles furnished by members of the club and at the conclusion of the affair returned to their homes.

The tables were arranged beneath the trees on the spacious lawn surrounding the Riggs home. The dinner was served by a committee of women from the Emmanuel Presbyterian church. The tables were attractively decorated with summer flowers. Places were laid for 30 guests. The children occupied nearby tables.

F. L. Wells Presides.

The meeting was in charge of President Frank L. Wells, of Wellsville. In his introductory remarks, he expressed the club's appreciation to Mr. and Mrs. Riggs for the manner in which they had been entertained. The local club is the only Rotary organization in the state boasting a crippled children's playgrounds, due to the benevolent spirit of Mr. Riggs, President Wells announced. Much of the credit for the work among crippled children is due to the efforts of Attorney Blaine H. Cochran, first president of the club, and Secretary H. B. Barth, Mr. Wells also said.

DELAY UNIFORM FLAG EQUIPMENT

Sidewalk Poles Will Not be Used on Fourth of July.

Delay in a shipment of flags, poles and sockets will postpone the completion of the uniform flag decoration here until after Independence Day, officers of East Liverpool post No. 4, American Legion, announced today.

A shipment of supplies, ordered last week and which should have reached here last Monday, has been held up. About 100 of the flags, making up the first shipment, have been distributed, and the last of the sidewalk sockets will be placed today.

The uniform flag decoration on Sixth street and Dresden avenue is about completed. Sections of the Diamond and Washington street have also been taken care of. The sockets are being drilled under the direction of C. E. West and Okey Smith.

While it is the intentions of the Legion to decorate the city only in the business district, many requests for the flags are coming from the residential sections. The cost of the flag staff and socket installed is $7.50.

PUBLISH CHURCH NOTICES FRIDAY

Inasmuch as there will be no issue of the Review-Tribune on Saturday, Independence day, church notices will be published in Friday's edition. All notices must reach the editorial deparment before 6 p. m. Thursday.

New England Has Decided to Send Woman to Congress

LOWELL, Mass., July 1.—New England has decided to send a woman to congress.

The honor of being the first woman to go to congress from this section falls to Mrs. Edith Nourse Rogers of this city, widow of the late Congressman John Jacob Rogers.

Complete returns today from the special election in the fifth congressional district gave Mrs. Rogers, Republican, 23,614; former Governor Eugene N. Foss, Democrat, 9,251.

Mrs. Rogers got 72 per cent of all the votes cast, carried every town in the district and received a larger proportion of the total vote than her husband did last November.

CANVAS CITY FOR RELIGIOUS MEETS ERECTED

Free Methodists Open Camp Services Here Tomorrow.

15 CHURCHES AID

Evangelist F. L. Baker, Bay City, Mich., in Charge.

The annual campmeeting of the Rochester district of the Free Methodist church will open at the campgrounds on Anderson boulevard, just outside the city limits, tomorrow evening.

Campers have been arriving throughout the week for the 10-day series of meetings. More than 100 tents have been engaged. The large tent in which the services will be conducted this year was erected yesterday. Seating accommodations have been provided for more than 1,500 persons.

Rev. F. L. Baker, Bay City, Mich., field agent for the missionary board, will be the principal speaker. He will be assisted by the pastors of 15 churches in the Rochester district.

Beginning Friday, services will start at 6:30 a. m. and continue throughout the day. There will be preaching morning, afternoon and evening. Children's services will be held at 1:30 p. m. daily under the direction of Mrs. Clara Foy, of East Liverpool, and Mrs. Bertha Main of Wellsville.

The visiting evangelist will have charge of the holiness service at 10:15 o'clock Friday morning, his subject being "Holiness or Christian Perfection Scripturally Defined." Rev. D. W. Rose will lead this service on Saturday morning, discussing the subject, "Modern and Bible Holiness Contrasted." Rev. Mr. Baker will be in charge of the Sunday morning service, starting at 11 o'clock, his subject being "Distinguished Features of the Wesleyan Theory of Bible Holiness."

Pittsburgh Chamber Of Commerce Chief Urges Mine Peace

PITTSBURGH, Pa., July 1.—An appeal to the general public for a remedy for the situation in the coal industry which is taking $60,000,000 a year out of circulation in the Pittsburgh district, was issued today by George R. Wallace, president of the local chamber of commerce.

In his plea for a solution of difficulties between operators and miners, which would lead to a reopening of the many closed mines in western Pennsylvania, Wallace was supported by a group of prominent business men.

"Under prosperous conditions," Wallace said, "the coal mine payroll of the Pittsburgh district and expenditures for supplies is close to $1,700,000 a week, whereas under present conditions it hardly exceeds $550,000."

CRABBE RULES FOR BALLOT IN TOWNSHIP AS WELL AS CITY

But Two Candidates, Names Will Appear on Ticket.

OTHERS BARRED

However, November Places are Open by Petition Route.

Republican and Democratic nominees for judge and clerk of the East Liverpool Municipal court will be named at the primaries in the special judicial district which includes the city and Liverpool township, on Tuesday, August 11.

This was the ruling handed down today by Attorney General C. C. Crabbe, of Columbus, following a request submitted to him by J. W. Moore, clerk of the Columbiana county board of deputy state supervisors of election.

Prepare Special Ballots.

The opinion gives the election supervisors authority to set up the machinery for nominations on the two court places, despite the failure of the law to permit township electors to participate in municipal primaries.

Accordingly, Chief Deputy J. S. Hilbert and Clerk Moore, of the election board, today announced that special ballots for the use of township electors would be printed. The polls will be open during the usual period in the three township precincts on August 11.

However, the names of but two candidates, both seeking the court clerkship—Miss Ruth Finnie and Arthur J. Bostock—will be printed on the Republican ticket.

No Republican candidates for judge filed declarations, while there were no entries for either judge or clerk on the Democratic ticket.

May Write Names.

The attorney general's ruling also provides that the clerkship nominees' names shall be printed on the party ticket at the November election, while the judgeship candidates' names shall appear on a non-partisan ticket.

Inasmuch as additional entries for the August 11 primaries are precluded under the state election law, two courses are open for candidates who

$7,000 DAMAGE IN BARN FIRE

Large Structure on Armstrong Farm, West of Lisbon, Destroyed.

A loss estimated between $7,000 and $8,000 resulted yesterday when a barn on the farm of J. D. and A. C. Armstrong, on the old state road, west of Lisbon in Center township, was destroyed by fire of undetermined origin.

Two cows and a calf were cremated and farm machinery was destroyed. Less than half a ton of hay and chaff was in the barn.

Neighbors, forming a bucket brigade, saved other farm buildings.

The barn, erected 70 years ago, covered a site 102 by 47 feet, and was known as the second largest in Columbiana county.

About a year ago the brick residence on this farm was destroyed by fire.

HYPOCRITE, "LEADING CITIZEN" WITH STOCKED CELLAR, IS CURSE OF SOCIETY, SAYS DRY CHIEF AS HE WARNS BUYERS THEY PAY GUNMEN

BY ROBERT S. THORNBURGH.

WASHINGTON, July 1.—"Thou Shalt Not Drink!"

That is the "eleventh commandment" which General L. C. Andrews, assistant secretary of the Treasury, selected by President Coolidge as field marshal of prohibition enforcement, is striving to enforce.

Andrews has brought the co...rated activities of all govern...orcement agencies into ...has engineered a nation ...e-up, but in addition he ...to obtain law observa...n inspired public opin...ame" the American people into observing probably its most far reaching statute.

"Hypocrites—the curse of society!" is one of Andrews' favorite expressions in referring to the "leading citizens" who advocate government loyalty in public and enjoy their well-stocked cellars in private.

Need "Mental Honesty."

The establishment of a standard of "mental honesty" is a necessary qualification for leadership in every community, according to Andrews. He said:

"When one contemplates questions of human welfare and regulations for right living, either as individuals or as members of a community, one sooner or later turns to the precepts of that greatest of all Teachers, whose rules of living and of human dealing are better understood today than ever before, and are being found more and more applicable to human relations in industry and government.

"And in so far as these precepts relate to leadership in community living and government, there is nothing in which He was more emphatic than in the need for 'mental honesty' on the part of leaders.

"Throughout all His work for the betterment of humankind, in the presence of misery and crime, He pointed the way to better things in words and deeds of love and mercy, fellowship and understanding, until He came into the presence of the Pharisaical leaders in Jerusalem.

"And then, in burning words which should never be forgotten by those interested in community welfare and government He condemned those leaders, not once but repeatedly, as hypocrites.

"Hypocrites are the curse of society! Do not forget that."

Calls It Daring Step.

In the enactment of the prohibition laws the government took a daring, determined step in the matter of regulating community life, Andrews pointed out.

For the improvement of social and economic conditions of the whole community it, in effect, wrote an eleventh commandment for the conduct of the individual—"Thou shalt not drink!"—and made it a crime against the state to furnish intoxicating beverages to those individuals who persisted in a determination to drink them.

"Thousands of citizens are opposed to this law for one reason or another," Andrews continued.

"Hundreds of thousands are wilfully violating it.

"With the latter I take serious issue. They are, perhaps quite unconsciously, doing a dangerous thing to the community.

"Their demand for liquor has built up the business of supplying it—and thousands of men have gone into the outlaw business. Each one of them is a criminal—so we have a new criminal class in the country, more numerous and more widely spread than any the government has had to meet before.

"They have established a new industry, gradually becoming organized, employing lawyers, gunmen, detectives and intelligence agents, operating in defiance of the government.

"They are an active enemy fighting against our institutions. To give them aid and comfort is hardly an act of good citizenship."

The prohibition generalissimo asserted that thoughtless men and

Those taken into custody were arraigned before a justice of the peace at Weirton and assessed heavy fines.

To Decide Issues.

Follansbee electors will shortly be called upon to pass upon the question of changing the present form of government to that of a city manager. The matter of floating a bond issue for improving streets will also be decided at this special election.

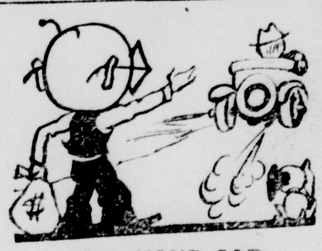

Norway has taken second place in the production of aluminum, the United States being first.

TO WHITEN SKIN WITH LEMON

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly-fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

The Extremely New "Chickie" Frock

A new innovation in the world of Fashion is the "Chickie" frock for sports or business.

There are one and two piece models of Rayon silk, smart and serviceable in all beautiful summer shades including white, tan, green, blue and mais. Some are in fancy plaids and rainbow stripes, others have plain blouses with striped trim and skirt, and vica versa. Trimming features are novel kick pleats in skirts, slit pockets, buttons and ties. Many have collars and other trim of crepe de chine.

The newest thing in Sports frocks for general wear. All sizes. Priced at $9.50, $10.00 and $10.50.

New Balbriggan Frocks

The two-piece frock is decidedly the vogue. Fashion has declared itself in its favor and so will you. Not only for sports wear, but for all informal occasions. These new two-piece models are of balbriggan, very smart this year. Choose green, copen, rose, white or tan. Priced from $8.75 to $16.75.

TWO BASEBALL GAMES CARDED

Allegheny P. R. R. Nine Will Play Locals Here Saturday.

A two-ply baseball bill will be the chief feature of Wellsville's Fourth of July celebration on Saturday.

Officers of the C. & P. baseball club, the local entry in the City Industrial baseball circuit, today announced that the Allegheny Shops team, of the Pennsylvania railroad, has been booked for a double bill here. One game will be staged in the morning and one in the afternoon, according to present arrangements.

The club committee seeking funds for the improvement of the Central park playing grounds is making excellent progress, it was asserted.

The strength of the local club for the second half of the league season will also be increased, it was pointed out.

The Chester club has sent over a number of tickets for the benefit clash for Manning, of Wellsville, and Moore, of Chester, players who were disabled in recent engagements. It is likely that Percy Wyant will take the slab against the league leaders.

Trotters are scheduled to play at Central park this evening.

'FOURTH' PROGRAM AT SALINEVILLE

One of the biggest home coming celebrations in the history of Salineville is being planned for Saturday, July 4, by the cornet band and the Salineville Kiwanis club.

Promptly at 8:30 o'clock in the morning, the program will start at the Pennsylvania railroad depot with races and other events for the youngsters.

A ball game at 10:30 has been billed as the chief sports event. Another diamond contest will be staged in the afternoon between the Alliance Goat Hills and the Salineville Independents.

At 1 o'clock the community band stand erected on the high school grounds by the Kiwanis club will be dedicated with proper ceremonies. The dedicatory address will be delivered by Rev. P. W. Macauley, pastor of the First Presbyterian church of Lisbon. At 2 o'clock there will be a parade.

A temporary lull in activities will occur at 6 o'clock. A band concert will start at 7:30 and this will be followed by a community dance at Addison hall an hour later.

W. A. Moore Dead.

William A. Moore, 30 years old, of Wellsville, died yesterday at Massillon, following a brief illness.

The body arrived this morning at the D. N. MacLean funeral home and will be taken later to the late residence, 2108 Chester avenue.

He is survived by his wife, four children and his parents.

Funeral services will be held tomorrow afternoon at 2 o'clock. Burial will be made in Spring Hill cemetery.

Will Visit Lisbon O. E. S.

A number of the members of the local chapter of the Order of the Eastern Star are planning to attend the dinner and inspection to be held on Friday evening by Lisbon chapter.

GRANGE TO MEET THURSDAY NIGHT

Songs, talk, recitations, readings and music make up the program that will be given on Thursday evening by members of the Yellow Creek grange, in the grange hall.

The complete program follows:

Opening song, "Flag of the Free"—Chorus.

Roll call—"How I Expect to Spend the Fourth."

Recitation—Frances Falconer.

Talk—Miss Elvada Marshall.

Music, "Dixie Land"—Chorus.

Readings—Members of the grange.

Recitation—Mabel McBane.

Pantomime, "Women of America"—Seven girls.

Stunt—Miss Christine Kerr.

Closing song, "Freedom's Banner"—Chorus.

KIWANIANS MEET WITH GRANGERS

More than a hundred "town men and farmers" attended the joint session of the Wellsville Kiwanis club and the Yellow Creek grange last evening in the grange hall in the Wellsville-Lisbon road.

The meeting was designed primarily for the purpose of discussing means of promoting better understanding between the town man and the farmer.

Approximately 50 local Kiwanians and fully as many grange members attended.

County Farm Agent Lower, and Clark Halverstadt, of Lisbon, discussed farm bureau work and its relation to the city. W. R. MacDonald of the Kiwanis club, gave a short address.

Club singing was led by T. A. McClelland, with Miss Martha McClelland at the piano. C. J. Vogel and T. A. McClelland entertained with a vocal duet.

J. W. Kerr was chairman.

MISS SATTES IS HOSTESS TO CLUB

Miss Stella Sattes was hostess to members of the Five Hundred club last evening at her home in Fourteenth street.

The affair honored Mrs. Donald Dudley, of Orlando, Fla., who is spending a few weeks with friends and relatives here.

Awards in five hundred were made to Miss Olive Williamson and Mrs. Gerald Crumbley. At the close of the affair luncheon was served.

Taken to Hospital.

David Bethel, local railroad worker, who was injured sometime ago while at work, was removed yesterday to the East Liverpool City hospital for treatment.

Calendar Coterie Session.

Members of the Calenda Coterie of the Second Presbyterian church will convene on Thursday evening at 7:30 o'clock in the church basement.

Hostess for the meeting will be Mrs. Bessie Ferris, Mrs. Ruth Weaver, Mrs. Molly Grafton and Mrs. May Grafton.

Recovering From Operation.

Mrs. William Davis, of Broadway, has been removed to her home from the East Liverpool City hospital. She is said to be recovering rapidly from a recent operation.

Entertain Relatives.

Mr. and Mrs. George Lowry, Broadway, are entertaining at their home, Mrs. James Lowary and Miss Katherine Lowary, the former's mother and his niece, respectively, of Alliance, and Miss Caroline Eaton, of Erie, Pa., also niece.

Lease Theatre Building.

A three year lease has been taken on the Liberty theatre, Wellsville, by Walter B. Urling and Clarence J. Vogel, the rental being $175 per month, according to a lease just field in court for record.

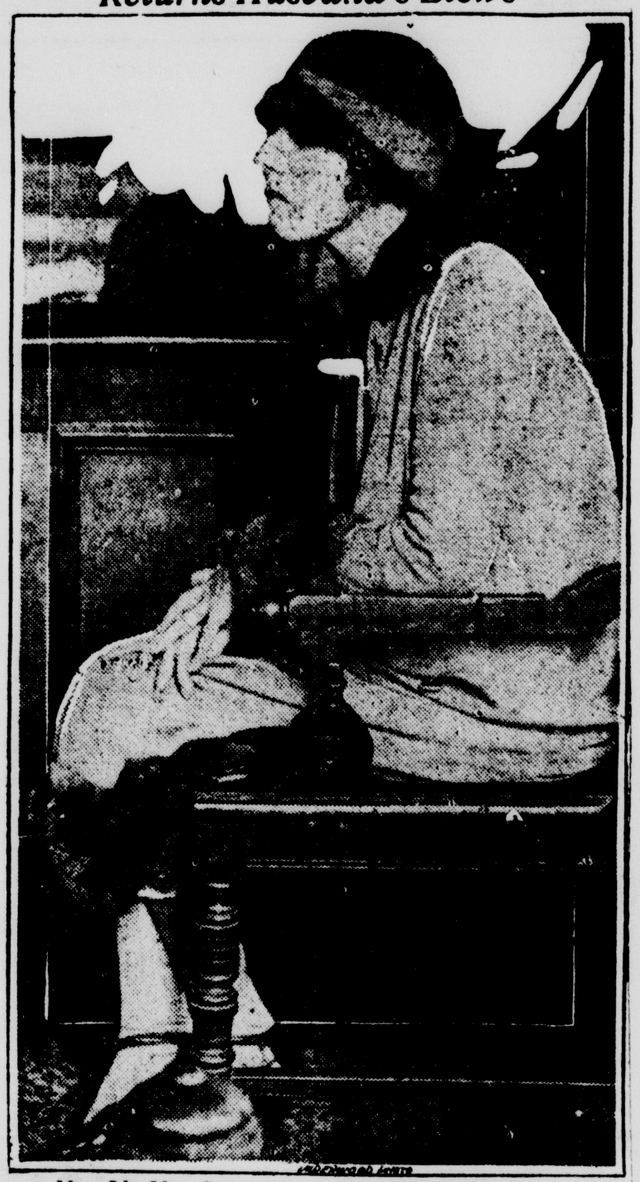

The lease was given by George B. Workman, Clarence J. Vogel and Walter B. Urling.

Stork Brings Daughter.

Mr. and Mrs. Alfred Morris, of 1713 Clark avenue, are the parents of an eight and one-half pound daughter, who was born Sunday morning. She has been named Dorothy Jean.

The German market for office furniture has been upset by the stabilizing of the currency, which has cut down the amount of bookkeeping necessary in banks and business houses.

Returns Husband's Blows

Mrs. Ida May Symington, target in New York's most sensational divorce case in many, many days, is hitting back at her husband, who accuses her of misconduct with other men. She denounces him as a cold, cruel man, who loves his horses and his guns more than he ever loved her; and that all of his charges are a conspiracy of lies. Symington is a multi-millionaire manufacturer and inventor. Mrs. Symington is seen telling her story on the witness stand.

Marriage Ritual Changes Planned By Episcopalians

Commission on Prayer Book Revision Recommends Deletion of Bride's "Obey" From Service.

NEW YORK, June.—The Fourth report of the joint commission on Prayer Book Revision of the Episcopal church, which has just been issued, recommends final action by the general convention of the church, meeting in New Orleans October 7-23, on the proposal to delete the word "obey" from its marriage service, as well as to strike out the frequently Pickwickian phrase in which the bridegroom endows the bride with all his "worldly goods."

The report also recommends that the proposed shortened form of the Ten Commandments for optional use by the clergy shall finally be approved by the Supreme Court of the church, as well as the elimination from the Book of Common Prayer of the inhibition of the unbaptized, excommunicate and suicide from the rite of burial service.

Numerous other changes in the Book of Common Prayer, but largely in the nature of modernized phraseology and transposition, will also be submitted to this forty-eighth triennial general convention of the church by the joint commission, whose report is made public in anticipation of that gathering.

All of these proposed changes were approved after extended debate at the Episcopal general convention which met in Portland, Oregon, in September, 1922. Church law provides, however, that amendments to the Book of Common Prayer shall be approved by two successive general conventions. The fight for these reforms must be made all over again, therefore, at the forthcoming New Orleans meeting.

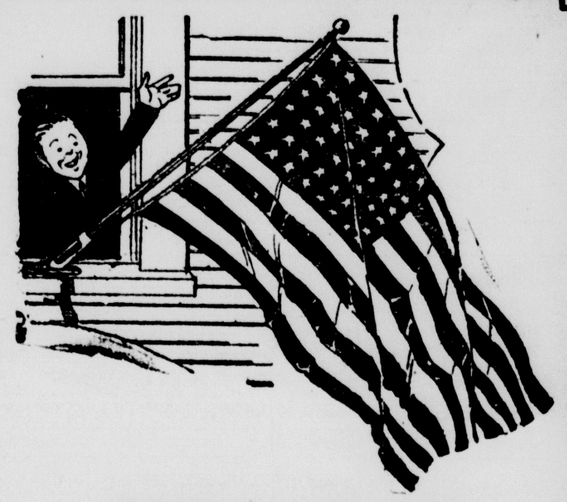

Swedish Nationality Total Is 9,000,000

Stockholm.—Sweden's population as shown by a report of the royal bureau of statistics is 6,000,000, and the entire Swedish nationality, wherever domiciled, is 9,000,000.

Figures show that 780,000 native born Swedes live outside the country, of whom 625,000 are in the United States, 30,000 in Canada, 50,000 in Norway and 36,000 in Denmark. The Swedish race in Finland numbers about 350,000, while the total Swedish stock in the United States, including immigrants and their children was 1,457,382 in 1920.

The foreign born inhabitants of Sweden number 57,882, or less than 1 per cent of the total population.

School Superintendents Exchange Places

By a queer turn of fate, East Liverpool and New Philadelphia will exchange school superintendents on September 1.

F. P. Geiger, for eight years chieftain of the schools here, will become head of the Tuscarawas county town's educational system, while his predecessor, Charles S. McVay, will become his successor in East Liverpool.

Mr. McVay, who has been New Philadelphia's superintendent for approximately three years, was elected to fill the vacancy caused by Mr. Geiger's resignation at Monday night's session of the board of education by a vote of three to two. He was chosen for a four-year term from a field of 80 candidates.

The retiring East Liverpool school head advised the board of education here that he was not a candidate for re-election after he had been unanimously selected by the New Philadelphia board for a five-year term. He was not an applicant for the latter place, but accepted the appointment.

The new school chieftain here is 52 years old, married and has one daughter. He was superintendent for nine years at Bellaire, spent a few years at Ambridge, Pa., then went to Mingo Junction, from where he was called to the New Philadelphia post, where inquiry showed he had made a good record.

His predecessor, also married and a father, had many years' experience, teaching in Lancaster and Carrollton and serving five years as high school principal and 15 years as superintendent in Dover, before his election in East Liverpool, where his work won much commendation. He, too, has been honored with election as president of the Ohio Teachers' association.

Both men are well qualified. And if any ill-feeling has been created by the selections, it should be forgotten in the respective cities. For the best interests of the schools, harmony is essential. The newly chosen East Liverpool and New Philadelphia superintendents should have the whole-hearted support of their boards of education as well as the people of their home communities.

A Dry Border

It seems to have escaped general notice that the United States senate in the last session ratified a liquor treaty with Canada. It was not labeled a liquor treaty, but it amounts to that.

The compact was designed for mutual protection of the two countries against smuggling. It provided for the exchange of information by the two governments regarding the smuggling of any kind of goods across the border. In its application to the United States, this treaty will naturally put in the hands of the government at Washington information that has never been available before concerning liquor smuggled in from Canada.

It is expected that the formal exchange of ratification will be made within a month, and the services of the Canadian government will then supplement the efforts of our federal prohibition forces. Negotiations are under way with Mexico for a similar treaty.

Thus to a dry seacoast may be added a dry border, north and south. That is two-thirds of the enforcement problem. The other consist in drying up the chief sources of domestic supply. There is fresh activity, too, in that field, with the emphasis on the big fellows instead of the little ones.

Sharing A Garden

A well-to-do woman in New Jersey whose home includes a very extensive and beautiful garden has opened it for the summer to the local Girl Scout troops for their nature study classes. The garden is a lively example of what may be done in a home garden with the common flowers of fields and woods.

If the teachers of those nature study groups are alive to their opportunities, almost as much may be learned and enjoyed in that garden as in a natural woods. There will be the flowers and trees and grasses; there will be birds and bees and butterflies, and there will be peacefulness and beauty treated lovingly and carefully instead of trampled and abused.

It is easy to understand why the owners of beautiful, well-kept gardens cannot open them indiscriminately to the whole public. But there should be more such public-spirited garden-lovers who have the generosity and faith to show their gardens in this way to groups of boys or girls or grown-ups.

Lazy People

Dr. Guy E. Manning, of San Francisco, tells a medical convention that labor-saving devices are making the American housewife lazy.

"Every man is anxious to spare his wife unnecessary labor," he says, "but for her own good she should take some exercise."

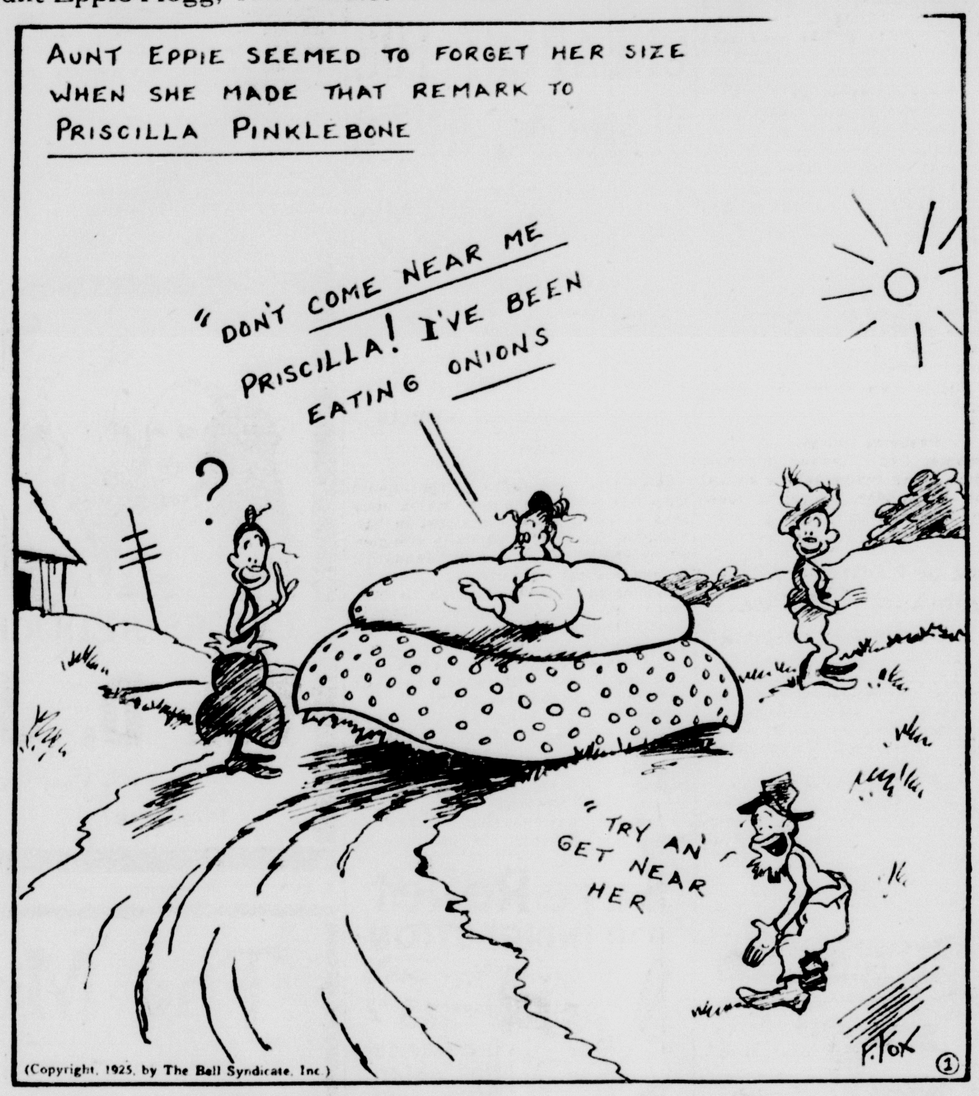

But Dr. Manning is fair-minded. Men, he admits, need the same kind of scolding, because many of them are downright lazy. "They'd rather wait a few minutes for an elevator to take them to the second floor than climb a few steps. They'd never think of walking a few blocks when a street car or automobile is handy."

There's a lot of truth in it. And lazy bodies make lazy minds. It may be that "what this country needs" is exercise.

The trouble with American business, says Babson, is too much manufacturing capacity and too many retailers. First thing he knows, somebody will be saying it's simply not enough consumers, and demanding a higher birth rate and more immigration.

It looks sometimes as if the leading American diversion is murder trials.

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, June.—Hotel skippers and tricksters cost New York hotels huge sums daily. The hotel beat is the polished nob of crookdom. He must have a front—usually flashy habilaments and a suave manner. As a rule he works alone.

A hotel's greatest asset is hospitality. This makes it easy sailing for the crook to establish himself. A nifty bit of luggage filled with telephone books will often permit him to pyramid a $400 account in a week. The patron who receives no mail is looked upon with suspicion.

The skilled beat avoids this suspicion by writing letters and sending telegrams to himself. His source of cash revenue is usually from C. O. D. packages which are later pawned. Few hotels will today advance cash unless the patrons reliability has been thoroughly established.

Small side street hotels are rarely victimized. The large and palatial inn is the beats meat. He can take advantage of the shifting transient trade and the lack of conspicuousness engendered in the smaller place. A hotel association has a trained crew of sleuths to run down shippers.

Most of them eventually are caught but one woman known in hoteldom as "The Streak" has beaten the game for many years. She has tact, initiative and a winning personality. She has flattered a long line of cashiers out of sound money.

Her methods are rather oblique. She carries no baggage. Reservations are made by a pseudo male secretary. He gives the name of some important personage usually a stage or movie star. She does not want to appear in the public dining rooms or foyers. He calls for the key. She slips into the room.

Batches of mail and telegrams arrive. She phones for them to be sent to her suite. She has the cashier send her money and pay for multitudinous C. O. D. packages. She leaves sometimes within a day and no one save perhaps a floor maid or floor clerk has seen her. She is a lightning worker.

There are, it is estimated, some 2,000 men in New York who are not wearing hats this summer. A theatrical producer with thinning crown started the idea about five years ago. Eighten men in dinner clothes were at a mid-town roof garden in one evening without head covering. The sale of straw hats this summer in the metropolis reached its lowest ebb. It was not only because so many were not wearing hats but because a large number were not wearing straws.

The heaviest loss—pardon our agonizing sobs—is falling on the Greek hat snatchers. The hatless hordes seem to take a fiendish delight in walking past and tossing a ha-ha their way enroute to lunch or dinner.

The hat checkers like the French gambling house croupiers wear pocketless clothes and in some instances are forced to strip, leaving everything behind and walk to another room for their street clothes when through work. Even this system has not proven air tight. A spotter one night stopped a man he suspected of being a confederate, grabbed off his silk hat and found bags of silver attached inside totaling $40. He had been a nightly visitor for many weeks checking his hat, idling awhile in the lounging rooms and then departing.

Irvin Cobb is said to be the highest paid short story writer—at a figure reputed to be between $3,500 and $4,000 for each tale. Fifteen years ago $500 was considered a big price and when $1,000 was reached that was thought to be top hole. O. Henry sold many short stories for $50. And at times $20—C. O. D.

HASKIN'S LETTER

BY FREDERIC J. HASKIN

What America Produces.

WASHINGTON, D. C., July 1.—The reason that the rest of the world is so anxious to have the United States join some international arrangement which will aid in maintaining world peace and administer economic aid is that our country today is the wonder of history from the point of view of progress and material prosperity. An examination of figures showing where we stand economically can not be made without absolute amazement. No nation previously in the entire history of the world has made the strides which have been made by Americans. Those in America who are considered relatively poor would be regarded as fortunate in many foreign lands.

The population of the United States is estimated at only 6.2 per cent of the total population of the world. Yet when it is realized what that small percentage of humans controls it appears that this is a wonder country. We have only 5.7 per cent of the land area of the world but on that land we have produced more than any other country has in the way of material wealth.

Probably the principal predominance is in the automotive industry. With but 6.2 per cent of the people of the world, the United States has 82.7 per cent of the automobiles. And many of the automobiles in use in other countries were made here and exported. There is a machine for nearly every American family. The car no longer is the luxury of the rich. Stenographers, plumbers, bricklayers, bootblacks—all walks of life—have them. Nowadays, when a contractor is erecting a building on which numerous workmen are employed, it frequently is his custom to rent an adjacent piece of land to provide parking space for the automobiles of his carpenters, masons and such other artisans. Ten years ago this would have been undreamed of here and so it is today in all other countries. England probably stands second in wealth to the United States but even there the workmen who has so much as a bicycle thinks himself prosperous.

Snappy Telephone Service.

The installed water power of the United States represents 37.9 per cent of all the installed water power of the world and yet this industry is merely in its infancy. Americans have 57.8 per cent of the telephone and telegraph facilities of the whole world. It is a curious fact, however, that there are more automobiles in the United States than there are telephones. While it is a popular pastime to criticize telephone service, the actual fact is that service here is far ahead of that in any other country. For instance, in Italy when one wants to call a number he puts in his call and then hangs up the receiver. He waits sometimes as much as an hour to get the connection. It takes about as much time to call the instrument across the street in Italy as it does to get a connection between New York and San Francisco in the United States.

American coal deposits amount to 43.5 per cent of the world's total. And of the world's petroleum, we have 71.9 per cent—nearly three quarters of the entire world's supply. Copper is one of the basic metals without which industry can not get along and of the world's supply the American nation has more than half—52.7 per cent. Lead is a metal which is growing rare. All the known lead mines of the world are being worked but the supply is diminishing. Lead is not being used save where it is indispensable. Zinc is being employed as a substitute wherever possible. Still, the United States can keep going longer than anyone else because we have 46.1 per cent of the world's lead.

Feed Ourselves and Others Too.

Almost every country in the world produces wheat, the basis for bread, the staff of life. Yet with only 5.7 per cent of the world's land area, we produce 21.3 per cent of its wheat and send huge quantities to other countries. Of other cereals the United States produces 32.2 per cent of the total supply of the world.

Despite the fact that for many years other nations have been carrying on campaigns looking to the increase in cotton production, the United States still produces more than half of the world supply. Fifty two per cent of this important staple comes from American plantations. Again, in lumber, the United States stands first with more than half—58.6 per cent—of the world's lumber cut to its credit.

Pig iron production of the United States amounts to 60.2 per cent of that of the whole world. From this pig iron is made 59.8 per cent of all the steel produced.

Americans are tremendous consumers of paper. Recently a British humorist who came to this country to write about American manners and customs and institutions, declared that no one here could have a Sunday paper unless he either were wealthy enough to hire plenty of help or was married and had a couple of strong arms. No man, single-handed, he said, could bring a Sunday paper into the house. It would be too heavy and unwieldly for him. That is a humorous exaggeration but it is true that the tremendous consumption of paper in this country causes 6.2 per cent of the world's population to produce for its own use 57.4 per cent of all the paper made.

The predominance of the country in automobiles results naturally in a relative consumption of rubber for tires. Although rubber is not now raised here, American people consume 70.9 per cent of all the rubber produced in the whole world.

All of these figures, compiled from official sources, show that the United States is a country well worth being allied with and well worth living in. Its place in the sun is secure of its citizens maintain stoutly its institutions and put up a united opposition to those who would materially change or destroy its form of government.

During last winter there were 47 days when the wind blew a gale in the English Channel.

School Superintendents Exchange Places

By a queer turn of fate, East Liverpool and New Philadelphia will exchange school superintendents on September 1.

F. P. Geiger, for eight years chieftain of the schools here, will become head of the Tuscarawas county town's educational system, while his predecessor, Charles S. McVay, will become his successor in East Liverpool.

Mr. McVay, who has been New Philadelphia's superintendent for approximately three years, was elected to fill the vacancy caused by Mr. Geiger's resignation at Monday night's session of the board of education by a vote of three to two. He was chosen for a four-year term from a field of 80 candidates.

The retiring East Liverpool school head advised the board of education here that he was not a candidate for re-election after he had been unanimously selected by the New Philadelphia board for a five-year term. He was not an applicant for the latter place, but accepted the appointment.

The new school chieftain here is 52 years old, married and has one daughter. He was superintendent for nine years at Bellaire, spent a few years at Ambridge, Pa., then went to Mingo Junction, from where he was called to the New Philadelphia post, where inquiry showed he had made a good record.

His predecessor, also married and a father, had many years' experience, teaching in Lancaster and Carrollton and serving five years as high school principal and 15 years as superintendent in Dover, before his election in East Liverpool, where his work won much commendation. He, too, has been honored with election as president of the Ohio Teachers' association.

Both men are well qualified. And if any ill-feeling has been created by the selections, it should be forgotten in the respective cities. For the best interests of the schools, harmony is essential. The newly chosen East Liverpool and New Philadelphia superintendents should have the whole-hearted support of their boards of education as well as the people of their home communities.

A Dry Border

It seems to have escaped general notice that the United States senate in the last session ratified a liquor treaty with Canada. It was not labeled a liquor treaty, but it amounts to that.

The compact was designed for mutual protection of the two countries against smuggling. It provided for the exchange of information by the two governments regarding the smuggling of any kind of goods across the border. In its application to the United States, this treaty will naturally put in the hands of the government at Washington information that has never been available before concerning liquor smuggled in from Canada.

It is expected that the formal exchange of ratification will be made within a month, and the services of the Canadian government will then supplement the efforts of our federal prohibition forces. Negotiations are under way with Mexico for a similar treaty.

Thus to a dry seacoast may be added a dry border, north and south. That is two-thirds of the enforcement problem. The other consist in drying up the chief sources of domestic supply. There is fresh activity, too, in that field, with the emphasis on the big fellows instead of the little ones.

Sharing A Garden

A well-to-do woman in New Jersey whose home includes a very extensive and beautiful garden has opened it for the summer to the local Girl Scout troops for their nature study classes. The garden is a lively example of what may be done in a home garden with the common flowers of fields and woods.

If the teachers of those nature study groups are alive to their opportunities, almost as much may be learned and enjoyed in that garden as in a natural woods. There will be the flowers and trees and grasses; there will be birds and bees and butterflies, and there will be peacefulness and beauty treated lovingly and carefully instead of trampled and abused.

It is easy to understand why the owners of beautiful, well-kept gardens cannot open them indiscriminately to the whole public. But there should be more such public-spirited garden-lovers who have the generosity and faith to show their gardens in this way to groups of boys or girls or grown-ups.

Lazy People

Dr. Guy E. Manning, of San Francisco, tells a medical convention that labor-saving devices are making the American housewife lazy.

"Every man is anxious to spare his wife unnecessary labor," he says, "but for her own good she should take some exercise."

But Dr. Manning is fair-minded. Men, he admits, need the same kind of scolding, because many of them are downright lazy. "They'd rather wait a few minutes for an elevator to take them to the second floor than climb a few steps. They'd never think of walking a few blocks when a street car or automobile is handy."

There's a lot of truth in it. And lazy bodies make lazy minds. It may be that "what this country needs" is exercise.

The trouble with American business, says Babson, is too much manufacturing capacity and too many retailers. First thing he knows, somebody will be saying it's simply not enough consumers, and demanding a higher birth rate and more immigration.

Yet when it is realized what that small percentage of humans controls it appears that this is a wonder country. We have only 5.7 per cent of the land area of the world but on that land we have produced more than any other country has in the way of material wealth.

Probably the principal predominance is in the automotive industry. With but 6.2 per cent of the people of the world, the United States has 82.7 per cent of the automobiles. And many of the automobiles in use in other countries were made here and exported. There is a machine for nearly every American family. The car no longer is the luxury of the rich. Stenographers, plumbers, bricklayers, bootblacks—all walks of life—have them. Nowadays, when a contractor is erecting a building on which numerous workmen are employed, it frequently is his custom to rent an adjacent piece of land to provide parking space for the automobiles of his carpenters, masons and such other artisans. Ten years ago this would have been undreamed of here and so it is today in all other countries. England probably stands second in wealth to the United States but even there the workmen who has so much as a bicycle thinks himself prosperous.

Snappy Telephone Service.

The installed water power of the United States represents 37.9 per cent of all the installed water power of the world and yet this industry is merely in its infancy. Americans have 57.8 per cent of the telephone and telegraph facilities of the whole world. It is a curious fact, however, that there are more automobiles in the United States than there are telephones. While it is a popular pastime to criticize telephone service, the actual fact is that service here is far ahead of that in any other country. For instance, in Italy when one wants to call a number he puts in his call and then hangs up the receiver. He waits sometimes as much as an hour to get the connection. It takes about as much time to call the instrument across the street in Italy as it does to get a connection between New York and San Francisco in the United States.

American coal deposits amount to 43.5 per cent of the world's total. And of the world's petroleum, we have 71.9 per cent—nearly three quarters of the entire world's supply. Copper is one of the basic metals without which industry can not get along and of the world's supply the American nation has more than half—52.7 per cent. Lead is a metal which is growing rare. All the known lead mines of the world are being worked but the supply is diminishing. Lead is not being used save where it is indispensable. Zinc is being employed as a substitute wherever possible. Still, the United States can keep going longer than anyone else because we have 46.1 per cent of the world's lead.

Feed Ourselves and Others Too.

Almost every country in the world produces wheat, the basis for bread, the staff of life. Yet with only 5.7 per cent of the world's land area, we produce 21.3 per cent of its wheat and send huge quantities to other countries. Of other cereals the United States produces 32.2 per cent of the total supply of the world.

Despite the fact that for many years other nations have been carrying on campaigns looking to the increase in cotton production, the United States still produces more than half of the world supply. Fifty two per cent of this important staple comes from American plantations. Again, in lumber, the United States stands first with more than half—58.6 per cent—of the world's lumber cut to its credit.

Pig iron production of the United States amounts to 60.2 per cent of that of the whole world. From this pig iron is made 59.8 per cent of all the steel produced.

Americans are tremendous consumers of paper. Recently a British humorist who came to this country to write about American manners and customs and institutions, declared that no one here could have a Sunday paper unless he either were wealthy enough to hire plenty of help or was married and had a couple of strong arms. No man, single-handed, he said, could bring a Sunday paper into the house. It would be too heavy and unwieldly for him. That is a humorous exaggeration but it is true that the tremendous consumption of paper in this country causes 6.2 per cent of the world's population to produce for its own use 57.4 per cent of all the paper made.

The predominance of the country in automobiles results naturally in a relative consumption of rubber for them. Although rubber is not now raised here, American people consume 70.9 per cent of all the rubber produced in the whole world.

All of these figures, compiled from official sources, show that the United States is a country well worth being allied with and well worth living in. Its place in the sun is secure of its citizens maintain stoutly its institutions and put up a united opposition to those who would materially change or destroy its form of government.

During last winter there were 47 days when the wind blew a gale in the English Channel.

GLASS FACTORY SWEPT BY FIRE

Huntington Is Scene of Disastrous Blaze; Loss $500,000.

HUNTINGTON, W. Va., July 1.—One thousand men are out of work here today as a result of the half million dollar fire at the Charles Boldt glass plant last night.

Five warehouses, a power plant, a box factory and a stable were demolished. However, the main building escaped with little injury.

The fire was brought under control shortly before midnight. Firemen were hampered by low water pressure in fighting the blaze.

Officials of the company and the state fire marshal's office today began an investigation to determine the cause. The fire was believed to have been of incendiary origin.

The flames first broke out in one of the warehouses. Whipped by a high wind, they spread rapidly to other nearby buildings. All fire fighting apparatus was called.

Included in the loss are all the patterns for bottles manufactured by the company. These will be hard to replace, officials said.

HARRIMAN FIRM GETS ROAD BONDS

A syndicate headed by W. A. Harriman and company of New York was the successful bidder yesterday at Charleston for $6,000,000 of West Virginia state road bonds, on a basis which will represent a cost to the state of slightly over 4.15 percent. So close were the bids of this syndicate and of another headed by the National City company of New York, that it was necessary to figure the interest cost to the fifth decimal place to find a difference and bond salesmen present when the bids were opened figured that the difference was only about $600 in the cost to the state of borrowing the $6,000,000 on bonds, the last of which will be retired in 1950.

The successful bid calls for $1,850,000 in four percent bonds of which $350,000 will mature in 1947 and $500,000 each year from 1948 to 1950, and the remaining $4,150,000 in four and a quarter per cent bonds maturing $500,000 each year from 1939 to 1946. For these the successful bidders offered a premium of $540.

The syndicate headed by the National City company offered 60 ppremium for $1.800000 four per cent bonds, with $300,000 maturing in 1947 and $500,000 each year in the years 1948 to 1950 and the remaining $4,200,000 at four and a quarter per cent maturing 500,000 each year from 1923 through 1946. The other members making this bid were Harris Forbes and Company, Brown Brothers and Company, F. S. Calkins and Company, and the Kanawha Valley Bank of Charleston.

RICH MIXTURE CHEAPEST FOR STARTING AUTO

U. S. Bureau Tests May Prompt Changes in Carbureation.

COLD DAY HINTS

Fussy Motorists Wrong, Government Experts Claim.

WASHINGTON, June.—Experiments with automobile engines, which may lead to revolutionary changes in carburetion, have been partially completed by the U. S. Bureau of Standards, it was learned recently.

Smashing present theories to bits, came the flat declaration, following exhaustive experiments, that the richest gasoline mixture, up to a certain easily apparent maximum, is the most economical one with which to start an internal combustion motor.

"Pull out the choke; get the gas to the motor," was in effect the gist of advice given to motorists for quick starting, particularly on cold mornings, by the government engineers.

Fussy Motorists Wrong

The more gasoline that reaches the combustion chamber, within reason, the qnicker the motor will start and the more economical will be the gasoline consumption, they declared.

The ordinary motorist, who fusses with his lean mixture and sparingly uses the choke in an effort to conserve his gasoline when starting, is in reality extravagant, the experiments revealed.

The length of time required to start the motor with a lean mixture will more than offset the relatively large amount "poured" into the combustion chamber in one dose, which usually, it was found, is sufficient to start the car.

May Discard Carbureator.

The motor used in the experiments has no carburetor but is fed by small jests of pure gasoline. It starts and runs perfectly at all speeds.

Although experiments along those lines have not been completed, it was intimated that the time is not far distant when carburetors may be done away with entirely, supplanted by a straight gasoline line to the motor.

Unsatisfactory volume of sales at the Leipsig International Fair proved that German exports were being curtailed by high prices.

Duco Finishers
Uncle Sam Used Duco—Let Us!

Duco Your Car

What Is Duco Finish?
Duco is a a pyroxilin Lacquer manufactured by the Dupont Company, and is guaranteed to stand what no other finish has ever stood before, it has come out of the test tubes of Dupont chemists a radically new and vastly improved automobile finish.

What Is the Life of Duco Finish?
There is no question but that Duco finish on a car will easily outlast any other finish by far, in fact, in a great number of cases it has lasted the life of the car.

What is the Advantage of Duco Finish?
You can run a car finished with Duco through any kind of muck, leave it out all night in any kind of weather, allow grease or caustics to get on it, without harming it in any way, rub dust, grit, mud and alkali, etc., off with a dry cloth and it won't scratch it.

What Is the Cost of Duco Finish?
It costs a little more than paint, but that is offset by its lasting the life of three paint jobs, and your car is not tied up as long as in having it painted.

How We Put Duco Finish On:
The car is stripped of paint since Duco absolutely will not stick to a background which has the slightest bit of paint or oil on it.
The surface of the car is cleaned down to the metal, after which it is sanded out twice, in order that the tiniest particle of dirt, dust or other substance may be removed.
Then the car is given three distinct washes, first with a rust killer most cars have a solid coat of rust under the original finish), then an alcohol and gasoline wash and finally a thorough cleansing with anylacetate.
With the surface in a state of positive cleanliness the car is ready for the first coat which is a metal primer. This is permitted to dry for 24 hours, after which two coats of Duco rough, as an undercoating of filler, are applied and these stand for 12 hours. It is vitally important that every crack be filled.
With the background prepared the task of "shooting" the Duco begins.

The actual finishing of a car in Duco requires care, coupled with experience in applying it properly, if you are to get the full benefit to be derived from Duco.

We Are Also Equipped to Do the Following:
Automobile painting, top trimming and upholstering, make an enclosed car your open car. Remove dents from body and fenders, replace glass in windshields and doors; eliminate rattles and squeaks; if your car is wrecked we make it new.
We are the only body rebuilders within fifty miles of East Liverpool.

For Real Artistic Auto Refinishing, Duco or Paint
No shop is better equipped or manned with better workmen. We are always pleased to have visitors call—because we know they leave FULLY CONVINCED that our workmanship is equal to new factory work—and they will tell their friends.
DUCO PAINT

Duco Your Car

What Is Duco Finish?
Duco is a a pyroxilin Lacquer manufactured by the Dupont Company, and is guaranteed to stand what no other finish has ever stood before, it has come out of the test tubes of Dupont chemists a radically new and vastly improved automobile finish.

What Is the Life of Duco Finish?
There is no question but that Duco finish on a car will easily outlast any other finish by far, in fact, in a great number of cases it has lasted the life of the car.

What is the Advantage of Duco Finish?
You can run a car finished with Duco through any kind of muck, leave it out all night in any kind of weather, allow grease or caustics to get on it, without harming it in any way, rub dust, grit, mud and alkali, etc., off with a dry cloth and it won't scratch it.

What Is the Cost of Duco Finish?
It costs a little more than paint, but that is offset by its lasting the life of three paint jobs, and your car is not tied up as long as in having it painted.

How We Put Duco Finish On:
The car is stripped of paint since Duco absolutely will not stick to a background which has the slightest bit of paint or oil on it.
The surface of the car is cleaned down to the metal, after which it is sanded out twice, in order that the tinest particle of dirt, dust or other substance may be removed.
Then the car is given three distinct washes, first with a rust killer most cars have a solid coat of rust under the original finish), then an alcohol and gasoline wash and finally a thorough cleansing with anylacetate.
With the surface in a state of positive cleanliness the car is ready for the first coat which is a metal primer. This is permitted to dry for 24 hours, after which two coats of Duco-rough, as an undercoating of filler, are applied and these stand for 12 hours. It is vitally important that every crack be filled.
With the background prepared the task of "shooting" the Duco begins.

The actual finishing of a car in Duco requires care, coupled with experience in applying it properly, if you are to get the full benefit to be derived from Duco.

We Are Also Equipped to Do the Following:
Automobile painting, top trimming and upholstering, make an enclosed car your open car. Remove dents from body and fenders, replace glass in windshields and doors; eliminate rattles and squeaks; if your car is wrecked we make it new.
We are the only body rebuilders within fifty miles of East Liverpool.

For Real Artistic Auto Refinishing, Duco or Paint
No shop is better equipped or manned with better workmen. We are always pleased to have visitors call—because we know they leave FULLY CONVINCED that our workmanship is equal to new factory work—and they will tell their friends.
DUCO PAINT
Either high polish semi-gloss or satin finish; any color. Better work than you thought possible on an old car.

Miss Phyllis Morgan And Earle Main of Columbus Wed Here

A pretty wedding was solemnized Monday afternoon at 3 o'clock in the First Methodist Protestant church, when Miss Phyllis Morgan, daughter of Mr. and Mrs. Edwin Morgan of Falconer's stop on the Y. & O., became the bride of Earle Main of Columbus. Rev. J. F. Dimit, pastor of the church, read the impressive ring ceremony.

The bride wore a gown of white satin trimmed with pearls and carried a bouquet of bride's roses. The bridal veil was held in place with orange blossoms.

Miss Ivy Morgan, a sister of the bride, was maid of honor. She wore a gown of orchid taffeta, trimmed with silver lace. Her corsage was of sweetpeas. The bride's maids were Miss Olive Cecil and Miss Bernice Finley. Miss Cecil wore pink flat crepe trimmed with cream lace and french knots, with a corsage bouquet of sweet peas. Miss Finley wore blue flat crepe trimmed with cream lace and French knots. Her corsage was made of sweetpeas.

The bride was given in marriage by her brother, Frederick Morgan. George Morgan of Montreal, Canada, also a brother of the bride, served as best man.

Following the ceremony, a wedding dinner was served at the home of the bride's parents, after which Mr. and Mrs. Main left for a honeymoon trip to Cleveland and other lake points.

Earle Main Sr., father of the bride groom, and Mrs. Alice Thoman, a sister of the bridegroom, and her son, Dale, of Mansfield, were the only out-of-town guests.

Cuban Mail Service Will be Improved By U. S. Government

WASHINGTON, July — Plans for expediting mail from the United States to Cuba have been completed by the two governments and will be put into effect July 1, according to American Trade Commissioner C. A. Livengood of Havana.

Beginning July 1, mail from this country will be cleared at Jacksonville, Fla., and made up for forwarding to 14 customs districts in Cuba, without being delayed in Havana. Heretofore mail to the interior of Cuba has been delayed by the practice of passing it through the Havana post-office before forwarding it to the various distributing zones.

AVERAGING ABOUT ONE-HALF PRICE.

We always did believe that the women of East Liverpool and surrounding communities were interested in real values but never have we had the pleasure of witnessing such an enthusiastic response to an announcement of Special Values as that which fell to our lot at the opening of our sale, today.

We did our best to serve our customers with the regular "Newman Efficiency" but unfortunately our Sales Force was inadequate to cope with the situation and many were prevented from participating in the most sensational festival of bargains held in the city for years.

But—It is not yet too late—tomorrow will be another day and with its coming we promise the same remarkable values, and a selection of styles, shades and materials from which you can choose at will with a certain assurance that you are obtaining values far above the ordinary.

Cuban Mail Service Will be Improved By U. S. Government

WASHINGTON, July — Plans for expediting mail from the United States to Cuba have been completed by the two governments and will be put into effect July 1, according to American Trade Commissioner C. A. Livengood of Havana.

Beginning July 1, mail from this country will be cleared at Jacksonville, Fla., and made up for forwarding to 14 customs districts in Cuba, without being delayed in Havana. Heretofore mail to the interior of Cuba has been delayed by the practice of passing it through the Havana post office before forwarding it to the various distributing zones.

The Closer You Figure Values—The More You'll Appreciate This Sensational July Sale of

New Summery Dresses

AVERAGING ABOUT ONE-HALF PRICE.

We always did believe that the women of East Liverpool and surrounding communities were interested in real values but never have we had the pleasure of witnessing such an enthusiastic response to an announcement of Special Values as that which fell to our lot at the opening of our sale, today.

We did our best to serve our customers with the regular "Newman Efficiency" but unfortunately our Sales Force was inadequate to cope with the situation and many were prevented from participating in the most sensational festival of bargains held in the city for years.

But—It is not yet too late—tomorrow will be another day and with its coming we promise the same remarkable values, and a selection of styles, shades and materials from which you can choose at will with a certain assurance that you are obtaining values far above the ordinary.

Wash Away Pounds of Fat Double Chins and Years of Age with La-Mar Reducing Soap

Shrinks the Skin as it Dissolves the Fat

The new discovery, La-Mar reducing soap, brings quick and amazing results. No dieting, no exercising, nothing to take internally. Reduce any part of the body at will without affecting any other part. La-Mar acts like magic on double chin, big abdomen, ugly, shapeless ankles, wrists and arms, large hips or breasts, or any superfluous fat on any part of the body or all over it. It is easy and pleasant to use and absolutely harmless—cleansing, cooling, soothing and effective. La-Mar Reducing Soap is sold on a money-back guarantee by C. G. Anderson and the Mathews Drug Store, and all good drug and department stores, or direct to you by prepaid parcel post if your dealer cannot supply you. Price 50c a cake or three cakes for $1.00; one to three cakes usually accomplish its purpose. You'll be surprised at results.

COOLIDGE BACK AT SWAMPSCOTT FROM VERMONT

President Resumes Work as Aged Father Gains Strength.

200-MILE TRIP

Executive's Auto Party Encounters Democratic Inconveniences.

By GEORGE E. DURNO.

SWAMPSCOTT, Mass., July 1.—Back at the summer White House here, after a dramatic race into the Green mountains of Vermont, where his aged father lay at the point of death, President Coolidge today looked forward hopefully to an uninterrupted resumption of his vacation plans.

The ordinary routine, involving disposition of official business, via Washington and temporary executive offices at Lynn and White Court, were entered into as usual.

Secretary to the President Saunders laid before the president a mass of reports and papers that had accumulated during the three days in Vermont and Erwin Geisser, personal stenographer, journeyed over to Swampscott to take dictation.

Father's Remarkable Recovery.

Mr. Coolidge is hopeful that no further trip to the old famil homestead at Plymouth will be necessary until late in the summer when he originally had planned to visit there for 10 days or two weeks.

The truly remarkable recovery of his father, Col. John Coolidge, from the serious illness that developed last week has enheartened him greatly.

Col. Coolidge is 80 years old, however. His heart is weak and he had just undergone a serious bladder operation.

Major James F. Coupal, the President's personal physician, remains behind at Plymouth and is reporting regularly to Swampscott.

Dr. Arthur L. Chute, Boston specialist, is scheduled to return to the bedside Thursday for an additional diagnosis to determine whether a second operation must be performed.

The President is holding himself in readiness to return to his boyhood home at once if necessary.

Forced to Pay Toll.

Yesterday's return to Massachusetts was rather unusual for a Presidential trip. Mr. and Mrs. Coolidge, on the more than 200-mile journey, encountered all the little democratic inconveniences that might befall any ordinary tourist.

Crossing the state line between Vermont and New Hampshire, the party was held up unceremoniously at a toll bridge where a most emphatic woman extracted 15 cents for each and every auto in line.

Following, the Coolidge caravan dropped in at a short order lunch room at Gilsum, N. H., and waited patiently for a large order of sandwiches and coffee.

Then, emulating most thourists, the party got lost repeatedy. In Lowell, Mass., a number of false starts were made before the correct route was located.

And it was in Lowell that the crowning blow came. The White House limousine had drawn up to the curb while "Robby," the chauffeur, asked directions.

Up walked a burly "copper," who, pointing to a no parking sign, bellowed sacrastically: "Can't you read? You can't park here. Move on. Move on.'

notice of acceptance of his application here.

In view of the preliminary work which must be done before the schools reopen, the board of education feels that the superintendent-elect should come to East Liverpool August 1. Superintendent Geiger has expressed a willingness to relinquish his post here on August 1 in order to take charge at New Philadelphia if arrangements can be made with the local board. He will go to the Tuscarawas county metropolis Thursday night to meet with the school board there.

President J. H. Brookes, who, with F. T. Weaver opposed the appointment of the New Philadelphia man, was out of the city today, and is not expected to return this week. Vice-President D. F. White will preside at Thursday night's session of the board.

brief response in which he touched upon the tournament.

Attorney Blaine H. Cochran discussed the work of aiding the crippled children. He said Ohio was the leader in the movement. Other states are now being organized for the work, largely through Ohio's initiative, he declared. Cochran recently organized the state of Pennsylvania for the hospitalization of cripples.

President Wells then turned the meeting over to Secretary H. B. Barth, who was the delegate of the local club to the International Rotary convention, held at Cleveland last week. Albert E. Frosch made a three-minute report on the meetings which took place on the second day of the convention. Other reports regarding the convention were postponed until a later meeting.

TODAY

(Continued from Page One)

midst of various crisis, financial and others, following the war.

Mr. Coolidge's accidental brief tenure of office following President Harding's death was not a presidential term. He sat in the president's chair when the president died, but did not become president on his own account, not in the sense in which Washington understood the presidency, until he was elected in November, 1924.

Third term talk will be postponed by sensible people until about 1930. Meanwhile, there is plenty of work for the people to do without worrying about distant issues. If the President carries the nation successfully through his FIRST elected term without serious mistake or setbacks, he will have rendered a great service to the United States and the people of his party, not being idiots, will ask him to take charge for four years more. Time enough after that to talk about a third term.

In Vienna, lectures in all languages will be given by professors from all countries. From Harvard to the Sorbonne, wisdom will pour into Vienna.

But all the teachers in the world will not teach Austrians as much as the war taught them in a short time.

War is the great educator. It teaches men what they most need to know, namely, that for human beings to cut each other's throats is not profitable, does not help victor or vanquished.

Sad hours in Wall street yesterday, when call money, with which men speculate went to 6 per cent, highest price since 1923. It is all right for business men to pay 6 per cent or more, all right for a railroad to pay 5 per cent and a good fat commission for a loan. But, Wall street likes cheap money, and worries when it doesn't get it.

The worries of the street are sometimes the opportunity of the wise man. Many things are selling too cheap on that list of stocks, but you cannot identify them by GUESSING. Keep away from gambling.

Fliers for the navy will map out the oil shale reserves in the United States starting with the mountains of Colorado.

The oil shale in that extraordinarily rich and fertile state holds in its stony embrace an amount of oil greater than all the world has used up to date.

Science some day will learn how to extract that oil economically. Then the oil problem will be solved for a few generations more.

Vote August 11

(Continued from Page One)

failed to qualify. They may have their names written on the ballot on primary day or they may file petitions 60 days prior to the November 3 election, or not later than September 4. Even if their names were written on the ballot and they failed to muster enough votes to win, this would not deprive them of the right to obtain places on the fall ballot by petition.

Attorney General's Ruling.

Attorney General Crabbe's ruling, which was transmitted to Secretary of State Thad H. Brown and, in turn, forwarded to Clerk Moore of the election board, says in part:

"Section 4949, of the general code, so far as applicable, reads as follows:

'Candidates for * * * all elective state, district, county and municipal offices, * * * shall be nominated or selected in such state, district, sub-division or municipality, in accordance with the provisions of this chapter. * * *.'

"Section 4950 reserves the right of nomination by petition, and section 4951 excepts from the operation of section 4949 townships and municipalities having a population less than two thousand. Since section 4951 is in the nature of an exception to a general rule, its provisions must be strictly construed. It is apparent, therefore, that section 4951 cannot in any sense apply in the present case.

"While it is true that certain territory which is included in the township of Liverpool is also a part of the municipal court district of East Liverpool, and while it is true that no primary will be held in Liverpool township for the election of township officers, this does not prevent the operation of section 4949 to require a primary in the entire judicial district, including the territory in the township for the purpose of nominating candidates for clerk and judge of the municipal court.

"In case no declarations of candidacy are filed for either position, it will be the duty of the deputy state supervisors of elections to provide a ballot with blank spaces so that names of nominees may be written in. It will be necessary for the deputy state supervisors and inspectors of elections to provide a place for voting at said primary election in the same way as though a township primary had been held.

"If nominations are to be made by petition under section 4996, of the general code, those petitions may be signed not only by residents of the territory which comprises Liverpool township, but also from the territory wthin the municipality of East Liverpool. It is apparent, of course, that so far as the November election is concerned, the ballot for municipal judge must be a non-partisan ballot, and the ballot for clerk of court will appear under the proper designation if there is a nomination by a political party."

Sale of Fireworks Opens Here; Permits Given 50 Dealers

Fireworks went on sale in East Liverpool today.

Under a city ordinance, dealers are permitted to sell fireworks from July 1-4, inclusive. All dealers must have permits issued by Mayor Brown.

About 50 permits were issued today.

Police here have banned the sale of so-called cannon crackers, torpedoes, dynamite canes and blank cartridges. Permits of dealers who sell the explosives, forbidden by the authorities, will be revoked, Chief of Police McDermott said.

OHIO BOOTLEG "KING" IS GIVEN PRISON TERM

Columbus Man Fined $12,000 and Sent to Atlanta.

OTHERS ARE HIT

Federal Court Acts in Clean-up of District.

COLUMBUS, July 1—Michael DeAngelo, reputed "king" of Columbus bootleggers, today was sentenced by Federal Judge Hough to serve three years and one day in the federal penitentiary at Fort Leavenworth, Kansas, and to pay fines aggregating $12,000 following conviction on five counts of an indictment charging conspiracy to violate federal prohibition laws.

Three other defendants were sentenced to serve two years each in Atlanta federal penitentiary, another to serve 18 months at Atlanta, and four others to serve a total of 35 months in Ohio county jails.

Motions to permit release of the nine defendants on bond pending an appeal were denied. DeAngelo and his eight confederates will start this afternoon on journeys to the two penitentiaries and four county jails. These sentences were the most severe ever imposed in the federal district court here for violations of the prohibition laws, it was stated.

"This is the first objective in our fight to check wholesale bootlegging in this federal judicial district" United States District Attorney Haveth E. Mau, Cincinnati, said. "The government has information of the existence of other similar rings. We will proceed against them at once, and if facts are presented to us, showing other violations, we will proceed at once against these violators."

ITALIAN DEBT PARLEY FAILS

Conference Breaks up Without Tangible Results.

WASHINGTON, July 1.—Members of the World War Debt Funding commission did their best today not to show too much disappointment over the breaking up of the debt negotiations with Italy, but it was no secret in official quarters that hopes for a prompt settlement of the two billion dollar Italian debt have been dissipated.

Spokesmen for the commission at the Treasury declared that progress had been made in the three meetings of the debt negotiators, but the reference was to the fact that Italy had acknowledged her debt and not to any tangible results, as no funding plan was submitted before *the conference adjourned* until August.

Secretary of State Kellogg had hoped that something definite could be accomplished in the preliminary meetings and with this in view he had gone so far as to tell the Italian ambassador that the United States expected payments to begin almost immediately and that this government would be opposed to granting an extended moratorium of initial payments. There was a feeling in diplomatic circles that by thus abruptly communicating the administration's attitude to the Italians to head off proposals for delay, Kellogg probably had precipitated the early adjournment of the first meetings.

Ohioan is Slain As Wife Rides in Another Man's Car

MANSFIELD, O., July 1.—Carl Lueth, 33, of Sandusky, was murdered at midnight last night six miles west of here, and Sheriff Fred Sells is directing a state-wide search for Charles Shew, who is alleged to have fired the fatal shot from a 38-calibre revolver. Lueth's widow, who, it is alleged, had been living with Shew on the little farm where the murder took place since she left her husband 10 days ago, is held at city prison as a material witness.

Lueth was shot as he jumped on the running board of the touring car driven by Shew, who had Mrs. Leuth as his companion. As Leuth fell, mortally wounded, Shew is alleged to have stepped on the gas and with the woman still beside him, headed the machine for Crestline. Reaching there the woman telephoned to the Mansfield hospital. Sheriff Bells answered the telephone and told her to come to Mansfield at once. She hired a taxicab and hurried to this city but her husband died shortly after her arrival and she was placed under arrest.

MRS. SMYINGTON WINS IN COURT

NEW YORK, July 1.—Mrs. Ida May Symington today won her fight against the divorce proceedings brought by her millionaire husband, Thomas H. Symington, New York and Baltimore manufacturer, when Supreme Court Justice John Ford dismissed all of the charges of misconduct brought against her.

He then dismissed the jury, declaring that all through the case he "doubted all the allegations except those covered in the direct testimony of Talbot Chambers."

Chambers, a coal operator, and Maurice Fatio, an architect, were the men with whom Symington charged his wife had intimate relations.

morning to the city's request for $2,000,000 for immediate relief.

San Francisco gave $50,000, Los Angeles $10,000 and promises to aid from cities in every state poured into Santa Barbara.

Trickling into the wrecked city from all parts of the world over wobbly telegraph wires messages of encouragement cheered the half-demolished mission town.

Face Menace of Looting.

While reconstruction work was rushed today Santa Barbara faced a new menace.

Hundreds of looters, thugs and bandits were reported to have invaded the city and were attempting to reap rich profits in the damaged sections of the city. Despite careful patrolling the marauders were said to have broken through the police lines around the city and to have started looting.

The thugs, according to police, came here from Los Angeles, San Francisco and other coast cities, following reports that jewels, money and costly store stocks filled the brick-strewn streets.

While wholesale looting has not been reported, should the situation become worse in this respect, it was expected actual martial law would be declared. Semi-martial law, with city and military authorities co-operating, has been in effect since a few hours after the disaster.

Four companies of marines from Fort MacArthur, Los Angeles, were scheduled to arrive here today and will relieve Los Angeles policemen rushed here for duty.

Santa Ynez Valley Unharmed.

Hundreds of residents of the city were relieved this morning when telephone communication was made with nearby Santa Ynez valley and it was learned the earthquake had done only small damage in that section.

The Santa Ynez valley is an isolated section and since Monday rumors have circulated that great damage had been done there.

Quake-stricken Santa Barbara *was today a transformed city again.*

Refreshed after their first sleep in many terror filled hours, thousands of the city's residents plunged into the huge task of reconstruction.

Business houses were opened in the re-districted area where the big penalty was paid by buildings, and other sections.

The city's banks opened in a combined temprary institution. Huge gangs of men cleared the cracked streets of debris and others worked in the ruins in a new search for the dead.

The Van Ness, where two unidentified men were reported killed, and other hotels and wrecked structures were searched.

Mayor Brown Guest At Airport Opening In Cleveland Today

Mayor and Mrs. Charles Brown left this morning to attend the formal opening of Cleveland's new airport, marking the inauguration of air mail service on the New York-Cleveland-Chicago section of the transcontinental air mail route, which is being held in the Forest City today.

At a luncheon served in the public auditorium at noon, representatives of the United States government and the aircraft industry were guests. An exhibition of night flying over the new field and a reception for the first plane flying from Chicago to New York is scheduled for tonight.

REPORTS FROM STOCK MARKET

NEW YORK, July 1.—Industrial and motor stocks continued their vigorous forward price movement in the early trading today. While practically all of Tuesday's leaders were prominent in this rally, new leaders were developed in the specialty group, as well as in the oil and railroad shares. Woolworth's 6-point jump to 157½, for a total gain of 13 points from yesterday's low and American Can's new advance to 199 were the features of the first period. Baldwin also exhibited unusual strength in this period, selling up to 117½, a gain of 6 points over yesterday's low.

Bullish traders occupied an advantageous position in having the average price of industrial stocks at a new high for the year and a crowded short position in a number of the most active industrial stocks. Recent attempts to cover these shorts have resulted in the skyrocketing of prices, particularly in stocks in which the floating supply is known to be small.

Trading in the first hour was at a high tension, with the volume of sales considerably above the average of the last 10 days. Mack Trucks sold about 3 points higher, Cast Iron Pipe, General Electric and other active industrials made moderate gains in heavy trading. Frisco common and Rock Island led a good rally in the rails, while Independent Oil and Gas featured the oils with an advance at around 42.

COOLIDGE BACK AT SWAMPSCOTT FROM VERMONT

President Resumes Work as Aged Father Gains Strength.

200-MILE TRIP

Executive's Auto Party Encounters Democratic Inconveniences.

By GEORGE E. DURNO.

SWAMPSCOTT, Mass., July 1.—Back at the summer White House here, after a dramatic race into the Green mountains of Vermont, where his aged father lay at the point of death, President Coolidge today looked forward hopefully to an uninterrupted resumption of his vacation plans.

The ordinary routine, involving disposition of official business, via Washington and temporary executive offices at Lynn and White Court, were entered into as usual.

Secretary to the President Saunders laid before the president a mass of reports and papers that had accumulated during the three days in Vermont and Erwin Geisser, personal stenographer, journeyed over to Swampscott to take dictation.

Father's Remarkable Recovery.

Mr. Coolidge is hopeful that no further trip to the old famil homestead at Plymouth will be necessary until late in the summer when he originally had planned to visit there for 10 days or two weeks.

The truly remarkable recovery of his father, Col. John Coolidge, from the serious illness that developed last week has enheartened him greatly.

Col. Coolidge is 80 years old, however. His heart is weak and he had just undergone a serious bladder operation.

Major James F. Coupal, the President's personal physician, remains behind at Plymouth and is reporting regularly to Swampscott.

Dr. Arthur L. Chute, Boston specialist, is scheduled to return to the bedside Thursday for an additional diagnosis to determine whether a second operation must be performed.

The President is holding himself in readiness to return to his boyhood home at once if necessary.

Forced to Pay Toll.

Yesterday's return to Massachusetts was rather unusual for a Presidential trip. Mr. and Mrs. Coolidge, on the more than 200-mile journey, encountered all the little democratic inconveniences that might befall any ordinary tourist.

Crossing the state line between Vermont and New Hampshire, the party was held up unceremoniously at a toll bridge where a most emphatic woman extracted 15 cents for each and every auto in line.

Following, the Coolidge caravan dropped in at a short order lunch room at Gilsum, N. H., and waited patiently for a large order of sandwiches and coffee.

Then, emulating most thourists, the party got lost repeatedly. In Lowell, Mass., a number of false starts were made before the correct route was located.

And it was in Lowell that the crowning blow came. The White House limousine had drawn up to the curb while "Robby," the chauffeur, asked directions.

Up walked a burly "copper," who, pointing to a no parking sign, bellowed sacrastically: "Can't you read? You can't park here. Move on. Move on.'

notice of acceptance of his application here.

In view of the preliminary work which must be done before the schools reopen, the board of education feels that the superintendent-elect should come to East Liverpool August 1. Superintendent Geiger has expressed a willingness to relinquish his post here on August 1 in order to take charge at New Philadelphia if arrangements can be made with the local board. He will go to the Tuscarawas county metropolis Thursday night to meet with the school board there.

President J. H. Brookes, who, with F. T. Weaver opposed the appointment of the New Philadelphia man, was out of the city today, and is not expected to return this week. Vice-President D. F. White will preside at Thursday night's session of the board.

Attorney Blaine H. Cochran discussed the work of aiding the crippled children. He said Ohio was the leader in the movement. Other states are now being organized for the work, largely through Ohio's initiative, he declared. Cochran recently organized the state of Pennsylvania for the hospitalization of cripples.

President Wells then turned the meeting over to Secretary H. B. Barth, who was the delegate of the local club to the International Rotary convention, held at Cleveland last week. Albert E. Frosch made a three-minute report on the meetings which took place on the second day of the convention. Other reports regarding the convention were postponed until a later meeting.

midst of various crisis, financial and others, following the war.

Mr. Coolidge's accidental brief tenure of office following President Harding's death was not a presidential term. He sat in the president's chair when the president died, but did not become president on his own account, not in the sense in which Washington understood the presidency, until he was elected in November, 1924.

Third term talk will be postponed by sensible people until about 1930. Meanwhile, there is plenty of work for the people to do without worrying about distant issues. If the President carries the nation successfully through his FIRST elected term without serious mistake or setbacks, he will have rendered a great service to the United States and the people of his party, not being idiots, will ask him to take charge for four years more. Time enough after that to talk about a third term.

In Vienna, lectures in all languages will be given by professors from all countries. From Harvard to the Sorbonne, wisdom will pour into Vienna.

But all the teachers in the world will not teach Austrians as much as the war taught them in a short time.

War is the great educator. It teaches men what they most need to know, namely, that for human beings to cut each other's throats is not profitable, does not help victor or vanquished.

Sad hours in Wall street yesterday, when call money, with which men speculate went to 6 per cent, highest price since 1923. It is all right for business men to pay 6 per cent or more, all right for a railroad to pay 5 per cent and a good fat commission for a loan. But, Wall street likes cheap money, and worries when it doesn't get it.

The worries of the street are sometimes the opportunity of the wise man. Many things are selling too cheap on that list of stocks, but you cannot identify them by GUESSING. Keep away from gambling.

Fliers for the navy will map out the oil shale reserves in the United States starting with the mountains of Colorado.

The oil shale in that extraordinarily rich and fertile state holds in its stony embrace an amount of oil greater than all the world has used up to date.

Science some day will learn how to extract that oil economically. Then the oil problem will be solved for a few generations more.

failed to qualify. They may have their names written on the ballot on primary day or they may file petitions 60 days prior to the November 3 election, or not later than September 4. Even if their names were written on the ballot and they failed to muster enough votes to win, this would not deprive them of the right to obtain places on the fall ballot by petition.

Attorney General's Ruling.

Attorney General Crabbe's ruling, which was transmitted to Secretary of State Thad H. Brown and, in turn, forwarded to Clerk Moore of the election board, says in part:

"Section 4949, of the general code, so far as applicable, reads as follows:

'Candidates for * * * all elective state, district, county and municipal offices, * * * shall be nominated or selected in such state, district, sub-division or municipality, in accordance with the provisions of this chapter, * * *.'

"Section 4950 reserves the right of nomination by petition, and section 4951 excepts from the operation of section 4949 townships and municipalities having a population less than two thousand. Since section 4951 is in the nature of an exception to a general rule, its provisions must be strictly construed. It is apparent, therefore, that section 4951 cannot in any sense apply in the present case.

"While it is true that certain territory which is included in the township of Liverpool is also a part of the municipal court district of East Liverpool, and while it is true that no primary will be held in Liverpool township for the election of township officers, this does not prevent the operation of section 4949 to require a primary in the entire judicial district, including the territory in the township for the purpose of nominating candidates for clerk and judge of the municipal court.

"In case no declarations of candidacy are filed for either position, it will be the duty of the deputy state supervisors of elections to provide a ballot with blank spaces so that names of nominees may be written in. It will be necessary for the deputy state supervisors and inspectors of elections to provide a place for voting at said primary election in the same way as though a township primary had been held.

"If nominations are to be made by petition under section 4996, of the general code, those petitions may be signed not only by residents of the territory which comprises Liverpool township, but also from the territory within the municipality of East Liverpool. It is apparent, of course, that so far as the November election is concerned, the ballot for municipal judge must be a non-partisan ballot, and the ballot for clerk of court will appear under the proper designation if there is a nomination by a political party."

Sale of Fireworks Opens Here; Permits Given 50 Dealers

Fireworks went on sale in East Liverpool today.

Under a city ordinance, dealers are permitted to sell fireworks from July 1-4, inclusive. All dealers must have permits issued by Mayor Brown.

About 50 permits were issued today.

Police here have banned the sale of so-called cannon crackers, torpedoes, dynamite canes and blank cartridges. Permits of dealers who sell the explosives, forbidden by the authorities, will be revoked, Chief of Police McDermott said.

OHIO BOOTLEG "KING" IS GIVEN PRISON TERM

Columbus Man Fined $12,000 and Sent to Atlanta.

OTHERS ARE HIT

Federal Court Acts in Clean-up of District.

COLUMBUS, July 1—Michael DeAngelo, reputed "King" of Columbus bootleggers, today was sentenced by Federal Judge Hough to serve three years and one day in the federal penitentiary at Fort Leavenworth, Kansas, and to pay fines aggregating $12,000 following conviction on five counts of an indictment charging conspiracy to violate federal prohibition laws.

Three other defendants were sentenced to serve two years each in Atlanta federal penitentiary, another to serve 18 months at Atlanta, and four others to serve a total of 35 months in Ohio county jails.

Motions to permit release of the nine defendants on bond pending an appeal were denied. DeAngelo and his eight confederates will start this afternoon on journeys to the two penitentiaries and four county jails. These sentences were the most severe ever imposed in the federal district court here for violations of the prohibition laws, it was stated.

"This is the first objective in our fight to check wholesale bootlegging in this federal judicial district" United States District Attorney Haveth E. Mau, Cincinnati, said. "The government has information of the existence of other similar rings. We will proceed against them at once, and if facts are presented to us, showing other violations, we will proceed at once against these violators."

ITALIAN DEBT PARLEY FAILS

Conference Breaks up Without Tangible Results.

WASHINGTON, July 1.—Members of the World War Debt Funding commission did their best today not to show too much disappointment over the breaking up of the debt negotiations with Italy, but it was no secret in official quarters that hopes for a prompt settlement of the two billion dollar Italian debt have been dissipated.

Spokesmen for the commission at the Treasury declared that progress had been made in the three meetings of the debt negotiators, but the reference was to the fact that Italy had acknowledged her debt and not to any tangible results, as no funding plan was submitted before *the conference adjourned* until August.

Secretary of State Kellogg had hoped that something definite could be accomplished in the preliminary meetings and with this in view he had gone so far as to tell the Italian ambassador that the United States expected payments to begin almost immediately and that this government would be opposed to granting an extended moratorium of initial payments. There was a feeling in diplomatic circles that by thus abruptly communicating the administration's attitude to the Italians to head off proposals for delay, Kellogg probably had precipitated the early adjournment of the first meetings.

Ohican is Slain As Wife Rides in Another Man's Car

MANSFIELD, O., July 1.—Carl Lueth, 33, of Sandusky, was murdered at midnight last night six miles west of here, and Sheriff Fred Sells is directing a state-wide search for Charles Shew, who is alleged to have fired the fatal shot from a 38-calibre revolver. Lueth's widow, who, it is alleged, had been living with Shew on the little farm where the murder took place since she left her husband 10 days ago, is held at city prison as a material witness.

Lueth was shot as he jumped on the running board of the touring car driven by Shew, who had Mrs. Leuth as his companion. As Leuth fell, mortally wounded, Shew is alleged to have stepped on the gas and with the woman still beside him, headed the machine for Crestline. Reaching there the woman telephoned to the Mansfield hospital. Sheriff Bells answered the telephone and told her to come to Mansfield at once. She hired a taxicab and hurried to this city but her husband died shortly after her arrival and she was placed under arrest.

MRS. SMYINGTON WINS IN COURT

NEW YORK, July 1.—Mrs. Ida May Symington today won her fight against the divorce proceedings brought by her millionaire husband, Thomas H. Symington, New York and Baltimore manufacturer, when Supreme Court Justice John Ford dismissed all of the charges of misconduct brought against her.

He then dismissed the jury, declaring that all through the case he "doubted all the allegations except those covered in the direct testimony of Talbot Chambers."

Chambers, a coal operator, and Maurice Fatio, an architect, were the men with whom Symington charged his wife had intimate relations.

VISITING JUDGE TO COME HERE

Number of Important Cases Will be Tried Soon.

That a visiting judge will be asked to be assigned to this county during the latter part of the month has been indicated by Judge James G. Moore, because of several important cases on the docket.

One of these actions is that of Moyer Bros., of East Liverpool against May Mosby, an injunction proceeding, which has been remanded to common pleas for further hearing by the court of appeals, the opinion of the latter being handed down recently in Cleveland.

As Judge Moore has already passed upon this issue, he has intimated that the case will be presented from the record to another jurist.

The case of W. R. Phillips as county treasurer against Joseph Greenwood for the recovery of $39.47 claimed due as delinquent tax, the action has been dismissed by the court at the costs of the plaintiff.

A settlement out of court has been announced in the case of the United States Tent & Awning company against Walter L. Main, which was for the recovery of property. The costs in the action have been paid.

In the case of County Treasurer Jo Pike against J. H. McCoy and others, for the foreclosure of a tax lein, and the sale of real estate, the case has been dismissed and the costs paid as it relates to William Highes.

A new appraisement and sale has been ordered in the foreclosure case filed by Cynthia A. Hiveley against Robert S. Dilworth, wherein $1,800 was claimed due. When the property was first offered for sale there was no bidders, and as a result another appraisement has to be made.

Dismissal for failure to file a petition and want of prosecution is the record in the case of Paul Furnisch against William Warrick, carried to common pleas court on appeal from a court of the justice of the peace, and wherein the plaintiff claimed the defendant was indebted to him for $5.75 for work and labor.

Leave has been granted the plaintiff to file a demurrer in the case of William A. Calhoun against P. V. Mackall and others, which is an action to recover money claimed due on promissory notes.

In the case of the Union Savings & Loan Co., against Carl and Minnie Klem, a foreclosure action to recover $1,940.64, the court has confined the sale, and a deed and distribution ordered.

Leave to file an amended petition has been granted by the court in the case of Robert E. Johnston and others against the Savage Fire Clay Co., and others. Sadie Bell Cronin has been made a party defendant in this action.

Marie Bard, who has been sued for $10,000 damages by Kathryn Cody, of Salem, for alleged injury to her reputation, has been granted leave until July 11 to file an answer to the petition.

E. P. Funkhauser, J. W. Weaver and Charles S. Keller have been named commissioners by the court in the partition case filed by Lydia C. Nichols against J. W. Vanskiver, guardian, etc. A divorce of partition has been granted by the court in this cause.

A decree of partition as prayed for has also been granted in the case of Walter McGeehan against Clarence McGeehan and others. The commissioners appointed by the court are Samuel McCormick, Verne Seward and Merlin Todd.

Judgment for $132.07 on a cognovit note has been entered by the court in the case of the First National bank of East Palestine against R. A. Pow and H. W. Hammond, and at the costs of the plaintiff.

DOG LICENSE LAW EFFECTIVE SOON

The penalty for failure to take out a dog license for 1925 will go into effect July 16, according to a law that was passed by the last legislature, the penalty being in addition to the regular cost of the license.

"It is mandatory that this law be enforced," declared Deputy Tax Collector Randall Hamilton, "and as a result we'll be compelled to add this penalty to all those who take out a license on or after July 16."

There have been 4,464 dog licenses issued so far, this number being about 60 per cent of number of dogs being in the county. Just as soon as the June tax records are checked over, and those reporting dogs not having paid a license, charges will also be filed against such owners who have failed to take out the license, as has been done in a number of instances already.

TWO DIVORCE ACTIONS FILED

Emelia Andrews of Salem has filed a petition for divorce in common pleas court against her husband, John V. Andreds.

About $4,000 which Andrews has in Salem banks and building and loan associations has been tied up by a temporary restraining order granted by Judge James G. Moore.

The couple were married in Transylvania Feb. 10, 1891. The petitioner relates that her husband struck and threatened to kill her.

George McElhaney, residing at 157 East Pershing avenue, Salem, has been sued for divorce by his wife who claims that she was ordered from her home by her husband.

They were married at New Cumberland, W. Va., Nov. 28, 1922. A divorce, alimony and custody of their child is sought by the petitioner.

Marriage License Issued.

A marriage license has been issued to Raymon O. Smith, a railroad fireman residing at Salineville, and Minnie Hetherington, also of Salineville, and employed as a telephone operator. The couple were married at the parsonage of the Lisbon United Presbyterian church by the Rev. J. M. Cameron.

Divorce Sought.

In the divorce petition filed in common pleas court by Attorney J. E. Bauknecht in behalf of Mrs. Anna Cochran against her husband, Edward K. Cochran, of East Palestine, it is charged that Cochran entertained his friends at his home at drinking parties.

They were married at Greensburg, Pa., Oct. 10, 1914. Temporary alimony is sought, also the custody of children upon final hearing.

Attachment Proceedings.

An attachment proceeding has been filed in common pleas court by William Reuff against C. L. Brumbaugh, residing at Bellwood, Pa., who claims $974.12 due him for work and labor in a mine operated by the defendant on the Pollock farm in this county.

Injunction Bond Fixed.

In the injunction sought for in the petition filed in common pleas court by Frank C. Kinnear against J. F. Johnston of New Waterford, the court has set the bond at $100. In this case Kinnear seeks to have Johnston enjoined from selling any property of the plaintiff to satisfy a judgment for $40 the defendant obtained against the plaintiff last year.

Divorce Granted.

A decree of divorce has been granted Florence E. Mercer of East Liverpool against William E. Mercer, and the court has ordered the defendant to pay his former wife $6 per week for the support of a minor child. The custody of the child has also been given the mother.

Land Leased.

The village of Lisbon has taken a long term lease on 79.43 acres of the Elliott farm in Centre township for water well drilling purposes, the lease calling for the payment of $100 per annum by the board of public affairs.

At a recent meeting of council it was explained that it was the intent of the board of public affairs to drill additional wells from time to time, and the new agreement, with the El-

Case Dismissed.

The divorce action filed several months ago by Rosales Conja against Safron Conja has been dismissed from the court records in common pleas on a motion filed by the plaintiff. The temporary restraining order previously granted by the court in this cause has been dissolved.

Homeworth Man Fined.

Charged with reckless driving on the Lincoln highway near the Ritchey hill last Sunday afternoon, when he run around a car driven by Ford Essick of Homeworth, containing five passengers and knocking a wheel off and ditching the car, Norman Paxon of East Pershing avenue, Salem, was fined $50 and costs in a Lisbon court Tuesday night. Of the fine, $40 was suspended upon the promise of Paxon to make good the damage to the Essick car.

Sent To Lancaster.

Lawrence Estell, aged 12 years, accused of robbing the Nace drug store of Lisbon of over $100, was sentenced to the Boys' Industrial school at Lancaster Wednesday morning by Judge Lodge Riddle.

MRS. BORGELIN'S REMARKABLE RECOVERY

Gives Credit for Restored Health to Lydia E. Pinkham's Vegetable Compound. All Women Interested

MRS. OSCAR F. BORGELIN
FOREST CITY, IOWA

Forest City, Iowa.—"My first child lived only a short time and I was sick for a year after. When I bent over and raised myself up again I could almost scream with pain in my back. One day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine, but it did no more good than if I drank just water. Once when we had been in town a little book telling about Lydia E. Pinkham's Vegetable Compound was left in our car. I table Compound now and I do all my housework and help with the milking, and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health, and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound."—Mrs. Oscar F. Borgelin, Route No. 5, Forest City, Iowa.

A Bad Case of Nerves Relieved

Denver, Colorado. — "I was very despondent, blue and sad all the time, which is worse than real pain, and extremely nervous, with no appetite. I was this way for about two years and thought no one cared for me. My mother had had the same trouble and had taken Lydia E. Pinkham's Vegetable Compound for it. I tried everything else, then I began to take it. I soon had a better appetite and restored mental condition. I moved to a bright, sunny house, began calling on different people, and changed many other things. I also used Lydia E. Pinkham's Sanative Wash for my female weakness. With the aid of your medicines I am now a fairly healthy, happy and contented woman. I've used the Vegetable Compound at different times and will say it always helps me over the bad spells that come to every woman past 40 years." —Mrs. Helen Fine, 85 South Wash-

VISITING JUDGE TO COME HERE

Number of Important Cases Will be Tried Soon.

That a visiting judge will be asked to be assigned to this county during the latter part of the month has been indicated by Judge James G. Moore, because of several important cases on the docket.

One of these actions is that of Moyer Bros., of East Liverpool against May Mosby, an injunction proceeding, which has been remanded to common pleas for further hearing by the court of appeals, the opinion of the latter being handed down recently in Cleveland.

As Judge Moore has already passed upon this issue, he has intimated that the case will be presented from the record to another jurist.

The case of W. R. Phillips as county treasurer against Joseph Greenwood for the recovery of $39.47 claimed due as delinquent tax, the action has been dismissed by the court at the costs of the plaintiff.

A settlement out of court has been announced in the case of the United States Tent & Awning company against Walter L. Main, which was for the recovery of property. The costs in the action have been paid.

In the case of County Treasurer Jo Pike against J. H. McCoy and others, for the foreclosure of a tax lein, and the sale of real estate, the case has been dismissed and the costs paid as it relates to William Highes.

A new appraisement and sale has been ordered in the foreclosure case filed by Cynthia A. Hiveley against Robert S. Dilworth, wherein $1,800 was claimed due. When the property was first offered for sale there was no bidders, and as a result another appraisement has to be made.

Dismissal for failure to file a petition and want of prosecution is the record in the case of Paul Furnisch against William Warrick, carried to common pleas court on appeal from a court of the justice of the peace, and wherein the plaintiff claimed the defendant was indebted to him for $5.75 for work and labor.

Leave has been granted the plaintiff to file a demurrer in the case of William A. Calhoun against P. V. Mackall and others, which is an action to recover money claimed due on promissory notes.

In the case of the Union Savings & Loan Co., against Carl and Minnie Klem, a foreclosure action to recover $1,940.64, the court has confined the sale, and a deed and distribution ordered.

Leave to file an amended petition has been granted by the court in the case of Robert E. Johnston and others against the Savage Fire Clay Co., and others. Sadie Bell Cronin has been made a party defendant in this action.

Marie Bard, who has been sued for $10,000 damages by Kathryn Cody, of Salem, for alleged injury to her reputation, has been granted leave until July 11 to file an answer to the petition.

E. P. Funkhauser, J. W. Weaver and Charles S. Keller have been named commissioners by the court in the partition case filed by Lydia C. Nichols against J. W. Vanskiver, guardian, etc. A divorce of partition has been granted by the court in this cause.

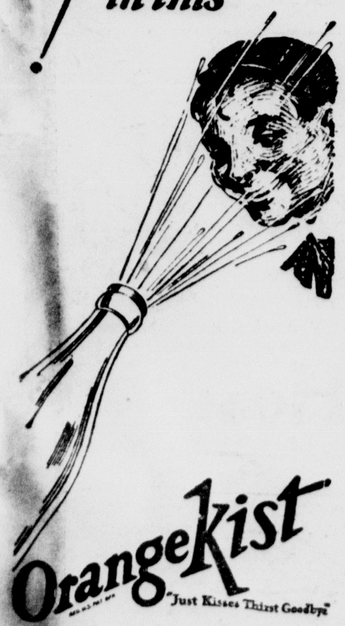

A decree of partition as prayed for has also been granted in the case of Walter McGeehan against Clarence McGeehan and others. The commissioners appointed by the court are Samuel McCormick, Verne Seward and Merlin Todd.

Judgment for $132.07 on a cognovit note has been entered by the court in the case of the First National bank of East Palestine against R. A. Pow and H. W. Hammond, and at the costs of the plaintiff.

DOG LICENSE LAW EFFECTIVE SOON

The penalty for failure to take out a dog license for 1925 will go into effect July 16, according to a law that was passed by the last legislature, the penalty being in addition to the regular cost of the license.

"It is mandatory that this law be enforced," declared Deputy Tax Collector Randall Hamilton, "and as a result we'll be compelled to add this penalty to all those who take out a license on or after July 16."

There have been 4,464 dog licenses issued so far, this number being about 60 per cent of number of dogs being in the county. Just as soon as the June tax records are checked over, and those reporting dogs not having paid a license, charges will also be filed against such owners who have failed to take out the license, as has been done in a number of instances already.

TWO DIVORCE ACTIONS FILED

Emelia Andrews of Salem has filed a petition for divorce in common pleas court against her husband, John V. Andreds.

About $4,000 which Andrews has in Salem banks and building and loan associations has been tied up by a temporary restraining order granted by Judge James G. Moore.

The couple were married in Transylvania Feb. 10, 1891. The petitioner relates that her husband struck and threatened to kill her.

George McElhaney, residing at 197 East Pershing avenue, Salem, has been sued for divorce by his wife who claims that she was ordered from her home by her husband.

They were married at New Cumberland, W. Va., Nov. 28, 1922. A divorce, alimony and custody of their child is sought by the petitioner.

Marriage License Issued.

A marriage license has been issued to Raymon O. Smith, a railroad fireman residing at Salineville, and Minnie Hetherington, also of Salineville, and employed as a telephone operator. The couple were married at the parsonage of the Lisbon United Presbyterian church by the Rev. J. M. Cameron.

Divorce Sought.

In the divorce petition filed in common pleas court by Attorney J. E. Bauknecht in behalf of Mrs. Anna Cochran against her husband, Edward K. Cochran, of East Palestine, it is charged that Cochran entertained his friends at his home at drinking parties.

They were married at Greensburg, Pa., Oct. 10, 1914. Temporary alimony is sought, also the custody of children upon final hearing.

Attachment Proceedings.

An attachment proceeding has been filed in common pleas court by William Reuff against C. L. Brumbaugh, residing at Bellwood, Pa., who claims $974.12 due him for work and labor in a mine operated by the defendant on the Pollock farm in this county.

Injunction Bond Fixed.

In the injunction sought for in the petition filed in common pleas court by Frank C. Kinnear against J. F. Johnston of New Waterford, the court has set the bond at $100. In this case Kinnear seeks to have Johnston enjoined from selling any property of the plaintiff to satisfy a judgment for $40 the defendant obtained against the plaintiff last year.

Divorce Granted.

A decree of divorce has been granted Florence E. Mercer of East Liverpool against William E. Mercer, and the court has ordered the defendant to pay his former wife $6 per week for the support of a minor child. The custody of the child has also been given the mother.

Land Leased.

The village of Lisbon has taken a long term lease on 79.43 acres of the Elliott farm in Centre township for water well drilling purposes, the lease calling for the payment of $100 per annum by the board of public affairs.

At a recent meeting of council it was explained that it was the intent of the board of public affairs to drill additional wells from time to time, and the new agreement, with the Elliott heirs is the result.

Case Dismissed.

The divorce action filed several months ago by Rosales Conja against Safron Conja has been dismissed from the court records in common pleas on a motion filed by the plaintiff. The temporary restraining order previously granted by the court in this cause has been dissolved.

Homeworth Man Fined.

Charged with reckless driving on the Lincoln highway near the Ritchey hill last Sunday afternoon, when he run around a car driven by Ford Essick of Homeworth, containing five passengers and knocking a wheel off and ditching the car, Norman Paxon of East Pershing avenue, Salem, was fined $50 and costs in a Lisbon court Tuesday night. Of the fine, $40 was suspended upon the promise of Paxon to make good the damage to the Essick car.

Sent To Lancaster.

Lawrence Estell, aged 12 years, accused of robbing the Nace drug store of Lisbon of over $100, was sentenced to the Boys' Industrial schcol at Lancaster Wednesday morning by Judge Lodge Riddle.

MRS. BORGELIN'S REMARKABLE RECOVERY

Gives Credit for Restored Health to Lydia E. Pinkham's Vegetable Compound. All Women Interested

MRS. OSCAR F. BORGELIN
FOREST CITY, IOWA

Forest City, Iowa.—"My first child lived only a short time and I was sick for a year after. When I bent over and raised myself up again I could almost scream with pain in my back. One day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine, but it did no more good than if I drank just water. Once when we had been in town a little book telling about Lydia E. Pinkham's Vegetable Compound was left in our car. I have taken five bottles of the Vegetable Compound now and I do all my housework and help with the milking, and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health, and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound."—Mrs. Oscar F. Borgelin, Route No. 5, Forest City, Iowa.

A Bad Case of Nerves Relieved

Denver, Colorado. — "I was very despondent, blue and sad all the time, which is worse than real pain, and extremely nervous, with no appetite. I was this way for about two years and thought no one cared for me. My mother had had the same trouble and had taken Lydia E. Pinkham's Vegetable Compound for it. I tried everything else, then I began to take it. I soon had a better appetite and restored mental condition. I moved to a bright, sunny house, began calling on different people, and changed many other things. I also used Lydia E. Pinkham's Sanative Wash for my female weakness. With the aid of your medicines I am now a fairly healthy, happy and contented woman. I've used the Vegetable Compound at different times and will say it always helps me over the bad spells that come to every woman past 40 years."—Mrs. Helen Fine, 85 South Washington Street, Denver, Colorado.

Robert M. Koenig Found Remedy For Pimply Skin

For years my skin would break out every once in a while—and ointments did very little to help me.

I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of steering clear of upset stomach and sick headache. Carter's are all you claim for them.

Angelo Painted His Own Face in Head Of Greatest Work

ROME, July — Michael Angelo painted his own face in the head of Saint Bartolomeo in his great painting "The Last Judgment," in the Sistine Chapel in the Vatican, according to Dr. Lacava, who has been studying the famous artist's work.

Hitherto it was believed that Michiel Angelo never painted a portrait of himself.

Dr. Lacava also believes Michael Angelo painted the face of the satirist Aretino, his personal enemy, in another head of the same saint.

Woman Serves Beer From Water Faucet Taken Into Custody

BINGHAMTON, N. Y., July — Beer served from a hot-water faucet is the latest contrivance unearthed by the city "dry" squads. Officer William May, while looking through the window of a store here, saw Mrs. Rosa Kline draw a beverage from the hot-water faucet of a sink and serve it to several customers. He investigated and found the faucet to be the outlet of a barrel of high-powered beer in the basement of the building.

Mrs. Kline was arrested.

Tip For Beginners.

Solve this puzzle by comparing the synonyms listed in the "Horizontal" and "Vertical" columns with the number of spaces extending crosswise or downward on the diagram, as the case may be. If a word occurs to you meaning substantially the same as the synonym and the correct number of letters to fit in the spaces between its number and the first shaded stop following, write it in lightly. Work away the small words, the "easy" words, first, and they will give you plenty of clues to the difficult ones.

Chicago Professor Calls Bryan Tiresome, Darwin Medieval

Dr. John Coulter Assai's Commoner's Stand in Evolution Controversy.

CHICAGO—With the date of the trial of John T. Scopes, Tennessee school teacher, on charges of teaching evolution contrary to state law drawing near, the question of evolution has become a burning issue in scientific and educational circles.

And among the latest to demand a hearing is Dr. John M. Coulter, head of the department of botany in the University of Chicago. Dr. Coulter takes a fling at both Charles Darwin and William Jennings Bryan.

"Why, Darwin is a back number," belongs back in the Middle Ages himself.

"As for Bryan, I notice that whenever I use the phrase 'eloquent ignorance,' there is no confusion in any one's mind as to who is meant."

Dr. Coulter indicated that he finds Bryan's constant references to Darwin wearying in the extreme.

He explained why he classifies the popularizer of such phrases as "natural selection" and "the survival of the fittest" as medieval.

"The idea of evolution is as old as human thought itself and no name of modern times can be associated as the author of it. Darwin was merely one of many who attempted an explanation of the idea. Dozens of others, the poet Goethe among them, were attempting the same thing at the same time. But Darwin was a good publicity getter and he caught the popular fancy.

Traces Evolution.

"The history of evolution divides itself in to three periods," Dr. Coulter continued. "Evolution was a meditation, an abstract theory, until 1800. From 1800 to 1900, the period of observation and inference, it was first suggested that evolution might be more than an idea, that it might be a scientific fact. Since 1900, we have been engrossed with experimentation, with studying plants and animals under rigid control. With the work of DeVries in Holland, evolution became an actual demonstration, not just an inference.

"Explanation of the oft-repeated cry that biologists are abandoning evolution lies in the fact that it is true that all explanations offered thus far are entirely inadequate to explain the facts.

Dozens of others, the poet Goethe among them, were attempting the same thing at the same time. But Darwin was a good publicity getter and he caught the popular fancy.

Traces Evolution.

"The history of evolution divides itself in to three periods," Dr. Coulter continued. "Evolution was a meditation, an abstract theory, until 1800. From 1800 to 1900, the period of observation and inference, it was first suggested that evolution might be more than an idea, that it might be a scientific fact. Since 1900, we have been engrossed with experimentation, with studying plants and animals under rigid control. With the work of DeVries in Holland, evolution became an actual demonstration, not just an inference.

"Explanation of the oft-repeated cry that bilogoists are abandoning evolution lies in the fact that it is true that all explanations offered thus far are entirely inadequate to explain the facts.

M. Cebula's Four-Base Clout In Sixth Beats Laughlin Nine, 7 to 4

Chester Hurling Star Wins Own Game, His Homer Driving in Two Counters Ahead of Him in Final Frame When Score Stood 4 to 4; Riley Club Demonstrates Comeback Power.

With the score a tie, 4 to 4, and two men rarin' to go on the bags and a coupe of outs registered against his team, Mike Cebula, Chester's great young twirler, leaned on a speedy offering of Pitcher Thomas of the Laughlin club in the sixth inning of the City Industrial league clash on Smith field Tuesday evening and drove the apple far over Leftfielder Werkheiser's head, circling the bases behind two runners as the eleven hundred or more fans cheered to the echo. The clout gave the league leaders a 7 to 4 victory, although technically, it was but 5 to 4, inasmuch as the game, under customary observances, was over when the winning run was scored.

Pandemonium followed the crash, the Chesterites being raised from the depths of despair in which they groveled as their club trailed behind until the fifth frame, to the heights of joyful ecstacy as Cebula's willow cracked out a conquest.

Blanked all the way until the fifth and behind four runs, Chester's defeat seemed almost certain until a couple of walks, an error, a hit, a stolen base and a sacrifice fly produced a quartet of counters that tied the score at four-all.

The Laughlins had their final chance to come out of the deadlock but three men went out in a row and left McConnell, who had doubled, on second base.

Chester succeeded in a valiant attempt to win before darkness ended hostilities. Manager Riley summoned all the strategy at his command. He sent in the giant catcher, Potts, to bat for W. McMath. Potts made good and drove a safety to right field. Powell ran for him and reached second on a wild pitch but was thrown out at third as Cochran lined to Thomas.

C. Marshall, recuperating from a recent illness, wielded the bludgeon for P. Bennett, and grounded out. Watson booted E. Bennett's drive, and so the stage was set for M. Cebula to win his own game.

Refraining from again walking the young pitcher, which he had done in the previous inning, Thomas released his stuff. The rest is fairly well advertised.

Cebula had one bad inning when a double, two walks and a couple of errors gave Laughlin three runs. An error, plus a hit, had enabled the visitors to score in the opening frame. He went along, however, striking out four and walking two.

Thomas blanked Chester until the fifth. He allowed but three hits, but walked four men. He struck out four batters, also. He handled himself cooly at all stages.

P. Cebula got away to a bad fielding start by booting Watson's drive in the first, following up with a wild throw on McConnell's rap in the fourth, but he redeemed himself in the sixth by a great stop of V. Bailey's bat and an accurate throw to E. Bennett, which retired the side and kept McConnell's finish from counting.

E. Bennett played first in the absence of Digman and Jackson. He accepted seven of eight chances.

Greene, in right field for Chester, did not have a fielding chance.

W. McMath and DeLong, the former teammates, caught and threw well to bases for their respective clubs. DeLong, hitting the first ball served him, singled in the opening frame and drove in the first run for his team. His sacrifice fly in the fifth gave his club another.

How the Runs Were Made.

Watson, safe on P. Cebula's error in the first, stole second and scored on DeLong's single to right.

Reese doubled to middle in the fifth and reached third on a wild pitch from where he scored on V. Bailey's rap to Cochrane, who threw wildly to the plate. V. Bailey went to second on the play, stole third and counted as Werkheiser went out, M. Cebula to E. Bennett. Thomas walked, went to second as E. Bennett dropped P. Cebula's assist on Watson's drive and to third as Tisher walked. He scored on DeLong's fly to P. Bennett, who completed a double play by an assist to L. McMath, who, with E. Bennett, put out Tisher.

The paths were quickly clogged in the last of the fifth as P. Bennett and M. Cebula walked. E. Bennett was safe on Reese's error. The latter then went to right field, Tisher to middle and McConnell to second base. L. McMath connected and the two Bennetts counted. Greene was out, Watson to Babb, M. Cebula scoring. P. Cebula sent a long fly to Werkheiser in left and L. McMath crossed the plate, tying the score. F. Marshall fanned.

In the final half of the sixth, Potts, batting for W. McMath, singled to right. Powell running for Potts, reached second on a wild pitch but was thrown out at third as Cochrane lined to Thomas. C. Marshall, batting for P. Bennett, grounded out. Watson booted E. Bennett's drive. M. Cebulla crashed a homer into left field, scoring three runs.

WILLS ARRIVES AT CROSSROADS

VICTORY BY K. O. HIS ONLY HOPE

Must Knock Weinert Bowlegged or Admit Failure.

NEW YORK, July 1.—Harry Wills, chronic challenger for the heavyweight title, comes to the inevitable crossroads of his career tomorrow night. There is a turn to the right and another to the left and, unfortunately, the choice of direction does not altogether remain a matter of personal discretion.

Age, condition and ability will sit in judgment on the situation and whatever they decree Wills must concur. It will be either one thing or the other — championship or curtains — for Harry.

He is to meet Charley Weinert, resurrected contender, in what has been scheduled as a 15-round bout to an official decision. But if Wills is to continue in the front rank of the heavyweights, it must not go to a decision. Wills must knock his man bowlegged or forever admit that he doesn't belong.

Walker-Greb "Go."

The bout will take place at the Polo grounds and a goodly crowd will be there. It is one of two big time attractions, arranged for the benefit of the Italian hospital fund. The other will involve Mickey Walker, welterweight champion, and Harry Greb, middleweight champion, in a 15-round seance, with the latter's title at stake.

This match runs second on the card to the Wills-Weinert affair, but merely as a matter of courtesy. The customers will be far more interested in Walker's attempt to go beyond his class and lift the middleweight title.

In spite of the fact that he has all to lose and little to gain, Greb has been installed a general favorite to win on points. He is thought to be too strong and tough for Walker. However, the latter recently jumped two classes and beat Mike McTigue, then light heavyweight champion, but it was in a no-decision bout and, therefore, meant less than nothing.

Bad Match for Wills.

Wills is generally conceded to have made a bad match in taking on Weinert. It is not because the latter is so good, although the megaphone men have been right busy in proclaiming Charles to be a real comeback. It is that Wills has placed himself in the position of being forced to knock out a really clever man in order to retain what prestige he now owns.

This is not being done seven days a week.

Yet, if Harry fails to oblige, the boxing public is prepared to turn thumbs down on his pretensions. It has seen him maul through the full distance with Bartley Madden and Luis Firpo and thinks the less of him for it.

It feels that it cannot longer countenance a challenger who fails to do what the champion probably would waste little time on.

MAY FIND HIS STYLE CRAMPED

Wills Favorite Ring Tactics Won't be Permitted.

By DAVIS J. WALSH.

NEW YORK, July 1.—Harry Wills is likely to find his style considerably cramped when he steps out tomorrow night at the Polo grounds against Charley Weinert, according to the official tidings, broadcasted today. He will not be permitted to fondle Weinert's form with his left hand while he lambasts the gentleman with his right, which is Wills' favorite mode of fisticuffing.

The first time he does it, he will be told to be good. The second time might mean disqualification; the third time will prove it beyond the peradventure of a doubt.

James E. Farley, chairman of the New York State Athletic mossion, made this point clear today in discussing Wills' affectionate tendencies, with Billy McCarney, who, as manager of Weinert, has what might be termed a personal interest in the matter.

"You can rest assured that the rules will be observed to the letter," Farley said. "I will appoint a referee who understands the situation perfectly and will see that no advantage of them is taken by either fighter."

Last Night's Fights

Cleveland—Danny Kramer, Philadelphia, defeated Johnny Farr, Cleveland, ten rounds. Phil McGraw, Detroit, easily won from Bobbie Garcie, Camp Holabird, Md., ten rounds. Benny Bass, Philadelphia, won from Steve Smith, Bridgeport, Conn., eight rounds. Bushy Graham, Utica, bested Eddie O'Dowd, Columbus, eight rounds.

At New York—Babe Herman, California, knocked out Jose Lombardo, Panama, tenth round. King Solomon, Panama, goth the decision over Sailor Tom Maxted, New York, 10 rounds. Basil Gallano, New Orleans, knocked out Archie Walker, New York, first round.

(By International News Service.)

With Walter Johnson giving an epic performance, the Washington Senators moved into first place by presenting the Athletics with a thoroughgoing lambasting, 7 to 0. It was Johnson's 108th shutout and he would have made it a no-hit occosion but for scratches by Galloway and French.

WILL LEFT HOOK BRING GREB DOWN WHEN HE TACKLES WELTER WALKER?

MICKEY WALKER

HARRY GREB

Mickey Walker, at left, about ready to shoot over a hook, and Harry Greb, defending champ, at right.

By Norman E. Brown.

Will a left hook, handled by Mickey Walker, welterweight champion of the world, spell defeat and disaster for the human windmill of the fight game and the middleweight king when they meet?

May be.

All who have seen Greb in action know that he has one weakness, a poor defense for this telling blow. Walker has, among his other assets, a beautiful left hook. And he knows how to use it. There's a sort of feeling in some parts that Benny Leonard knows that Mr. Walker can use it.

At any rate, although Walker will be giving away some 10 or 12 pounds in their battle, and will be going out of his class, the general opinion is that Greb stands more chance of losing his crown in their coming meeting than he has in recent years.

Walker is a better ring general than any other man Greg has ever fought, except, possibly, Tommy Gibbons. Walker plans a campaign and fights calmly and serenely along the lines mapped out. He is one of the few men whom Greb cannot disconcert with his pinwheel tactics.

Walker is a willing fighter ordinarily, once he enters the ring, and in the meeting with Greb will have nothing to loose by wading in. He can afford to force the fighting. His failure to retreat under some of Greb's fantastic gyrations may have a startling effect on the Pittsburgh battler.

Then, about the time *Harry finds himself forced to fight*, he may find that left hook bothering him. A left hook, rightly placed on the jaw, spells disaster to the average fighter. Walker has the kick behind him necessary to make it count.

THREE FIGHTS, DEMPSEY'S PLAN

Tunney, he Says, Can Have Bout on July 4, 1926.

BRIGHTON, England, July 1.—Jack Dempsey declared today that he would fight in defense of his heavyweight title at least three times before retiring and that one of the occasions would involve Gene Tunney, white heavyweight, who came into recent prominence by his knockout of Tom Gibbons. He made no mention of Harry Wills, whose challenge has forced Dempsey into difficulties with the New York state athletic commission.

"Tunney is the only man I really want to fight," declared the champion with the utmost candor. "He can have a battle on July 4, 1926, if he wants it. He is the only challenger I figure would draw against me."

KRAMER AWARDED SHADE OVER FARR

CLEVELAND, July 1.—While popular opinion gave Danny Kramer, of Philadelphia, a shade in his 10-round bout with Johnny Farr, of Cleveland, at the new Taylor bowl last night, Farr came so strongly in the last two rounds that some of the authorities were inclined to give him at least a draw.

Stops your car Quicker!

"I stopped my car in 28 feet going 20 miles an hour!"

"I HAVE made a test," says Joe M. Woods, of 1514 Lawrence Ave., Chicago, Ill., "and I find that I can stop my Oldsmobile, equipped with two-wheel brakes, lined with Rusco Brake Lining, in 28 feet, going 20 miles per hour."

That's how safe Rusco-lined, properly adjusted two-wheel brakes will make your car. A lining will pass police inspection if it will stop in 35 feet going 20 miles per hour. Rusco stops 7 feet quicker! With death or a costly crash just ahead, 7 feet leeway is a godsend.

Wet weather makes no difference

RUSCO is an all-weather lining. It will grip and hold just as well in wet weather as in dry. Water makes no difference to Rusco's stopping ability. It is treated with a special compound that makes it resist water, oil, dirt and wear. It will not burn.

Your repair man pays more for Rusco than for other brands of lining but he doesn't charge you more.

IN GIVING you Rusco — the finest quality brake lining it is possible for the repair man to obtain — he accepts a less profit than if he sold you another brand. When your brakes need relining, be sure to get the benefit of Rusco superiority and the conscientious service of a repair man who is willing to take less profit in order to give you a better job. Have your brakes inspected and relined at any of the garages listed below. They are brake lining experts, using special electrical equipment for counter-sinking rivets in lining and riveting lining to brake band.

C. A. Bough Trophy Is Prize At Which Local Golf Stars Will Shoot

Contenders Will Add Full Handicap to Par for Course, Which is 72; Distance at End of Allotted Strokes Determines Place; Between 50 and 60 Players Expected to Take Part.

Flag tournament honors won last year by Walter Ashbaugh will be at stake in the annual Fourth of July golf play Saturday on the East Liverpool Country club course.

And accompanying the victory will go the C. A. Bough trophy, which will be carried off by the player who commands enough markmanship to send him around the course farther than his opponents.

That there will be sufficient competition for the winner, whoever it is, is indicated by the fact that members of the sports committee are expecting between 50 and 60 entries and among those entries will be more than a few good golfers.

Although the customary method is to use a flag, inasmuch as this particular event will be the club's flag tournament, contenders instead will use small "tombstones." According to officers of the United States Golf association, some protest has been heard on the use of flags, from various patriotic societies.

The rival players will add their full handicap to par for the course, which is 72 strokes. When they have used their 72 plus handicap, they will plant their markers. And in this event, the player who is extravagant with his strokes is bound to fall behind he who is sparing enough to go around in par or perhaps a little over, for distance, or the highest number of holes, wins.

The tournament will get under way in the morning and will continue throughout the day. Players will go around in foursomes, although individual efforts count.

THIRD ROUND IN NET PLAY TODAY

COLUMBUS, July 1.—Third round play was scheduled today in the Ohio State tennis championships on the courts of the East End Tennis club here.

George Lott, Columbus, National Junior champion, came through the second round with a defeat of Herman Wirthwein, Columbus, after losing the first set, 4-6, with 6-0 and 6-1 sets. Other decisions included:

John Virdon, Cleveland, defeated Beddow, Columbus, 6-0, 6-1.

T. McGlynn, Philadelphia, defeated Jim Westfall, Columbus, 6-0, 6-3.

Fisher, Cleveland, defeated A. W. Thomas, New York, 6-1, 6-2.

Ralph Oster, Cleveland, defeated Ten Stewart, Columbus, 6-1, 6-2.

Oster also defeated Eddie Ambyrst, Columbus, 6-1, 6-4.

Julius Sagalowsky, Indianapolis, defeated Bill Knell, Columbus, 6-3, 6-3.

Kauffmann shut the Pirates right out with three hits. The Cubs winning in the eight, 1 to 0, when Adams' double off Meadows scored Grimm.

OIL GUNS FOR SECOND SHOOT

Local Marksmen in Action Again Tomorrow.

Members of the East Liverpool Gun club, associated with the local branch of the fish and game association, will stage their second shoot of the season tomorrow at their traps near the Country club.

The event is scheduled to start at 3 o'clock in the afternoon and continue until darkness.

Brady White led the way in last Saturday's marksmanship tests. He cracked the pigeons for high individual honors, with a mark of 23. However, W. L. Burlingame proved more consistent, running up high average of 20 and 1-5. Right on his heels was Dr. F. F. Davis with an average of 19 and 3-5.

Sixteen gun club members took part.

WILLS ARRIVES AT CROSSROADS

VICTORY BY K. O. HIS ONLY HOPE

Must Knock Weinert Bowlegged or Admit Failure.

NEW YORK, July 1.—Harry Wills, chronic challenger for the heavyweight title, comes to the inevitable crossroads of his career tomorrow night. There is a turn to the right and another to the left and, unfortunately, the choice of direction does not altogether remain a matter of personal discretion.

Age, condition and ability will sit in judgment on the situation and whatever they decree Wills must concur. It will be either one thing or the other — championship or curtains — for Harry.

He is to meet Charley Weinert, resurrected contender, in what has been scheduled as a 15-round bout to an official decision. But if Wills is to continue in the front rank of the heavyweights, it must not go to a decision. Wills must knock his man bowlegged or forever admit that he doesn't belong.

Walker-Greb "Go."

The bout will take place at the Polo grounds and a goodly crowd will be there. It is one of two big time attractions, arranged for the benefit of the Italian hospital fund. The other will involve Mickey Walker, welterweight champion, and Harry Greb, middleweight champion, in a 15-round seance, with the latter's title at stake.

This match runs second on the card to the Wills-Weinert affair, but merely as a matter of courtesy. The customers will be far more interested in Walker's attempt to go beyond his class and lift the middleweight title.

In spite of the fact that he has all to lose and little to gain, Greb has been installed a general favorite to win on points. He is thought to be too strong and tough for Walker. However, the latter recently jumped two classes and beat Mike McTigue, then light heavyweight champion, but it was in a no-decision bout and, therefore, meant less than nothing.

Bad Match for Wills.

Wills is generally conceded to have made a bad match in taking on Weinert. It is not because the latter is so good, although the megaphone men have been right busy in proclaiming Charles to be a real comeback. It is that Wills has placed himself in the position of being forced to knock out a really clever man in order to retain what prestige he now owns.

This is not being done seven days a week.

Yet, if Harry fails to oblige, the boxing public is prepared to turn thumbs down on his pretensions. It has seen him maul through the full distance with Bartley Madden and Luis Firpo and thinks the less of him for it.

It feels that it cannot longer countenance a challenger who fails to do what the champion probably would waste little time on.

MAY FIND HIS STYLE CRAMPED

Wills Favorite Ring Tactics Won't be Permitted.

By DAVIS J. WALSH.

NEW YORK, July 1.—Harry Wills is likely to find his style considerably cramped when he steps out tomorrow night at the Polo grounds against Charley Weinert, according to the official tidings, broadcasted today. He will not be permitted to fondle Weinert's form with his left hand while he lambasts the gentleman with his right, which is Wills' favorite mode of fisticuffing.

The first time he does it, he will be told to be good. The second time might mean disqualification; the third time will prove it beyond the peradventure of a doubt.

James E. Farley, chairman of the New York State Athletic mossion, made this point clear today in discussing Wills' affectionate tendencies, with Billy McCarney, who, as manager of Weinert, has what might be termed a personal interest in the matter.

"You can rest assured that the rules will be observed to the letter," Farley said. "I will appoint a referee who understands the situation perfectly and will see that no advantage of them is taken by either fighter."

Last Night's Fights

Cleveland—Danny Kramer, Philadelphia, defeated Johnny Farr, Cleveland, ten rounds. Phil McGraw, Detroit, easily won from Bobbie Garcie, Camp Holabird, Md., ten rounds. Benny Bass, Philadelphia, won from Steve Smith, Bridgeport, Conn., eight rounds. Bushy Graham, Utica, bested Eddie O'Dowd, Columbus, eight rounds.

At New York—Babe Herman, California, knocked out Jose Lombardo, Panama, tenth round. King Solomon, Panama, goth the decision over Sailor Tom Maxted, New York, 10 rounds. Basil Gallano, New Orleans, knocked out Archie Walker, New York, first round.

(By International News Service.)

With Walter Johnson giving an epic performance, the Washington Senators moved into first place by presenting the Athletics with a thoroughgoing lambasting, 7 to 0. It was Johnson's 108th shutout and he would have made it a no-hit occosion but for scratches by Galloway and French.

WILL LEFT HOOK BRING GREB DOWN WHEN HE TACKLES WELTER WALKER?

MICKEY WALKER

HARRY GREB

Mickey Walker, at left, about ready to shoot over a hook, and Harry Greb, defending champ, at right.

By Norman E. Brown.

Will a left hook, handled by Mickey Walker, welterweight champion of the world, spell defeat and disaster for the human windmill of the fight game and the middleweight king when they meet?

May be.

All who have seen Greb in action know that he has one weakness, a poor defense for this telling blow. Walker has, among his other assets, a beautiful left hook. And he knows how to use it. There's a sort of feeling in some parts that Benny Leonard knows that Mr. Walker can use it.

At any rate, although Walker will be giving away some 10 or 12 pounds in their battle, and will be going out of his class, the general opinion is that Greb stands more chance of losing his crown in their coming meeting than he has in recent years.

Walker is a better ring general than any other man Greg has ever fought, except, possibly, Tommy Gibbons. Walker plans a campaign and fights calmly and serenely along the lines mapped out. He is one of the few men whom Greb cannot disconcert with his pinwheel tactics.

Walker is a willing fighter ordinarily, once he enters the ring, and in the meeting with Greb will have nothing to loose by wading in. He can afford to force the fighting. His failure to retreat under some of Greb's fantastic gyrations may have a startling effect on the Pittsburgh battler.

Then, about the time *Harry finds himself forced to fight*, he may find that left hook bothering him. A left hook, rightly placed on the jaw, spells disaster to the average fighter. Walker has the kick behind him necessary to make it count.

THREE FIGHTS, DEMPSEY'S PLAN

Tunney, he Says, Can Have Bout on July 4, 1926.

BRIGHTON, England, July 1.—Jack Dempsey declared today that he would fight in defense of his heavyweight title at least three times before retiring and that one of the occasions would involve Gene Tunney, white heavyweight, who came into recent prominence by his knockout of Tom Gibbons. He made no mention of Harry Wills, whose challenge has forced Dempsey into difficulties with the New York state athletic commission.

"Tunney is the only man I really want to fight," declared the champion with the utmost candor. "He can have a battle on July 4, 1926, if he wants it. He is the only challenger I figure would draw against me."

KRAMER AWARDED SHADE OVER FARR

CLEVELAND, July 1.—While popular opinion gave Danny Kramer, of Philadelphia, a shade in his 10-round bout with Johnny Farr, of Cleveland, at the new Taylor bowl last night, Farr came so strongly in the last two rounds that some of the authorities were inclined to give him at least a draw.

Stops your car Quicker!

"I stopped my car in 28 feet going 20 miles an hour!"

"I HAVE made a test," says Joe M. Woods, of 1514 Lawrence Ave., Chicago, Ill., "and I find that I can stop my Oldsmobile, equipped with two-wheel brakes, lined with Rusco Brake Lining, in 28 feet, going 20 miles per hour."

That's how safe Rusco-lined, properly adjusted two-wheel brakes will make your car. A lining will pass police inspection if it will stop in 35 feet going 20 miles per hour. Rusco stops 7 feet quicker! With death or a costly crash just ahead, 7 feet leeway is a godsend.

Wet weather makes no difference

RUSCO is an all-weather lining. It will grip and hold just as well in wet weather as in dry. Water makes no difference to Rusco's stopping ability. It is treated with a special compound that makes it resist water, oil, dirt and wear. It will not burn.

Your repair man pays more for Rusco than for other brands of lining but he doesn't charge you more.

INSIGVING you Rusco — the finest quality brake lining it is possible for the repair man to obtain — he accepts a less profit than if he sold you another brand. When your brakes need relining, be sure to get the benefit of Rusco superiority and the conscientious service of a repair man who is willing to take less profit in order to give you a better job. Have your brakes inspected and relined at any of the garages listed below. They are brake lining experts, using special electrical equipment for counter-sinking rivets in lining and riveting lining to brake band.

C. A. Bough Trophy Is Prize At Which Local Golf Stars Will Shoot

Contenders Will Add Full Handicap to Par for Course, Which is 72; Distance at End of Allotted Strokes Determines Place; Between 50 and 60 Players Expected to Take Part.

Flag tournament honors won last year by Walter Ashbaugh will be at stake in the annual Fourth of July golf play Saturday on the East Liverpool Country club course.

And accompanying the victory will go the C. A. Bough trophy, which will be carried off by the player who commands enough markmanship to send him around the course farther than his opponents.

That there will be sufficient competition for the winner, whoever it is, is indicated by the fact that members of the sports committee are expecting between 50 and 60 entries and among those entries will be more than a few good golfers.

Although the customary method is to use a flag, inasmuch as this particular event will be the club's flag tournament, contenders instead will use small "tombstones." According to officers of the United States Golf association, some protest has been heard on the use of flags, from various patriotic societies.

The rival players will add their full handicap to par for the course, which is 72 strokes. When they have used their 72 plus handicap, they will plant their markers. And in this event, the player who is extravagant with his strokes is bound to fall behind he who is sparing enough to go around in par or perhaps a little over, for distance, or the highest number of holes, wins.

The tournament will get under way in the morning and will continue throughout the day. Players will go around in foursomes, although individual efforts count.

THIRD ROUND IN NET PLAY TODAY

COLUMBUS, July 1.—Third round play was scheduled today in the Ohio State tennis championships on the courts of the East End Tennis club here.

George Lott, Columbus, National Junior champion, came through the second round with a defeat of Herman Wirthwein, Columbus, after losing the first set, 4-6, with 6-0 and 6-1 sets. Other decisions included:

John Virdon, Cleveland, defeated Beddow, Columbus, 6-0, 6-1.

T. McGlynn, Philadelphia, defeated Jim Westfall, Columbus, 6-0, 6-3.

Fisher, Cleveland, defeated A. W. Thomas, New York, 6-1, 6-2.

Ralph Oster, Cleveland, defeated Ten Stewart, Columbus, 6-1, 6-2.

Oster also defeated Eddie Ambyrst, Columbus, 6-1, 6-4.

Julius Sagalowsky, Indianapolis, defeated Bill Knell, Columbus, 6-3, 6-3.

Kauffmann shut the Pirates right out with three hits. The Cubs winning in the eight, 1 to 0, when Adams' double off Meadows scored Grimm.

OIL GUNS FOR SECOND SHOOT

Local Marksmen in Action Again Tomorrow.

Members of the East Liverpool Gun club, associated with the local branch of the fish and game association, will stage their second shoot of the season tomorrow at their traps near the Country club.

The event is scheduled to start at 3 o'clock in the afternoon and continue until darkness.

Brady White led the way in last Saturday's marksmanship tests. He cracked the pigeons for high individual honors, with a mark of 23. However, W. L. Burlingame proved more consistent, running up high average of 20 and 1-5. Right on his heels was Dr. F. F. Davis with an average of 19 and 3-5.

Sixteen gun club members took part.

Britain Fails to Check Gain of Unemployed; 1,500,000 Idle

Trade Unions are Planning to Hold Monster Demonstrations All Over British Isles on "Unemployment Sunday."

LONDON—Unemployment is now generally accepted as a permanent economic ill in Great Britain.

With the war six years past, Great Britain's unemployment problem is no nearer solution than it was at the end of the first year of post-war depression; in fact, it seems to be growing steadily worse.

The figures for June 1 show that there is now a total of 1,247,300 unempolyed in Great Britain, an increase of nearly a quarter of a million over the number jobless at the same time last year. This total included 971,000 men, 34,200 boys, 213,800 women and 28,100 girls. On June 2, 1924 there were 754,661 men idle, 31,961 boys, 185,731 women and 30,562 girls.

Stanley Baldwin, prime minister, has declared unemployment to be "the most crucial problem of the country." Yet his government has failed to cope with the situation and, in fact, has done but little in attempting to relieve the situation.

The MacDonald Labor government, during its eight months in office, struggled with the problem with only slight success, and it begins to appear that it s a problem that cannot be considered a political issue.

Trade Unions Agitate

Trade unions are agitating the question and are planning to hold an "Unemployment Sunday," when monster demonstrations will be held all over the British Isles. There i sno doubt that these demonstrations will be emphatic, butt ittle will come out of them. For five years Britain has been accustomed to demonstrations and parades of unemployed and has become hardened to them.

While this problem hangs fire, unremedied, the government is spending millions yearly in doles to the unemployed. It has zeen held by some economists that there can be no alleviation of unemployment until the dole is ended.

Combination of Causes

There is no doubt but what there are thousands of malingers who would prefer to draw a weekly dole than to work. It would take a courageous man to kill the dole, though, and it is doubtful whether any present English politician has that courage. At the same time it is well argued that the end of the dole would not end unemployment, even though it might decrease it.

Some economists hold that depopulation is the only cure. Others are of the opinion that the problem will settle itself if Great Britain can get back to a pre-war basis.

Britain Fails to Check Gain of Unemployed; 1,500,000 Idle

Trade Unions are Planning to Hold Monster Demonstrations All Over British Isles on "Unemployment Sunday."

LONDON—Unemployment is now generally accepted as a permanent economic ill in Great Britain.

With the war six years past, Great Britain's unemployment problem is no nearer solution than it was at the end of the first year of post-war depression; in fact, it seems to be growing steadily worse.

The figures for June 1 show that there is now a total of 1,247,300 unemployed in Great Britain, an increase of nearly a quarter of a million over the number jobless at the same time last year. This total included 971,000 men, 34,200 boys, 213,800 women and 28,100 girls. On June 2, 1924 there were 754,661 men idle, 31,961 boys, 185,731 women and 30,562 girls.

Stanley Baldwin, prime minister, has declared unemployment to be "the most crucial problem of the country." Yet his government has failed to cope with the situation and, in fact, has done but little in attempting to relieve the situation.

The MacDonald Labor government, during its eight months in office, struggled with the problem with only slight success, and it begins to appear that it is a problem that cannot be considered a political issue.

Trade Unions Agitate

Trade unions are agitating the question and are planning to hold an "Unemployment Sunday," when monster demonstrations will be held all over the British Isles. There is no doubt that these demonstrations will be emphatic, but little will come out of them. For five years Britain has been accustomed to demonstrations and parades of unemployed and has become hardened to them.

While this problem hangs fire, unremedied, the government is spending millions yearly in doles to the unemployed. It has been held by some economists that there can be no alleviation of unemployment until the dole is ended.

Combination of Causes

There is no doubt but what there are thousands of malingers who would prefer to draw a weekly dole than to work. It would take a courageous man to kill the dole, though, and it is doubtful whether any present English politician has that courage. At the same time it is well argued that the end of the dole would not end unemployment, even though it might decrease it.

Some economists hold that depopulation is the only cure. Others are of the opinion that the problem will settle itself if Great Britain can get back to a pre-war basis.

Call Money at 6 Per Cent, Sad.

By ARTHUR BRISBANE.

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

The earthquake in California following so many similar upheavals in various parts of this country and in Asia, fills with distress and sympathy every good American. It affects but a small part of the western coast line, and, undoubtedly, with full information will turn out to be less serious than the first dispatches represent it to be.

No one doubts that this misfortune will be adequately and promptly met by the resourceful courage of California's men and women. Only last Sunday, Arthur Williams, head of the New York Edison Co., just back from California, told a gathering at the house of Judge Gary of the impression that California had made upon him.

"They are the wonder people of the world,' said he. "Nothing stops them; nothing daunts them. If a mountain is in their way, they wipe it out.

"If water they need is 500 miles away, with mountains and valleys between, they bring the water to them.

"They set an example in energy, civilization, progress and development to the rest of the world. To look from San Francisco across the bay to Oakland, seeing high in the air light wires that carry light and power between the two wonderfully lighted cities, to travel the length of that magnificent coast, with its millions of intelligent, active people, and its unbelievable growth, is an inspiration to the citizenship of this country.

The New York Times devotes part of its front page to "a third term for Coolidge."

There can't be any Coolidge third term discussion until after the president shall have been re-elected in 1928. He has been elected only once thus far. If, as is probable, he should be re-elected in 1928, that would be his SECOND TERM and the right time to begin talking of a THIRD term.

When Washington was president and an aggressive editor was accusing of royal ambition, a desire to be king, the people worried about too long tenure of office. Having got rid of an English king they didn't want an American king called president in place of King George.

Washington answered that sufficiently when he refused to be elected more than twice.

Thus President Coolidge has been elected only once, and anyhow the United States is not worrying about a successor to King George just now, but wants stable, consistent, efficient government especially now in the

MAN MISSING; POLICE SEARCH

Joseph Zettl, 69, German Immigrant, Disappears.

Police were searching today for Joseph Zettl, 69, who came to the United States from Germany about two weeks ago and who has been mysteriously missing three days. Friends fear that he may have met with foul play.

Zettl, who has been making his home with Mrs. Dorothy Peterson, 1947 Holiday street, East End, left Monday morning, presumably for the postoffice, where he intended to mail a letter.

Friends, who enlisted the assistance of the police today in an effort to locate him, declare that so far as they knew he carried no money.

Inquiries failed to throw any light on his whereabouts. He is said to speak very little English.

Zettl is described as five feet four inches in height, had blue eyes, gray hair, dark complexioned and has a straight nose.

M'VAY ACCEPTS SCHOOL PLACE AFTER HE PAYS VISIT TO CITY

New Philadelphian Will Return Tomorrow to Seek Home.

BOARD TO MEET

Appointee and Geiger May Exchange Posts on Aug. 1.

Charles S. McVay, New Philadelphia, will accept the superintendency of the East Liverpool public schools for a four-year term, he advised members of the board of education, when he visited here yesterday.

While F. P. Geiger, who goes to New Philadelphia to McVay's place, is under contract to remain in East Liverpool until August 31, it is probable that the two school heads will exchange posts on or about August 1, it was announced today.

McVay, who has been the superintendent of schools at New Philadelphia for three years, came here yesterday in response to a telephone call from D. F. White, vice president of the board of education. He conferred with White and R. W. Sample during the few hours which he spent in town and returned late in the afternoon to his home.

Offered Two Residences.

The superintendent-elect and his wife will motor to East Liverpool tomorrow, where they will seek a residence. Two places have been offered. They were inspected yesterday, but McVay deferred his decision until Mrs. McVay has opportunity to see the houses.

McVay will attend a meeting of the board of education, which will be held in the high school building Thursday night, to briefly lay the ground for his work here in September.

Accompanied by School Board Member White, McVay was shown about the city yesterday and introduced to several business men. He owns the residence which he occupies in New Philadelphia and is anxious to dispose of it before he leaves, he informed members of the board.

Had Accepted Another Place

McVay had tentatively accepted another school place before his election to the local post, but he reconsidered his decision yesterday after receiving

TWO MEN SHOT IN GUN DUEL

MOUNT VERNON, Ill., July 1.—Mike Stoniski, miner, is dying with two bullets in his lungs and Harry Houchens, city marshal of Nason, is nursing a wounded right arm, following a four-cornered gun duel at Nason early today in which Mayor A. W. St. Clair participated.

Houchens and Mayor St. Clair had ordered Joe Reagan, a motorist, to proceed to jail to face speeding charges. Reagan was said to have opened fire and Stoniski, standing nearby, joined him. The mayor and marshal returned the fire. More than a dozen shots were exchanged.

Chinese Agitators Threaten Employes Of British Firms

SHANGHAI, July 1.—Asserting "the blue faced cannibal toothed, foreign devils are still undefeated," Chinese agitators today were calling on remaining employes of British and Japanese firms to quit Thursday and threatening them with violence if they failed to do so.

The authorities, however, believe the situation well in hand and have ordered a partial demobilization of the volunteer corps after a solid month of continuous service. The strike continues with little change and without violence.

SANTA BARBARA QUAKE DEAD ESTIMATED AT 20; PROPERTY DAMAGE HIGH

Investigators Fear Loss May Reach $35,000,000, Although City Officials Declare it Will be Under $10,000,000.

13 KILLED, FIVE MISSING, 41 HURT

Tremors Cease Entirely as Ancient California City Prepares to "Carry on" 48 Hours After Terrific Earth Shocks.

SANTA BARBARA, July 1.—A small death toll and a gigantic property loss.

That was the summary of the situation today following careful checking 48 hours after the terrific earth shocks rocked this ancient city.

This morning for the first time it was definitely believed the toll of dead would not exceed a score.

No Shocks for 24 Hours.

Thirteen persons known dead, five additional missing and believed killed and 41 injured made up the casualty list early today.

Tremors have entirely ceased and no shocks of any strength have been felt for 24 hours.

The property damage was regarded by many investigators as possibly greater than previously estimated. It may reach the fearful figure of $35,000,000, although city officials of Santa Barbara declared they hoped it would come under the $10,000,000 mark.

The bodies recovered today were those of R. M. Litchfield, 28, San Luis Obispo, California, resident, whose crushed body was beneath an automobile wrecked in a fall of rock and bricks on State street, the city's main avenue, and Mercer Leon, 43, Mexican laborer. Leon was killed when a rear wall of the Central hotel fell and crushed him.

Others Believed Dead.

Discovery of Litchfield's body in the street under an automobile was made after hundreds had passed within a few feet. For two days guards had maintained vigil almost beside the body and many had sought a moment's rest on the side of the automobile under which he was buried.

Litchfield was an Associated Oil company employe.

The body of S. Mestiers, also, known as Chappo Maestre, janitor in the wrecked San Marcos building, is expected to be dug up today. The janitor was seen in the building a few minutes before the terrific quake Monday morning. Nothing has been heard of him since and body searchers listed him as dead. Three others believed dead were a Mrs. Kutex her one-year old baby, and William Temple, a janitor in the San Marcos building. Mrs. Kutex and her child entered the building a few minutes before it was demolished, invesigators sad. They have been missing since the quake.

Relief Plans Move Swiftly.

Plans to relieve the suffering community financially were moving swiftly.

A total of $1,000,000 is the goal of the relief workers.

The Santa Barbara Clearing House association has shouldered the task of obtaining $20,000,000 to rebuild the city. Plans for the gigantic fund will be completed today.

Nation-wide response came this

Aroostook County, Me., Potato Belt of East, Feels Tremor

HOULTON, Me., July 1.—Aroostook county, the famous potato belt of the east, was visited by a slight earthquake and a cloudburst today.

Washouts on the Bangor & Aroostook railroad held up the morning mail train.

No lives were reported lost.

TWO BOYS FLEE FROM JAIL IN STEUBENVILLE

East Liverpool Police Join in Search for Fugitives.

BOTH KNOWN HERE

Make Rope of Blankets to Drop From Fourth Floor.

Affecting the most daring jail delivery there in years, Herbert Weldy, 19, heir to a fortune, and William Duff, 20, made their escape early today from the Jefferson county prison at Steubenville.

Both lads, who reside in Steubenville, were held on charges of stealing automobiles in various parts of the country.

Authorities discovered the jail-break at dawn.

Saws slipped to the youths' cell had been used for at least two weeks. The bars of the cell door, heavy steel bars on the tier and two sets of bars on a fourth floor window were sawed.

They reached the ground by tying five blankets together.

Police on Lookout.

Believing that at least one of the two men may have headed toward East Liverpool, Jefferson county officials early this morning called the local police and asked that a lookout be kept for the escaped prisoners.

The youths are well known in East Liverpool, although there is no record of either in the local court. Chief of Police McDermott has instructed members of the local force to join in the search for the fugitives.

WOMAN IS SHOT; MAN IS SOUGHT

Mrs. Mary Johnson Injured in Midland Quarrel.

J. T. "Curley" Wilson, 32, colored laborer of Midland, Pa., is sought by the Midland police for felonious shooting following the wounding of Mrs. Mary Johnson, 38, also colored, which occurred during a quarrel at the Johnson woman's home, between Midland and Smith's Ferry, Monday.

The shot pierced the woman's side. She was taken to the Rochester General hospital, where it is believed that she will recover.

Wilson fled in the direction of Steubenville, following the shooting, police said.

ROTARY CLUB OPENS PLAYLOT FOR CRIPPLES WITH DINNER

Nineteen Children are Guests at E. H. Riggs Residence.

TABLES ON LAWN

Wives of Members Aid in Entertaining Youngsters.

Formal opening of the crippled children's playground near the E. H. Riggs residence in Park boulevard took place Tuesday evening when the children, together with Rotarians and their wives, were guests at dinner.

Nineteen children, many of whom have undergone operations at the Gates hospital at Elyria through the efforts of the Rotary club, spent more than an hour romping about the play lot preceding the dinner. They were taken to the recreation center in automobiles furnished by members of the club and at the conclusion of the affair returned to their homes.

The tables were arranged beneath the trees on the spacious lawn surrounding the Riggs home. The dinner was served by a committee of women from the Emmanuel Presbyterian church. The tables were attractively decorated with summer flowers. Places were laid for 90 guests. The children occupied nearby tables.

F. L. Wells Presides.

The meeting was in charge of President Frank L. Wells, of Wellsville. In his introductory remarks, he expressed the club's appreciation to Mr. and Mrs. Riggs for the manner in which they had been entertained. The local club is the only Rotary organization in the state boasting a crippled children's playgrounds, due to the benevolent spirit of Mr. Riggs, President Wells announced. Much of the credit for the work among crippled children is due to the efforts of Attorney Blaine H. Cochran, first president of the club, and Secretary H. B. Barth, Mr. Wells also said.

Attorney Cochran Speaks.

Joseph and Edwin Wells, who won the Rotary trophy in the golf tournament held at Cleveland in connection with the convention, were lauded for their victory. The former made a

DELAY UNIFORM FLAG EQUIPMENT

Sidewalk Poles Will Not be Used on Fourth of July.

Delay in a shipment of flags, poles and sockets will postpone the completion of the uniform flag decoration here until after Independence Day, officers of East Liverpool post No. 4, American Legion, announced today.

A shipment of supplies, ordered last week and which should have reached here last Monday, has been held up. About 100 of the flags, making up the first shipment, have been distributed, and the last of the sidewalk sockets will be placed today.

The uniform flag decoration on Sixth street and Dresden avenue is about completed. Sections of the Diamond and Washington street have also been taken care of. The sockets are being drilled under the direction of C. E. West and Okey Smith.

While it is the intentions of the Legion to decorate the city only in the business district, many requests for the flags are coming from the residential sections. The cost of the flag staff and socket installed is $7.50.

New England Has Decided to Send Woman to Congress

LOWELL, Mass., July 1.—New England has decided to send a woman to congress.

The honor of being the first woman to go to congress from this section falls to Mrs. Edith Nourse Rogers of this city, widow of the late Congressman John Jacob Rogers.

Complete returns today from the special election in the fifth congressional district gave Mrs. Rogers, Republican, 23,614; former Governor Eugene N. Foss, Democrat, 9,251.

Mrs. Rogers got 72 per cent of all the votes cast, carried every town in the district and received a larger proportion of the total vote than her husband did last November.

CANVAS CITY FOR RELIGIOUS MEETS ERECTED

Free Methodists Open Camp Services Here Tomorrow.

15 CHURCHES AID

Evangelist F. L. Baker, Bay City, Mich., in Charge.

The annual camp meeting of the Rochester district of the Free Methodist church will open at the campgrounds on Anderson boulevard, just outside the city limits, tomorrow evening.

Campers have been arriving throughout the week for the 10-day series of meetings. More than 100 tents have been engaged. The large tent in which the services will be conducted this year was erected yesterday. Seating accommodations have been provided for more than 1,500 persons.

Rev. F. L. Baker, Bay City, Mich., field agent for the missionary board, will be the principal speaker. He will be assisted by the pastors of 15 churches in the Rochester district.

Beginning Friday, services will start at 6:30 a. m. and continue throughout the day. There will be preaching morning, afternoon and evening. Children's services will be held at 1:30 p. m. daily under the direction of Mrs. Clara Foy, of East Liverpool, and Mrs. Bertha Main of Wellsville.

The visiting evangelist will have charge of the holiness service at 10:15 o'clock Friday morning, his subject being "Holiness or Christian Perfection Scripturally Defined." Rev. D. W. Rose will lead this service on Saturday morning, discussing the subject, "Modern and Bible Holiness Contrasted." Rev. Mr. Baker will be in charge of the Sunday morning service, starting at 11 o'clock, his subject being "Distinguished Features of the Wesleyan Theory of Bible Holiness."

Pittsburgh Chamber Of Commerce Chief Urges Mine Peace

PITTSBURGH, Pa., July 1.—An appeal to the general public for a remedy for the situation in the coal industry which is taking $60,000,000 a year out of circulation in the Pittsburgh district, was issued today by George R. Wallace, president of the local chamber of commerce.

In his plea for a solution of difficulties between operators and miners, which would lead to a reopening of the many closed mines in western Pennsylvania, Wallace was supported by a group of prominent business men.

"Under prosperous conditions," Wallace said, "the coal mine payroll of the Pittsburgh district and expenditures for supplies is close to $1,700,000 a week, whereas under present conditions it hardly exceeds $550,000."

CRABBE RULES FOR BALLOT IN TOWNSHIP AS WELL AS CITY

But Two Candidates, Names Will Appear on Ticket.

OTHERS BARRED

However, November Places are Open by Petition Route.

Republican and Democratic nominees for judge and clerk of the East Liverpool Municipal court will be named at the primaries in the special judicial district which includes the city and Liverpool township, on Tuesday, August 11.

This was the ruling handed down today by Attorney General C. C. Crabbe, of Columbus, following a request submitted to him by J. W. Moore, clerk of the Columbiana county board of deputy state supervisors of election.

Prepare Special Ballots.

The opinion gives the election supervisors authority to set up the machinery for nominations on the two court places, despite the failure of the law to permit township electors to participate in municipal primaries.

Accordingly, Chief Deputy J. S. Hilbert and Clerk Moore, of the election board, today announced that special ballots for the use of township electors would be printed. The polls will be open during the usual period in the three township precincts on August 11.

However, the names of but two candidates, both seeking the court clerkship—Miss Ruth Finnie and Arthur J. Bostock—will be printed on the Republican ticket.

No Republican candidates for judge filed declarations, while there were no entries for either judge or clerk on the Democratic ticket.

May Write Names.

The attorney general's ruling also provides that the clerkship nominees' names shall be printed on the party ticket at the November election, while the judgeship candidates' names shall appear on a non-partisan ticket.

Inasmuch as additional entries for the August 11 primaries are precluded under the state election law, two courses are open for candidates who

$7,000 DAMAGE IN BARN FIRE

Large Structure on Armstrong Farm, West of Lisbon, Destroyed.

A loss estimated between $7,000 and $8,000 resulted yesterday when a barn on the farm of J. D. and A. C. Armstrong, on the old state road, west of Lisbon in Center township, was destroyed by fire of undetermined origin.

Two cows and a calf were cremated and farm machinery was destroyed. Less than half a ton of hay and chaff was in the barn.

Neighbors, forming a bucket brigade, saved other farm buildings.

The barn, erected 70 years ago, covered a site 102 by 47 feet, and was known as the second largest in Columbiana county.

About a year ago the brick residence on this farm was destroyed by fire.

HYPOCRITE, "LEADING CITIZEN" WITH STOCKED CELLAR, IS CURSE OF SOCIETY, SAYS DRY CHIEF AS HE WARNS BUYERS THEY PAY GUNMEN

BY ROBERT S. THORNBURGH.

WASHINGTON, July 1.—"Thou Shalt Not Drink!"

That is the "eleventh commandment" which General L. C. Andrews, assistant secretary of the Treasury, selected by President Coolidge as field marshal of prohibition enforcement, is striving to enforce.

Andrews has brought the co-ordinated activities of all government enforcement agencies into line, has engineered a nation wide round-up, but in addition he has sought to obtain law observance by inspired public opinion. "Shame" the American people into observing probably its most far reaching statute.

"Hypocrites—the curse of society!" is one of Andrews' favorite expressions in referring to the "leading citizens" who advocate government loyalty in public and enjoy their well-stocked cellars in private.

Need "Mental Honesty."

The establishment of a standard of "mental honesty" is a necessary qualification for leadership in every community, according to Andrews. He said:

"When one contemplates questions of human welfare and regulations for right living, either as individuals or as members of a community, one sooner or later turns to the precepts of that greatest of all Teachers, whose rules of living and of human dealing are better understood today than ever before, and are being found more and more applicable to human relations in industry and government.

"And in so far as these precepts relate to leadership in community living and government, there is nothing in which He was more emphatic than in the need for 'mental honesty' on the part of leaders.

"Throughout all His work for the betterment of humankind, in the presence of misery and crime, He pointed the way to better things in words and deeds of love and mercy, fellowship and understanding, until He came into the presence of the Pharisecial leaders in Jerusalem.

"And then, in burning words which should never be forgotten by those interested in community welfare and government He condemned those leaders, not once but repeatedly, as hypocites.

"Hypocrites are the curse of society! Do not forget this."

Calls It Daring Step.

In the enactment of the prohibition laws the government took a daring, determined step in the matter of regulating community life, Andrews pointed out.

For the improvement of social and economic conditions of the whole community it, in effect, wrote an eleventh commandment for the conduct of the individual—"Thou shalt not drink!"—and made it a crime against the state to furnish intoxicating beverages to those individuals who persisted in a determination to drink them.

"Thousands of citizens are opposed to this law for one reason or another," Andrews continued.

"Hundreds of thousands are wilfully violating it.

"With the latter I take serious issue. They are, perhaps quite unconsciously, doing a dangerous thing to the community.

"Their demand for liquor has built up the business of supplying it—and thousands of men have gone into the outlaw business. Each one of them is a criminal—so we have a new criminal class in the country, more numerous and more widely spread than any the government has had to meet before.

"They have established a new industry, gradually becoming organized, employing lawyers, gunmen, detectives and intelligence agents, operating in defiance of the government.

"They are an active enemy fighting against our institutions. To give them aid and comfort is hardly an act of good citizenship."

The prohibition generalissimo asserted that thoughtless men and

BOAT EXCURSION PLANS COMPLETED

Plans have been completed for the moonlight excursion late this month under the auspices of the Homer Laughlin China company on the steamer Washington. This is one of the largest boats on the Ohio river. Employes of the six shops of the company and members of their families will probably tax it to capacity.

FARM AGENT WILL BE NAMED SHORTLY

County farm agent will probably be named at the next meeting of the Farm Bureau which will shortly be held at New Cumberland. Provision for the payment of half his salary were made at recent meetings of the county court. The state will meet the other half of his wages which will be fixed by the bureau heads.

BIBLE LECTURES ARRANGED HERE

Rev. John Owen, of Tayler university, Opland, Ind., will open a series of special meetings in the First Methodist Episcopal church here Friday. They will continue until Sunday, July 12. Rev. Owen, who holds the theological chair at the university is recognized as one of the foremost Bible students in the country and his talks will be along biblical lines.

Mid-week Services.

Mid-week prayer services will be held this evening in the local churches with pastors in charge of the devotionals.

Game Warden Active.

State Game Warden J. H. Ebert, of Charleston, paid his second visit to Hancock county the latter part of last week where he made several arrests of persons charged with violating the fishing laws. Those taken into custody were arraigned before a justice of the peace at Weirton and assessed heavy fines.

To Decide Issues.

Follansbee electors will shortly be called upon to pass upon the question of changing the present form of government to that of a city manager. The matter of floating a bond issue for improving streets will also be decided at this special election.

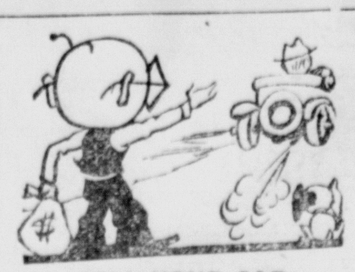

Norway has taken second place in the production of aluminum, the United States being first.

TO WHITEN SKIN WITH LEMON

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly-fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

Swedish Explorers Escape Freak Storm By Luck Accident

MOSCOW, July — Blinded in an Arctic blizzard and showered at the same time with red-hot volcanic ashes from a mountain peak, 12 members of the Swedish expedition exploring the wastes of Kamschatka escaped death by a lucky accident when, after fifteen days of wandering, they blundered upon the one town within hundreds of miles. Dispatches from Petropavlovsk report that the party straggled into the village without dogs, maps or food.

NEW MADE MAN
Ka-di-ok Rebuilds the Old Frame

When that poor, wracked, ill, fagged-out body of yours reaches the stage where nature almost refuses to function, and life looks sad and dreary, just cheer up! There is a panacea in Ka-di-ok, the wonderful herbal stomach tonic and system builder. Here is an example:

W. M. Workman

"For ten years I was ailing with kidney and stomach trouble, with indigestion, poor appetite, constipation, headaches, dizzy spells, sleeplessness, and losing weight. After taking Ka-di-ok my troubles ceased. I have no more kidney trouble, no indigestion, eat and sleep well, and feel like a new man."—W. M. Workman, 925 Adams Ave., Huntington, W. Va.

Next Saturday, July 4th--Store Closed All Day--Shop Tomorrow and Frida

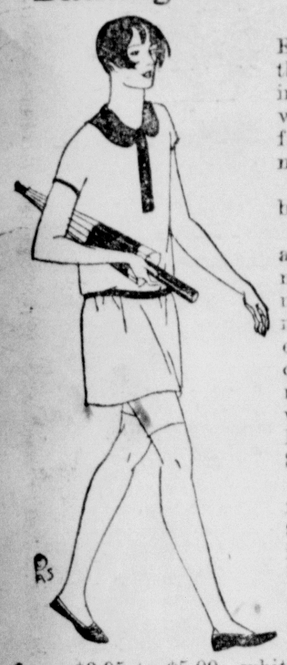

Do You Know?

Friday is generally accounted a day of ill-omen. It should be a cherished day in America, for on a Friday Columbus set sail from Spain, discovering America on a Friday. It was on a Friday that he set sail on his return voyage arriving in Spain on a Friday. Henry VIII gave John Cabot his commission to pursue the discoverer on a Friday, which resulted in his landing in North America on a Friday. The Pilgrims landed at Plymouth on a Friday. George Washington was born on a Friday and Corwallis surrendered on a Friday! And in the face of this Americans regard Friday as an unlucky day!

At any rate Friday will be a banner Friday for those who shop here, because we will be closed all day Saturday, July Fourth.

TWO BASEBALL GAMES CARDED

Allegheny P. R. R. Nine Will Play Locals Here Saturday.

A two-ply baseball bill will be the chief feature of Wellsville's Fourth of July celebration on Saturday.

Officers of the C. & P. baseball club, the local entry in the City Industrial baseball circuit, today announced that the Allegheny Shops team, of the Pennsylvania railroad, has been booked for a double bill here. One game will be staged in the morning and one in the afternoon, according to present arrangements.

The club committee seeking funds for the improvement of the Central park playing grounds is making excellent progress, it was asserted.

The strength of the local club for the second half of the league season will also be increased, it was pointed out.

The Chester club has sent over a number of tickets for the benefit clash for Manning, of Wellsville, and Moore, of Chester, players who were disabled in recent engagements. It is likely that Percy Wyant will take the slab against the league leaders.

Trotters are scheduled to play at Central park this evening.

'FOURTH' PROGRAM AT SALINEVILLE

One of the biggest home coming celebrations in the history of Salineville is being planned for Saturday, July 4, by the cornet band and the Salineville Kiwanis club.

Promptly at 8:30 o'clock in the morning, the program will start at the Pennsylvania railroad depot with races and other events for the youngsters.

A ball game at 10:30 has been billed as the chief sports event. Another diamond contest will be staged in the afternoon between the Alliance Goat Hills and the Salineville Independents.

At 1 o'clock the community band stand erected on the high school grounds by the Kiwanis club will be dedicated with proper ceremonies. The dedicatory address will be delivered by Rev. P. W. Macauley, pastor of the First Presbyterian church of Lisbon. At 2 o'clock there will be a parade.

A temporary lull in activities will occur at 6 o'clock. A band concert will start at 7:30 and this will be followed by a community dance at Addison hall an hour later.

W. A. Moore Dead.

William A. Moore, 30 years old, of Wellsville, died yesterday at Massillon, following a brief illness.

The body arrived this morning at the D. N. MacLean funeral home and will be taken later to the late residence, 2108 Chester avenue.

He is survived by his wife, four children and his parents.

Funeral services will be held tomorrow afternoon at 2 o'clock. Burial will be made in Spring Hill cemetery.

Will Visit Lisbon O. E. S.

A number of the members of the local chapter of the Order of the Eastern Star are planning to attend the dinner and inspection to be held on Friday evening by Lisbon chapter.

GRANGE TO MEET THURSDAY NIGHT

Songs, talk, recitations, readings and music make up the program that will be given on Thursday evening by members of the Yellow Creek grange, in the grange hall.

The complete program follows:

Opening song, "Flag of the Free"—Chorus.

Roll call—"How I Expect to Spend the Fourth."

Recitation—Frances Falconer.

Talk—Miss Elvada Marshall.

Music, "Dixie Land"—Chorus.

Readings—Members of the grange.

Recitation—Mabel McBane.

Pantomime, "Women of America"—Seven girls.

Stunt—Miss Christine Kerr.

Closing song, "Freedom's Banner"—Chorus.

KIWANIANS MEET WITH GRANGERS

More than a hundred "town men and farmers" attended the joint session of the Wellsville Kiwanis club and the Yellow Creek grange last evening in the grange hall in the Wellsville-Lisbon road.

The meeting was designed primarily for the purpose of discussing means of promoting better understanding between the town man and the farmer.

Approximately 50 local Kiwanians and fully as many grange members attended.

County Farm Agent Lower, and Clark Halverstadt, of Lisbon, discussed farm bureau work and its relation to the city. W. R. MacDonald of the Kiwanis club, gave a short address.

Club singing was led by T. A. McClelland, with Miss Martha McClelland at the piano. C. J. Vogel and T. A. McClelland entertained with a vocal duet.

J. W. Kerr was chairman.

MISS SATTES IS HOSTESS TO CLUB

Miss Stella Sattes was hostess to members of the Five Hundred club last evening at her home in Fourteenth street.

The affair honored Mrs. Donald Dudley, of Orlando, Fla., who is spending a few weeks with friends and relatives here.

Awards in five hundred were made to Miss Olive Williamson and Mrs. Gerald Crumbley. At the close of the affair luncheon was served.

Taken to Hospital.

David Bethel, local railroad worker, who was injured sometime ago while at work, was removed yesterday to the East Liverpool City hospital for treatment.

Calendar Coterie Session.

Members of the Calenda Coterie of the Second Presbyterian church will convene on Thursday evening at 7:30 o'clock in the church basement.

Hostess for the meeting will be Mrs. Bessie Ferris, Mrs. Ruth Weaver, Mrs. Molly Grafton and Mrs. May Grafton.

Recovering From Operation.

Mrs. William Davis, of Broadway, has been removed to her home from the East Liverpool City hospital. She is said to be recovering rapidly from a recent operation.

Entertain Relatives.

Mr. and Mrs. George Lowry, Broadway, are entertaining at their home, Mrs. James Lowary and Miss Katherine Lowary, the former's mother and his niece, respectively, of Alliance, and Miss Caroline Eaton, of Erie, Pa., also niece.

Lease Theatre Building.

A three year lease has been taken on the Liberty theatre, Wellsville, by Walter B. Urling and Clarence J. Vogel, the rental being $175 per month, according to a lease just field in court for record.

The lease was given by George B. Workman, Clarence J. Vogel and Walter B. Urling.

Stork Brings Daughter.

Mr. and Mrs. Alfred Morris, of 1713 Clark avenue, are the parents of an eight and one-half pound daughter, who was born Sunday morning. She has been named Dorothy Jean.

The German market for office furniture has been upset by the stabilizing of the currency, which has cut down the amount of bookkeeping necessary in banks and business houses.

Returns Husband's Blows

Mrs. Ida May Symington, target in New York's most sensational divorce case in many, many days, is hitting back at her husband, who accuses her of misconduct with other men. She denounces him as a cold, cruel man, who loves his horses and his guns more than he ever loved her; and that all of his charges are a conspiracy of lies. Symington is a multi-millionaire manufacturer and inventor. Mrs. Symington is seen telling her story on the witness stand.

Marriage Ritual Changes Planned By Episcopalians

Commission on Prayer Book Revision Recommends Deletion of Bride's "Obey" From Service.

NEW YORK, June.—The Fourth report of the joint commission on Prayer Book Revision of the Episcopal church, which has just been issued, recommends final action by the general convention of the church, meeting in New Orleans October 7-23, on the proposal to delete the word "obey" from its marriage service, as well as to strike out the frequently Pickwickian phrase in which the bridegroom endows the bride with all his "worldly goods."

The report also recommends that the proposed shortened form of the Ten Commandments for optional use by the clergy shall finally be approved by the Supreme Court of the church, as well as the elimination from the Book of Common Prayer of the inhibition of the unbaptized, excommunicate and suicide from the rite of burial service.

Numerous other changes in the Book of Common Prayer, but largely in the nature of modernized phraseology and transposition, will also be submitted to this forty-eighth triennial general convention of the church by the joint commission, whose report is made public in anticipation of that gathering.

All of these proposed changes were approved after extended debate at the Episcopal general convention which met in Portland, Oregon, in September, 1922. Church law provides, however, that amendments to the Book of Common Prayer shall be approved by two successive general conventions. The fight for these reforms must be made all over again, therefore, at the forthcoming New Orleans meeting.

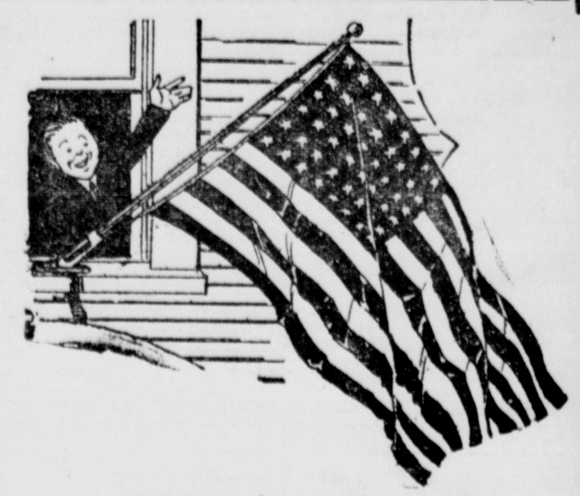

Swedish Nationality Total Is 9,000,000

Stockholm.—Sweden's population as shown by a report of the royal bureau of statistics is 6,000,000, and the entire Swedish nationality, wherever domiciled, is 9,000,000.

Figures show that 780,000 native born Swedes live outside the country, of whom 625,000 are in the United States, 30,000 in Canada, 50,000 in Norway and 36,000 in Denmark. The Swedish race in Finland numbers about 350,000, while the total Swedish stock in the United States, including immigrants and their children was 1,457,382 in 1920.

The foreign born inhabitants of Sweden number 57,882, or less than 1 per cent of the total population.

School Superintendents Exchange Places

By a queer turn of fate, East Liverpool and New Philadelphia will exchange school superintendents on September 1.

F. P. Geiger, for eight years chieftain of the schools here, will become head of the Tuscarawas county town's educational system, while his predecessor, Charles S. McVay, will become his successor in East Liverpool.

Mr. McVay, who has been New Philadelphia's superintendent for approximately three years, was elected to fill the vacancy caused by Mr. Geiger's resignation at Monday night's session of the board of education by a vote of three to two. He was chosen for a four-year term from a field of 80 candidates.

The retiring East Liverpool school head advised the board of education here that he was not a candidate for re-election after he had been unanimously selected by the New Philadelphia board for a five-year term. He was not an applicant for the latter place, but accepted the appointment.

The new school chieftain here is 52 years old, married and has one daughter. He was superintendent for nine years at Bellaire, spent a few years at Ambridge, Pa., then went to Mingo Junction, from where he was called to the New Philadelphia post, where inquiry showed he had made a good record.

His predecessor, also married and a father, had many years' experience, teaching in Lancaster and Carrollton and serving five years as high school principal and 15 years as superintendent in Dover, before his election in East Liverpool, where his work won much commendation. He, too, has been honored with election as president of the Ohio Teachers' association.

Both men are well qualified. And if any ill-feeling has been created by the selections, it should be forgotten in the respective cities. For the best interests of the schools, harmony is essential. The newly chosen East Liverpool and New Philadelphia superintendents should have the whole-hearted support of their boards of education as well as the people of their home communities.

A Dry Border

It seems to have escaped general notice that the United States senate in the last session ratified a liquor treaty with Canada. It was not labeled a liquor treaty, but it amounts to that.

The compact was designed for mutual protection of the two countries against smuggling. It provided for the exchange of information by the two governments regarding the smuggling of any kind of goods across the border. In its application to the United States, this treaty will naturally put in the hands of the government at Washington information that has never been available before concerning liquor smuggled in from Canada.

It is expected that the formal exchange of ratification will be made within a month, and the services of the Canadian government will then supplement the efforts of our federal prohibition forces. Negotiations are under way with Mexico for a similar treaty.

Thus to a dry seacoast may be added a dry border, north and south. That is two-thirds of the enforcement problem. The other consist in drying up the chief sources of domestic supply. There is fresh activity, too, in that field, with the emphasis on the big fellows instead of the little ones.

Sharing A Garden

A well-to-do woman in New Jersey whose home includes a very extensive and beautiful garden has opened it for the summer to the local Girl Scout troops for their nature study classes. The garden is a lively example of what may be done in a home garden with the common flowers of fields and woods.

If the teachers of those nature study groups are alive to their opportunities, almost as much may be learned and enjoyed in that garden as in a natural woods. There will be the flowers and trees and grasses; there will be birds and bees and butterflies, and there will be peacefulness and beauty treated lovingly and carefully instead of trampled and abused.

It is easy to understand why the owners of beautiful, well-kept gardens cannot open them indiscriminately to the whole public. But there should be more such public-spirited garden-lovers who have the generosity and faith to show their gardens in this way to groups of boys or girls or grown-ups.

Lazy People

Dr. Guy E. Manning, of San Francisco, tells a medical convention that labor-saving devices are making the American housewife lazy.

"Every man is anxious to spare his wife unnecessary labor," he says, "but for her own good she should take some exercise."

But Dr. Manning is fair-minded. Men, he admits, need the same kind of scolding, because many of them are downright lazy. "They'd rather wait a few minutes for an elevator to take them to the second floor than climb a few steps. They'd never think of walking a few blocks when a street car or automobile is handy."

There's a lot of truth in it. And lazy bodies make lazy minds. It may be that "what this country needs" is exercise.

The trouble with American business, says Babson, is too much manufacturing capacity and too many retailers. First thing he knows, somebody will be saying it's simply not enough consumers, and demanding a higher birth rate and more immigration.

It looks sometimes as if the leading American diversion is murder trials.

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, June.—Hotel skippers and tricksters cost New York hotels huge sums daily. The hotel beat is the polished nob of crookdom. He must have a front—usually flashy habilaments and a suave manner. As a rule he works alone.

A hotel's greatest asset is hospitality. This makes it easy sailing for the crook to establish himself. A nifty bit of luggage filled with telephone books will often permit him to pyramid a $400 account in a week. The patron who receives no mail is looked upon with suspicion.

The skilled beat avoids this suspicion by writing letters and sending telegrams to himself. His source of cash revenue is usually from C. O. D. packages which are later pawned. Few hotels will today advance cash unless the patrons reliability has been thoroughly established.

Small side street hotels are rarely victimized. The large and palatial inn is the beats meat. He can take advantage of the shifting transient trade and the lack of conspicuousness engendered in the smaller place. A hotel association has a trained crew of sleuths to run down shippers.

Most of them eventually are caught but one woman known in hoteldom as "The Streak" has beaten the game for many years. She has tact, initiative and a winning personality. She has flattered a long line of cashiers out of sound money.

Her methods are rather oblique. She carries no baggage. Reservations are made by a pseudo male secretary. He gives the name of some important personage usually a stage or movie star. She does not want to appear in the public dining rooms or foyers. He calls for the key. She slips into the room.

Batches of mail and telegrams arrive. She phones for them to be sent to her suite. She has the cashier send her money and pay for multitudinous C. O. D. packages. She leaves sometimes within a day and no one save perhaps a floor maid or floor clerk has seen her. She is a lightning worker.

There are, it is estimated, some 2,000 men in New York who are not wearing hats this summer. A theatrical producer with thinning crown started the idea about five years ago. Eighten men in dinner clothes were at a mid-town roof garden in one evening without head covering. The sale of straw hats this summer in the metropolis reached its lowest ebb. It was not only because so many were not wearing hats but because a large number were not wearing straws.

The heaviest loss—pardon our agonizing sobs—is falling on the Greek hat snatchers. The hatless hordes seem to take a fiendish delight in walking past and tossing a ha-ha their way enroute to lunch or dinner.

The hat checkers like the French gambling house croupiers wear pocketless clothes and in some instances are forced to strip, leaving everything behind and walk to another room for their street clothes when through work. Even this system has not proven air tight. A spotter one night stopped a man he suspected of being a confederate, grabbed off his silk hat and found bags of silver attached inside totaling $40. He had been a nightly visitor for many weeks checking his hat, idling awhile in the lounging rooms and then departing.

Irvin Cobb is said to be the highest paid short story writer—at a figure reputed to be between $3,500 and $4,000 for each tale. Fifteen years ago 500 was considered a big price and when $1,000 was reached that was thought to be top hole. O. Henry sold many short stories for $50. And at times $20—C. O. D.

HASKIN'S LETTER

BY FREDERIC J. HASKIN

What America Produces.

WASHINGTON, D. C., July 1.—The reason that the rest of the world is so anxious to have the United States join some international arrangement which will aid in maintaining world peace and administer economic aid is that our country today is the wonder of history from the point of view of progress and material prosperity. An examination of figures showing where we stand economically can not be made without absolute amazement. No nation previously in the entire history of the world has made the strides which have been made by Americans. Those in America who are considered relatively poor would be regarded as fortunate if many foreign lands.

The population of the United States is estimated at only 6.2 per cent of the total population of the world. Yet when it is realized what that small percentage of humans controls it appears that this is a wonder country. We have only 5.7 per cent of the land area of the world but on that land we have produced more than any other country has in the way of material wealth.

Probably the principal predominance is in the automotive industry. With but 6.2 per cent of the people of the world, the United States has 82.7 per cent of the automobiles. And many of the automobiles in use in other countries were made here and exported. There is a machine for nearly every American family. The car no longer is the luxury of the rich. Stenographers, plumbers, bricklayers, bootblacks—all walks of life—have them. Nowadays, when a contractor is erecting a building on which numerous workmen are employed, it frequently is his custom to rent an adjacent piece of land to provide parking space for the automobiles of his carpenters, masons and such other artisans. Ten years ago this would have been undreamed of here and so it is today in all other countries. England probably stands second in wealth to the United States but even there the workmen who has so much as a bicycle thinks himself prosperous.

Snappy Telephone Service.

The installed water power of the United States represents 37.9 per cent of all the installed water power of the world and yet this industry is merely in its infancy. Americans have 57.8 per cent of the telephone and telegraph facilities of the whole world. It is a curious fact, however, that there are more automobiles in the United States than there are telephones. While it is a popular pastime to criticize telephone service, the actual fact is that service here is far ahead of that in any other country. For instance, in Italy when one wants to call a number he puts in his call and then hangs up the receiver. He waits sometimes as much as an hour to get the connection. It takes about as much time to call the instrument across the street in Italy as it does to get a connection between New York and San Francisco in the United States.

American coal deposits amount to 43.5 per cent of the world's total. And of the world's petroleum, we have 71.9 per cent—nearly three quarters of the entire world's supply. Copper is one of the basic metals without which industry can not get along and of the world's supply the American nation has more than half—52.7 per cent. Lead is a metal which is growing rare. All the known lead mines of the world are being worked but the supply is diminishing. Lead is not being used save where it is indispensable. Zinc is being employed as a substitute wherever possible. Still, the United States can keep going longer than anyone else because we have 46.1 per cent of the world's lead.

Feed Ourselves and Others Too.

Almost every country in the world produces wheat, the basis for bread, the staff of life. Yet with only 5.7 per cent of the world's land area, we produce 21.3 per cent of its wheat and send huge quantities to other countries. Of other cereals the United States produces 32.2 per cent of the total supply of the world.

Despite the fact that for many years other nations have been carrying on campaigns looking to the increase in cotton production, the United States still produces more than half of the world supply. Fifty two per cent of this important staple comes from American plantations. Again, in lumber, the United States stands first with more than half—58.6 per cent—of the world's lumber cut to its credit.

Pig iron production of the United States amounts to 60.2 per cent of that of the whole world. From this pig iron is made 59.8 per cent of all the steel produced.

Americans are tremendous consumers of paper. Recently a British humorist who came to this country to write about American manners and customs and institutions, declared that no one here could have a Sunday paper unless he either were wealthy enough to hire plenty of help or was married and had a couple of strong arms. No man, single-handed, he said, could bring a Sunday paper into the house. It would be too heavy and unwieldly for him. That is a humorous exaggeration but it is true that the tremendous consumption of paper in this country causes 6.2 per cent of the world's population to produce for its own use 57.4 per cent of all the paper made.

The predominance of the country in automobiles results naturally in a relative consumption of rubber for tires. Although rubber is not now raised here, American people consume 70.9 per cent of all the rubber produced in the whole world.

All of these figures, compiled from official sources, show that the United States is a country well worth being allied with and well worth living in. Its place in the sun is secure of its citizens maintain stoutly its institutions and put up a united opposition to those who would materially change or destroy its form of government.

During last winter there were 47 days when the wind blew a gale in the English Channel.

GLASS FACTORY SWEPT BY FIRE

Huntington Is Scene of Disastrous Blaze; Loss $500,000.

HUNTINGTON, W. Va., July 1.—One thousand men are out of work here today as a result of the half million dollar fire at the Charles Boldt glass plant last night.

Five warehouses, a power plant, a box factory and a stable were demolished. However, the main building escaped with little injury.

The fire was brought under control shortly before midnight. Firemen were hampered by low water pressure in fighting the blaze.

Officials of the company and the state fire marshal's office today began an investigation to determine the cause. The fire was believed to have been of incendiary origin.

The flames first broke out in one of the warehouses. Whipped by a high wind, they spread rapidly to other nearby buildings. All fire fighting apparatus was called.

Included in the loss are all the patterns for bottles manufactured by the company. These will be hard to replace, officials said.

HARRIMAN FIRM GETS ROAD BONDS

A syndicate headed by W. A. Harriman and company of New York was the successful bidder yesterday at Charleston for $6,000,000 of West Virginia state road bonds, on a basis which will represent a cost to the state of slightly over 4.15 percent. So close were the bids of this syndicate and of another headed by the National City company of New York, that it was necessary to figure the interest cost to the fifth decimal place to find a difference and bond salesmen present when the bids were opened figured that the difference was only about $600 in the cost to the state of borrowing the $6,000,000 on bonds, the last of which will be retired in 1950.

The successful bid calls for $1,850,000 in four percent bonds of which $350,000 will mature in 1947 and $500,000 each year from 1948 to 1950, and the remaining $4,150,000 in four and a quarter per cent bonds maturing $500,000 each year from 1939 to 1946. For these the successful bidders offered a premium of $540.

The syndicate headed by the National City company offered 60 ppremium for $1.800000 four per cent bonds, with $300,000 maturing in 1947 and $500,000 each year in the years 1948 to 1950 and the remaining $4,200,000 at four and a quarter per cent maturing 500,000 each year from 1923 through 1946. The other members making this bid were Harris Forbes and Company, Brown Brothers and Company, F. S. Calkins and Company, and the Kanawha Valley Bank of Charleston.

RICH MIXTURE CHEAPEST FOR STARTING AUTO

U. S. Bureau Tests May Prompt Changes in Carbureation.

COLD DAY HINTS

Fussy Motorists Wrong, Government Experts Claim.

WASHINGTON, June.—Experiments with automobile engines, which may lead to revolutionary changes in carburetion, have been partially completed by the U. S. Bureau of Standards, it was learned recently.

Smashing present theories to bits, came the flat declaration, following exhaustive experiments, that the richest gasoline mixture, up to a certain easily apparent maximum, is the most economical one with which to start an internal combustion motor.

"Pull out the choke; get the gas to the motor," was in effect the gist of advice given to motorists for quick starting, particularly on cold mornings, by the government engineers.

Fussy Motorists Wrong.

The more gasoline that reaches the combustion chamber, within reason, the quicker the motor will start and the more economical will be the gasoline consumption, they declared.

The ordinary motorist, who fusses with his lean mixture and sparingly uses the choke in an effort to conserve his gasoline when starting, is in reality extravagant, the experiments revealed.

The length of time required to start the motor with a lean mixture will more than offset the relatively large amount "poured" into the combustion chamber in one dose, which usually, it was found, is sufficient to start the car.

May Discard Carbureator.

The motor used in the experiments has no carburetor but is fed by small jests of pure gasoline. It starts and runs perfectly at all speeds.

Although experiments along these lines have not been completed, it was intimated that the time is not far distant when carburetors may be done away with entirely, supplanted by a straight gasoline line to the motor.

Unsatisfactory volume of sales at the Leipsig International Fair proved that German exports were being curtailed by high prices.

Duco Finishers
Uncle Sam Used Duco—Let Us!

Duco Your Car

What Is Duco Finish?

Duco is a a pyroxilin Lacquer manufactured by the Dupont Company, and is guaranteed to stand what no other finish has ever stood before, it has come out of the test tubes of Dupont chemists a radically new and vastly improved automobile finish.

What Is the Life of Duco Finish?

There is no question but that Duco finish on a car will easily outlast any other finish by far, in fact, in a great number of cases it has lasted the life of the car.

What is the Advantage of Duco Finish?

You can run a car finished with Duco through any kind of muck, leave it out all night in any kind of weather, allow grease or caustics to get on it, without harming it in any way, rub dust, grit, mud and alkali, etc., off with a dry cloth and it won't scratch it.

What Is the Cost of Duco Finish?

It costs a little more than paint, but that is offset by its lasting the life of three paint jobs, and your car is not tied up as long as in having it painted.

How We Put Duco Finish On:

The car is stripped of paint since Duco absolutely will not stick to a background which has the slightest bit of paint or oil on it.

The surface of the car is cleaned down to the metal, after which it is sanded out twice, in order that the tiniest particle of dirt, dust or other substance may be removed.

Then the car is given three distinct washes, first with a rust killer most cars have a solid coat of rust under the original finish), then an alcohol and gasoline wash and finally a thorough cleansing with anylacetate.

With the surface in a state of positive cleanliness the car is ready for the first coat which is a metal primer. This is permitted to dry for 24 hours, after which two coats of Duco rough, as an undercoating of filler, are applied and these stand for 12 hours. It is vitally important that every crack be filled.

With the background prepared the task of "shooting" the Duco begins.

The actual finishing of a car in Duco requires care, coupled with experience in applying it properly, if you are to get the full benefit to be derived from Duco.

We Are Also Equipped to Do the Following:

Automobile painting, top trimming and upholstering, make an enclosed car your open car. Remove dents from body and fenders, replace glass in windshields and doors; eliminate rattles and squeaks; if your car is wrecked we make it new.

SOCIETY

Miss Phyllis Morgan And Earle Main of Columbus Wed Here

A pretty wedding was solemnized Monday afternoon at 3 o'clock in the First Methodist Protestant church, when Miss Phyllis Morgan, daughter of Mr. and Mrs. Edwin Morgan of Falconer's stop on the Y. & O., became the bride of Earle Main of Columbus. Rev. J. F. Dimit, pastor of the church, read the impressive ring ceremony.

The bride wore a gown of white satin trimmed with pearls and carried a bouquet of bride's roses. The bridal veil was held in place with orange blossoms.

Miss Ivy Morgan, a sister of the bride, was maid of honor. She wore a gown of orchid taffeta, trimmed with silver lace. Her corsage was of sweetpeas. The bride's maids were Miss Olive Cecil and Miss Bernice Finley. Miss Cecil wore pink flat crepe trimmed with cream lace and french knots, with a corsage bouquet of sweet peas. Miss Finley wore blue flat crepe trimmed with cream lace and French knots. Her corsage was made of sweetpeas.

The bride was given in marriage by her brother, Frederick Morgan. George Morgan of Montreal, Canada, also a brother of the bride, served as best man.

Following the ceremony, a wedding dinner was served at the home of the bride's parents, after which Mr. and Mrs. Main left for a honeymoon trip to Cleveland and other lake points.

Earle Main Sr., father of the bridegroom, and Mrs. Alice Thoman, a sister of the bridegroom, and her son, Dale, of Mansfield, were the only out-of-town guests.

Golden Eagle Club Wiener Sizzle.

The Golden Eagle club enjoyed a wiener sizzle on the beach at West End, Saturday evening. Twelve members were present, and outdoor sports were the diversions. The club will meet tonight for the last session of the summer in the home of Mrs. Anna Carey, of West Ninth street.

Girls' Guild Coverdish Supper.

The Girls' Guild of the First Baptist church entertained with a coverdish supper Monday evening in the social rooms of the church. Covers were arranged for 23 guests. Miss Oro McElroy and Miss Helen Sugden were in charge. The social hours were spent with music and games.

Miss Ethel Knisely, daughter of Mr. and Mrs. D. F. Knisely, of Adolphus street, Chester, W. Va., has returned home after another season of teaching and study in New York city. Miss Knisely won a scholarship recently, which includes a summer session with Ernest Hutchison at Chautauqua. This year she was a member of the Master class of E. Robert Schmitz, the eminent French pianist and pedagogue. She is a member of the faculty of the New York Piano Conservatory and School of Affiliated Arts, and includes in her classes a number of artist pupils. She has studied piano improvisation under Dr. A. Verne Westlake. Beside her piano study, Miss Knisely has recently completed a course in creative musicianship under Mrs. Effa Ellis Perfield.

Bible Literary Club Dinner

Twenty-two members of the Bible Literary club were guests Tuesday at a 6 o'clock dinner in the home of Mrs. Edward LaRue, at Carrollton.

Following a 1 o'clock luncheon in Minerva, the club members continued the journey in automobiles to the home of the hostess. The interior of the house was decorated in June flowers and foliage, with white marguerites predominating.

Mrs. LaRue was assisted in serving by Mrs. James Lore, and Mrs. Charles Bowman of Carrollton. Special guests included Mrs. Frank Transue, Alliance; Mrs. George Wassman and Miss Helen Wassman, Cleveland; Mrs. Edgar Rousch, Canton; Mrs. J. M. Shafer, Carrollton, and Miss Margaret Baum, East Liverpool.

The program committee, consisting of Miss Nellie Dawson, Mrs. W. O. Bloor, Mrs. C. T. Larkins and Mrs. B. D. Kenney, distributed the 1925-26 club calendars containing topics of unusual interest. The motto of the program committees:

Deal gently with us, ye who read;
Our largest hope is unfulfilled.
The promise still outruns the deed—
The tower, but not the spires we build.

Cuban Mail Service Will be Improved By U. S. Government

WASHINGTON, July — Plans for expediting mail from the United States to Cuba have been completed by the two governments and will be put into effect July 1, according to American Trade Commissioner C. A. Livengood of Havana.

Beginning July 1, mail from this country will be cleared at Jacksonville, Fla., and made up for forwarding to 14 customs districts in Cuba, without being delayed in Havana. Heretofore mail to the interior of Cuba has been delayed by the practice of passing it through the Havana postoffice before forwarding it to the various distributing zones.

The Closer You Figure Values—The More You'll Appreciate This Sensational July Sale of

New Summery Dresses

AVERAGING ABOUT ONE-HALF PRICE.

We always did believe that the women of East Liverpool and surrounding communities were interested in real values but never have we had the pleasure of witnessing such an enthusiastic response to an announcement of Special Values as that which fell to our lot at the opening of our sale, today.

We did our best to serve our customers with the regular "Newman Efficiency" but unfortunately our Sales Force was inadequate to cope with the situation and many were prevented from participating in the most sensational festival of bargains held in the city for years.

But—It is not yet too late—tomorrow will be another day and with its coming we promise the same remarkable values, and a selection of styles, shades and materials from which you can choose at will with a certain assurance that you are obtaining values far above the ordinary.

Girl Couldn't Stand Clothes to Touch Her

"My father got me a bottle of Mayr's Wonderful Remedy for stomach trouble and I am feeling so much better since taking it. My stomach was so painful I couldn't stand my clothes to touch me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Jesse D. Holloway and Druggists Everywhere.

COOLIDGE BACK AT SWAMPSCOTT FROM VERMONT

President Resumes Work as Aged Father Gains Strength.

200-MILE TRIP

Executive's Auto Party Encounters Democratic Inconveniences.

By GEORGE E. DURNO.

SWAMPSCOTT, Mass., July 1.—Back at the summer White House here, after a dramatic race into the Green mountains of Vermont, where his aged father lay at the point of death, President Coolidge today looked forward hopefully to an uninterrupted resumption of his vacation plans.

The ordinary routine, involving disposition of official business, via Washington and temporary executive offices at Lynn and White Court, were entered into as usual.

Secretary to the President Saunders laid before the president a mass of reports and papers that had accumulated during the three days in Vermont and Erwin Geisser, personal stenographer, journeyed over to Swampscott to take dictation.

Father's Remarkable Recovery.

Mr. Coolidge is hopeful that no further trip to the old famil homestead at Plymouth will be necessary until late in the summer when he originally had planned to visit there for 10 days or two weeks.

The truly remarkable recovery of his father, Col. John Coolidge, from the serious illness that developed last week has enheartened him greatly.

Col. Coolidge is 80 years old, however. His heart is weak and he had just undergone a serious bladder operation.

Major James F. Coupal, the President's personal physician, remains behind at Plymouth and is reporting regularly to Swampscott.

Dr. Arthur L. Chute, Boston specialist, is scheduled to return to the bedside Thursday for an additional diagnosis to determine whether a second operation must be performed.

The President is holding himself in readiness to return to his boyhood home at once if necessary.

Forced to Pay Toll.

Yesterday's return to Massachusetts was rather unusual for a Presidential trip. Mr. and Mrs. Coolidge, on the more than 200-mile journey, encountered all the little democratic inconveniences that might befall any ordinary tourist.

Crossing the state line between Vermont and New Hampshire, the party was held up unceremoniously at a toll bridge where a most emphatic woman extracted 15 cents for each and every auto in line.

Following, the Coolidge caravan dropped in at a short order lunch room at Gilsum, N. H., and waited patiently for a large order of sandwiches and coffee.

Then, emulating most thourists, the party got lost repeatedy. In Lowell, Mass., a number of false starts were made before the correct route was located.

And it was in Lowell that the crowning blow came. The White House limousine had drawn up to the curb while "Robby," the chauffeur, asked directions.

Up walked a burly "copper," who, pointing to a no parking sign, bellowed sacrastically: "Can't you read? You can't park here. Move on. Move on.'

notice of acceptance of his application here.

In view of the preliminary work which must be done before the schools reopen, the board of education feels that the superintendent-elect should come to East Liverpool August 1. Superintendent Geiger has expressed a willingness to relinquish his post here on August 1 in order to take charge at New Philadelphia if arrangements can be made with the local board. He will go to the Tuscarawas county metropolis Thursday night to meet with the school board there.

President J. H. Brookes, who, with E. T. Weaver opposed the appointment of the New Philadelphia man, was out of the city today, and is not expected to return this week. Vice-President D. F. White will preside at Thursday night's session of the board.

brief response in which he touched upon the tournament.

Attorney Blaine H. Cochran discussed the work of aiding the crippled children. He said Ohio was the leader in the movement. Other states are now being organized for the work, largely through Ohio's initiative, he declared. Cochran recently organized the state of Pennsylvania for the hospitalization of cripples.

President Wells then turned the meeting over to Secretary H. B. Barth, who was the delegate of the local club to the International Rotary convention, held at Cleveland last week. Albert E. Frosch made a three-minute report on the meetings which took place on the second day of the convention. Other reports regarding the convention were postponed until a later meeting.

ITALIAN LIRA HITTING SKIDS

NEW YORK, July 1.—Italian Lira sold at the lowest prices ever recorded in the New York exchange market today when transfers of the Italian currency were made at 0.0201/4, a decline of about 17 points for the day.

TODAY

(Continued from Page One)

midst of various crisis, financial and others, following the war.

Mr. Coolidge's accidental brief tenure of office following President Harding's death was not a presidential term. He sat in the president's chair when the president died, but did not become president on his own account, not in the sense in which Washington understood the presidency, until he was elected in November, 1924.

Third term talk will be postponed by sensible people until about 1930. Meanwhile, there is plenty of work for the people to do without worrying about distant issues. If the President carries the nation successfully through his FIRST elected term without serious mistake or setbacks, he will have rendered a great service to the United States and the people of his party, not being idiots, will ask him to take charge for four years more. Time enough after that to talk about a third term.

In Vienna, lectures in all languages will be given by professors from all countries. From Harvard to the Sorbonne, wisdom will pour into Vienna.

But all the teachers in the world will not teach Austrians as much as the war taught them in a short time.

War is the great educator. It teaches men what they most need to know, namely, that for human beings to cut each other's throats is not profitable, does not help victor or vanquished.

Sad hours in Wall street yesterday, when call money, with which men speculate went to 6 per cent, highest price since 1923. It is all right for business men to pay 6 per cent or more, all right for a railroad to pay 5 per cent and a good fat commission for a loan. But, Wall street likes cheap money, and worries when it doesn't get it.

The worries of the street are sometimes the opportunity of the wise man. Many things are selling too cheap on that list of stocks, but you cannot identify them by GUESSING. Keep away from gambling.

Fliers for the navy will map out the oil shale reserves in the United States starting with the mountains of Colorado.

The oil shale in that extraordinarily rich and fertile state holds in its stony embrace an amount of oil greater than all the world has used up to date.

Science some day will learn how to extract that oil economically. Then the oil problem will be solved for a few generations more.

Vote August 11

(Continued from Page One)

failed to qualify. They may have their names written on the ballot on primary day or they may file petitions 60 days prior to the November 3 election, or not later than September 4. Even if their names were written on the ballot and they failed to muster enough votes to win, this would not deprive them of the right to obtain places on the fall ballot by petition.

Attorney General's Ruling.

Attorney General Crabbe's ruling, which was transmitted to Secretary of State Thad H. Brown and, in turn, forwarded to Clerk Moore of the election board, says in part:

"Section 4949, of the general code, so far as applicable, reads as follows:

'Candidates for * * * all elective state, district, county and municipal offices, * * * shall be nominated or selected in such state, district, sub-division or municipality, in accordance with the provisions of this chapter, * * *.'

"Section 4950 reserves the right of nomination by petition, and section 4951 excepts from the operation of section 4949 townships and municipalities having a population less than two thousand. Since section 4951 is in the nature of an exception to a general rule, its provisions must be strictly construed. It is apparent, therefore, that section 4951 cannot in any sense apply in the present case.

"While it is true that certain territory which is included in the township of Liverpool is also a part of the municipal court district of East Liverpool, and while it is true that no primary will be held in Liverpool township for the election of township officers, this does not prevent the operation of section 4949 to require a primary in the entire judicial district, including the territory in the township for the purpose of nominating candidates for clerk and judge of the municipal court.

"In case no declarations of candidacy are filed for either position, it will be the duty of the deputy state supervisors of elections to provide a ballot with blank spaces so that names of nominees may be written in. It will be necessary for the deputy state supervisors and inspectors of elections to provide a place for voting at said primary election in the same way as though a township primary had been held.

"If nominations are to be made by petition under section 4996, of the general code, those petitions may be signed not only by residents of the territory which comprises Liverpool township, but also from the territory within the municipality of East Liverpool. It is apparent, of course, that so far as the November election is concerned, the ballot for municipal judge must be a non-partisan ballot, and the ballot for clerk of court will appear under the proper designation if there is a nomination by a political party."

Sale of Fireworks Opens Here; Permits Given 50 Dealers

Fireworks went on sale in East Liverpool today.

Under a city ordinance, dealers are permitted to sell fireworks from July 1-4, inclusive. All dealers must have permits issued by Mayor Brown.

About 50 permits were issued today.

Police here have banned the sale of so-called cannon crackers, torpedoes, dynamite canes and blank cartridges. Permits of dealers who sell the explosives, forbidden by the authorities, will be revoked, Chief of Police McDermott said.

OHIO BOOTLEG "KING" IS GIVEN PRISON TERM

Columbus Man Fined $12,000 and Sent to Atlanta.

OTHERS ARE HIT

Federal Court Acts in Clean-up of District.

COLUMBUS, July 1—Michael DeAngelo, reputed "king" of Columbus bootleggers, today was sentenced by Federal Judge Hough to serve three years and one day in the federal penitentiary at Fort Leavenworth, Kansas, and to pay fines aggregating $12,000 following conviction on five counts of an indictment charging conspiracy to violate federal prohibition laws.

Three other defendants were sentenced to serve two years each in Atlanta federal penitentiary, another to serve 18 months at Atlanta, and four others to serve a total of 35 months in Ohio county jails.

Motions to permit release of the nine defendants on bond pending an appeal were denied. DeAngelo and his eight confederates will start this afternoon on journeys to the two penitentiaries and four county jails. These sentences were the most severe ever imposed in the federal district court here for violations of the prohibition laws, it was stated.

"This is the first objective in our fight to check wholesale bootlegging in this federal judicial district" United States District Attorney Haveth E. Mau, Cincinnati, said. "The government has information of the existence of other similar rings. We will proceed against them at once, and if facts are presented to us, showing other violations, we will proceed at once against these violators."

ITALIAN DEBT PARLEY FAILS

Conference Breaks up Without Tangible Results.

WASHINGTON, July 1.—Members of the World War Debt Funding commission did their best today not to show too much disappointment over the breaking up of the debt negotiations with Italy, but it was no secret in official quarters that hopes for a prompt settlement of the two billion dollar Italian debt have been dissipated.

Spokesmen for the commission at the Treasury declared that progress had been made in the three meetings of the debt negotiators, but the reference was to the fact that Italy had acknowledged her debt and not to any tangible results, as no funding plan was submitted before *the conference adjourned* until August.

Secretary of State Kellogg had hoped that something definite could be accomplished in the preliminary meetings and with this in view he had gone so far as to tell the Italian ambassador that the United States expected payments to begin almost immediately and that this government would be opposed to granting an extended moratorium of initial payments. There was a feeling in diplomatic circles that by thus abruptly communicating the administration's attitude to the Italians to head off proposals for delay, Kellogg probably had precipitated the early adjournment of the first meetings.

Ohioan is Slain As Wife Rides in Another Man's Car

MANSFIELD, O., July 1.—Carl Lueth, 33, of Sandusky, was murdered at midnight last night six miles west of here, and Sheriff Fred Sells is directing a state-wide search for Charles Shew, who is alleged to have fired the fatal shot from a 38-calibre revolver. Lueth's widow, who, it is alleged, had been living with Shew on the little farm where the murder took place since she left her husband 10 days ago, is held at city prison as a material witness.

Lueth was shot as he jumped on the running board of the touring car driven by Shew, who had Mrs. Leuth as his companion. As Leuth fell, mortally wounded, Shew is alleged to have stepped on the gas and with the woman still beside him, headed the machine for Crestline. Reaching there the woman telephoned to the Mansfield hospital. Sheriff Bells answered the telephone and told her to come to Mansfield at once. She hired a taxicab and hurried to this city but her husband died shortly after her arrival and she was placed under arrest.

MRS. SMYINGTON WINS IN COURT

NEW YORK, July 1.—Mrs. Ida May Symington today won her fight against the divorce proceedings brought by her millionaire husband, Thomas H. Symington, New York and Baltimore manufacturer, when Supreme Court Justice John Ford dismissed all of the charges of misconduct brought against her.

He then dismissed the jury, declaring that all through the case he "doubted all the allegations except those covered in the direct testimony of Talbot Chambers."

Chambers, a coal operator, and Maurice Fatio, an architect, were the men with whom Symington charged his wife had intimate relations.

SANTA BARBARA CASUALTY LIST

SANTA BARBARA, Calif., July 1.—Summary of Santa Barbara casualties:

morning to the city's request for $2,000,000 for immediate relief.

San Francisco gave $50,000. Los Angeles $10,000 and promises to aid from cities in every state poured into Santa Barbara.

Trickling into the wrecked city from all parts of the world over wobbly telegraph wires messages of encouragement cheered the half-demolished mission town.

Face Menace of Looting.

While reconstruction work was rushed today Santa Barbara faced a new menace.

Hundreds of looters, thugs and bandits were reported to have invaded the city and were attempting to reap rich profits in the damaged sections of the city. Despite careful patroling the marauders were said to have broken through the police lines around the city and to have started looting.

The thugs, according to police, came here from Los Angeles, San Francisco and other coast cities, following reports that jewels, money and costly store stocks filled the brick-strewn streets.

While wholesale looting has not been reported, should the situation become worse in this respect, it was expected actual martial law would be declared. Semi-martial law, with city and military authorities co-operating, has been in effect since a few hours after the disaster.

Four companies of marines from Fort MacArthur, Los Angeles, were scheduled to arrive here today and will relieve Los Angeles policemen rushed here for duty.

Santa Ynez Valley Unharmed.

Hundreds of residents of the city were relieved this morning when telephone communication was made with nearby Santa Ynez valley and it was learned the earthquake had done only small damage in that section.

The Santa Ynez valley is an isolated section and since Monday rumors have circulated that great damage had been done there.

Quake-stricken Santa Barbara *was today a transformed city again.*

Refreshed after their first sleep in many terror filled hours, thousands of the city's residents plunged into the huge task of reconstruction.

Business houses were opened in the re-districted area where the big penalty was paid by buildings, and other sections.

The city's banks opened in a combined temporary institution. Huge gangs of men cleared the cracked streets of debris and others worked in the ruins in a new search for the dead.

The Van Ness, where two unidentified men were reported killed, and other hotels and wrecked structures were searched.

Mayor Brown Guest At Airport Opening In Cleveland Today

Mayor and Mrs. Charles Brown left this morning to attend the formal opening of Cleveland's new airport, marking the inauguration of air mail service on the New York-Cleveland-Chicago section of the transcontinental air mail route, which is being held in the Forest City today.

At a luncheon served in the public auditorium at noon, representatives of the United States government and the aircraft industry were guests. An exhibition of night flying over the new field and a reception for the first plane flying from Chicago to New York is scheduled for tonight.

REPORTS FROM STOCK MARKET

NEW YORK, July 1.—Industrial and motor stocks continued their vigorous forward price movement in the early trading today. While practically all of Tuesday's leaders were prominent in this rally, new leaders were developed in the specialty group, as well as in the oil and railroad shares. Woolworth's 6-point jump to 157½, for a total gain of 12 points from yesterday's low and American Can's new advance to 199 were the features of the first period. Baldwin also exhibited unusual strength in this period, selling up to 117½, a gain of 6 points over yesterday's low.

Bullish traders occupied an advantageous position in having the average price of industrial stocks at a new high for the year and a crowded short position in a number of the most active industrial stocks. Recent attempts to cover these shorts have resulted in the skyrocketing of prices, particularly in stocks in which the floating supply is known to be small.

Trading in the first hour was at a high tension, with the volume of sales considerably above the average of the last 10 days. Mack Trucks sold about 3 points higher, Cast Iron Pipe, General Electric and other active industrials made moderate gains in heavy trading. Frisco common and Rock Island led a good rally in the rails, while Independent Oil and Gas featured the oils with an advance at around 42.

VISITING JUDGE TO COME HERE

Number of Important Cases Will be Tried Soon.

That a visiting judge will be asked to be assigned to this county during the latter part of the month has been indicated by Judge James G. Moore, because of several important cases on the docket.

One of these actions is that of Moyer Bros., of East Liverpool against May Mosby, an injunction proceeding, which has been remanded to common pleas for further hearing by the court of appeals, the opinion of the latter being handed down recently in Cleveland.

As Judge Moore has already passed upon this issue, he has intimated that the case will be presented from the record to another jurist.

The case of W. R. Phillips as county treasurer against Joseph Greenwood for the recovery of $39.47 claimed due as delinquent tax, the action has been dismissed by the court at the costs of the plaintiff.

A settlement out of court has been announced in the case of the United States Tent & Awning company against Walter L. Main, which was for the recovery of property. The costs in the action have been paid.

In the case of County Treasurer Jo Pike against J. H. McCoy and others, for the foreclosure of a tax lein, and the sale of real estate, the case has been dismissed and the costs paid as it relates to William Highes.

A new appraisement and sale has been ordered in the foreclosure case filed by Cynthia A. Hiveley against Robert S. Dilworth, wherein $1,800 was claimed due. When the property was first offered for sale there was no bidders, and as a result another appraisement has to be made.

Dismissal for failure to file a petition and want of prosecution is the record in the case of Paul Furnisch against William Warrick, carried to common pleas court on appeal from a court of the justice of the peace, and wherein the plaintiff claimed the defendant was indebted to him for $5.75 for work and labor.

Leave has been granted the plaintiff to file a demurrer in the case of William A. Calhoun against P. V. Mackall and others, which is an action to recover money claimed due on promissory notes.

In the case of the Union Savings & Loan Co., against Carl and Minnie Klem, a foreclosure action to recover $1,940.64, the court has confined the sale, and a deed and distribution ordered.

Leave to file an amended petition has been granted by the court in the case of Robert E. Johnston and others against the Savage Fire Clay Co., and others. Sadie Bell Cronin has been made a party defendant in this action.

Marie Bard, who has been sued for $10,000 damages by Kathryn Cody, of Salem, for alleged injury to her reputation, has been granted leave until July 11 to file an answer to the petition.

E. P. Funkhauser, J. W. Weaver and Charles S. Keller have been named commissioners by the court in the partition case filed by Lydia C. Nichols against J. W. Vanskiver, guardian, etc. A divorce of partition has been granted by the court in this cause.

A decree of partition as prayed for has also been granted in the case of Walter McGeehan against Clarence McGeehan and others. The commissioners appointed by the court are Samuel McCormick, Verne Seward and Merlin Todd.

Judgment for $132.07 on a cognovit note has been entered by the court in the case of the First National bank of East Palestine against R. A. Pow and H. W. Hammond, and at the costs of the plaintiff.

DOG LICENSE LAW EFFECTIVE SOON

The penalty for failure to take out a dog license for 1925 will go into effect July 16, according to a law that was passed by the last legislature, the penalty being in addition to the regular cost of the license.

"It is mandatory that this law be enforced," declared Deputy Tax Collector Randall Hamilton, "and as a result we'll be compelled to add this penalty to all those who take out a license on or after July 16."

There have been 4,464 dog licenses issued so far, this number being about 60 per cent of number of dogs being in the county. Just as soon as the June tax records are checked over, and those reporting dogs not having paid a license, charges will also be filed against such owners who have failed to take out the license, as has been done in a number of instances already.

TWO DIVORCE ACTIONS FILED

Emelia Andrews of Salem has filed a petition for divorce in common pleas court against her husband, John V. Andreds.

About $4,000 which Andrews has in Salem banks and building and loan associations has been tied up by a temporary restraining order granted by Judge James G. Moore.

The couple were married in Transylvania Feb. 10, 1891. The petitioner relates that her husband struck and threatened to kill her.

George McElhaney, residing at 197 East Pershing avenue, Salem, has been sued for divorce by his wife who claims that she was ordered from her home by her husband.

They were married at New Cumberland, W. Va., Nov. 28, 1922. A divorce, alimony and custody of their child is sought by the petitioner.

Marriage License Issued.

A marriage license has been issued to Raymon O. Smith, a railroad fireman residing at Salineville, and Minnie Hetherington, also of Salineville, and employed as a telephone operator. The couple were married at the parsonage of the Lisbon United Presbyterian church by the Rev. J. M. Cameron.

Divorce Sought.

In the divorce petition filed in common pleas court by Attorney J. E. Bauknecht in behalf of Mrs. Anna Cochran against her husband, Edward K. Cochran, of East Palestine, it is charged that Cochran entertained his friends at his home at drinking parties.

They were married at Greensburg, Pa., Oct. 10, 1914. Temporary alimony is sought, also the custody of children upon final hearing.

Attachment Proceedings.

An attachment proceeding has been filed in common pleas court by William Reuff against C. L. Brumbaugh, residing at Bellwood, Pa., who claims $974.12 due him for work and labor in a mine operated by the defendant on the Pollock farm in this county.

Injunction Bond Fixed.

In the injunction sought for in the petition filed in common pleas court by Frank C. Kinnear against J. F. Johnston of New Waterford, the court has set the bond at $100. In this case Kinnear seeks to have Johnston enjoined from selling any property of the plaintiff to satisfy a judgment for $40 the defendant obtained against the plaintiff last year.

Divorce Granted.

A decree of divorce has been granted Florence E. Mercer of East Liverpool against William E. Mercer, and the court has ordered the defendant to pay his former wife $6 per week for the support of a minor child. The custody of the child has also been given the mother.

Land Leased.

The village of Lisbon has taken a long term lease on 79.43 acres of the Elliott farm in Centre township for water well drilling purposes, the lease calling for the payment of $100 per annum by the board of public affairs.

At a recent meeting of council it was explained that it was the intent of the board of public affairs to drill additional wells from time to time, and the new agreement, with the Elliott heirs is the result.

Case Dismissed.

The divorce action filed several months ago by Rosales Conja against Safron Conja has been dismissed from the court records in common pleas on a motion filed by the plaintiff. The temporary restraining order previously granted by the court in this cause has been dissolved.

Homeworth Man Fined.

Charged with reckless driving on the Lincoln highway near the Ritchey hill last Sunday afternoon, when he run around a car driven by Ford Essick of Homeworth, containing five passengers and knocking a wheel off and ditching the car, Norman Paxon of East Pershing avenue, Salem, was fined $50 and costs in a Lisbon court Tuesday night. Of the fine, $40 was suspended upon the promise of Paxon to make good the damage to the Essick car.

Sent To Lancaster.

Lawrence Estell, aged 17 years, accused of robbing the Nace drug store of Lisbon of over $100, was sentenced to the Boys' Industrial school at Lancaster Wednesday morning by Judge Lodge Riddle.

MRS. BORGELIN'S REMARKABLE RECOVERY

Gives Credit for Restored Health to Lydia E. Pinkham's Vegetable Compound. All Women Interested

MRS. OSCAR F. BORGELIN
FOREST CITY, IOWA

Forest City, Iowa.—"My first child lived only a short time and I was sick for a year after. When I bent over and raised myself up again I could almost scream with pain in my back. One day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine, but it did no more good than if I drank just water. Once when we had been in town a little book telling about Lydia E. Pinkham's Vegetable Compound was left in our car. I have taken five bottles of the Vegetable Compound now and I do all my housework and help with the milking, and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health, and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound."—Mrs. Oscar F. Borgelin, Route No. 5, Forest City, Iowa.

A Bad Case of Nerves Relieved

Denver, Colorado. — "I was very despondent, blue and sad all the time, which is worse than real pain, and extremely nervous, with no appetite. I was this way for about two years and thought no one cared for me. My mother had had the same trouble and had taken Lydia E. Pinkham's Vegetable Compound for it. I tried everything else, then I began to take it. I soon had a better appetite and restored mental condition. I moved to a bright, sunny house, began calling on different people, and changed many other things. I also used Lydia E. Pinkham's Sanative Wash for my female weakness. With the aid of your medicines I am now a fairly healthy, happy and contented woman. I've used the Vegetable Compound at different times and will say it always helps me over the bad spells that come to every woman past 40 years."—Mrs. Helen Fine, 85 South Washington Street, Denver, Colorado.

Robert M. Koenig Found Remedy For Pimply Skin

For years my skin would break out every once in a while—and ointments did very little to help me.

I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of steering clear of upset stomach and sick headache. Carter's are all you claim for them.

Angelo Painted His Own Face in Head Of Greatest Work

ROME, July — Michael Angelo painted his own face in the head of Saint Bartolomeo in his great painting "The Last Judgment," in the Sistine Chapel in the Vatican, according to Dr. Lacava, who has been studying the famous artist's work.

Hitherto it was believed that Michiel Angelo never painted a portrait of himself.

Dr. Lacava also believes Michael Angelo painted the face of the satirist Aretino, his personal enemy, in another head of the same saint.

Woman Serves Beer From Water Faucet Taken Into Custody

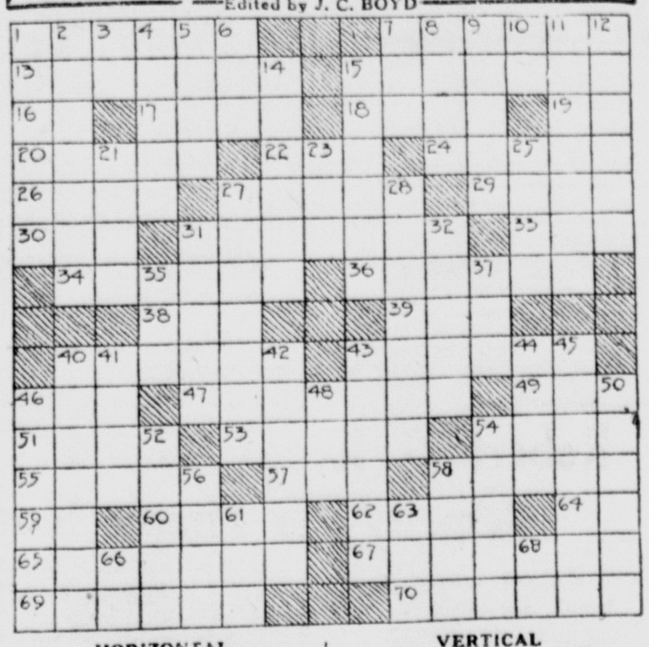

BINGHAMTON, N. Y., July — Beer served from a hot-water faucet is the latest contrivance unearthed by the city "dry" squads. Officer William May, while looking through the window of a store here, saw Mrs. Rosa Kline draw a beverage from the hot-water faucet of a sink and serve it to several customers. He investigated and found the faucet to be the outlet of a barrel of high-powered beer in the basement of the building.

Mrs. Kline was arrested.

Tip For Beginners.

Solve this puzzle by comparing the synonyms listed in the "Horizontal" and "Vertical" columns with the number of spaces extending crosswise or downward on the diagram, as the case may be. If a word occurs to you meaning substantially the same as the synonym and the correct number of letters to fit in the spaces between its number and the first shaded stop following, write it in lightly. Work away the small words, the "easy" words, first, and they will give you plenty of clues to the difficult ones.

Chicago Professor Calls Bryan Tiresome, Darwin Medieval

Dr. John Coulter Assai's Commoner's Stand in Evolution Controversy.

CHICAGO—With the date of the trial of John T. Scopes, Tennessee school teacher, on charges of teaching evolution contrary to state law drawing near, the question of evolution has become a burning issue in scientific and educational circles.

And among the latest to demand a hearing is Dr. John M. Coulter, head of the department of botany in the University of Chicago. Dr. Coulter takes a fling at both Charles Darwin and William Jennings Bryan.

"Why, Darwin is a back number," longs back in the Middle Ages himself.

"As for Bryan, I notice that whenever I use the phrase 'eloquent ignorance,' there is no confusion in any one's mind as to who is meant."

Dr. Coulter indicated that he finds Bryan's constant references to Darwin wearying in the extreme.

He explained why he classifies the popularizer of such phrases as "natural selection" and "the survival of the fittest" as medieval.

"The idea of evolution is as old as human thought itself and no name of modern times can be associated as the author of it. Darwin was merely one of many who attempted an explanation of the idea. Dozens of others, the poet Goethe among them, were attempting the same thing at the same time. But Darwin was a good publicity getter and he caught the popular fancy.

Traces Evolution.

"The history of evolution divides itself in to three periods," Dr. Coulter continued. "Evolution was a meditation, an abstract theory, until 1800. From 1800 to 1900, the period of observation and inference, it was first suggested that evolution might be more than an idea, that it might be a scientific fact. Since 1900, we have been engrossed with experimentation, with studying plants and animals under rigid control. With the work of DeVries in Holland, evolution became an actual demonstration, not just an inference.

"Explanation of the oft-repeated cry that biologists are abandoning evolution lies in the fact that it is true that all explanations offered thus far are entirely inadequate to explain the facts.

M. Cebula's Four-Base Clout In Sixth Beats Laughlin Nine, 7 to 4

Chester Hurling Star Wins Own Game, His Homer Driving in Two Counters Ahead of Him in Final Frame When Score Stood 4 to 4; Riley Club Demonstrates Comeback Power.

With the score a tie, 4 to 4, and two men rarin' to go on the bags and a coupe of outs registered against his team, Mike Cebula, Chester's great young twirler, leaned on a speedy offering of Pitcher Thomas of the Laughlin club in the sixth inning of the City Industrial league clash on Smith field Tuesday evening and drove the apple far over Leftfielder Werkheiser's head, circling the bases behind two runners as the eleven hundred or more fans cheered to the echo. The clout gave the league leaders a 7 to 4 victory, although technically, it was but 5 to 4, inasmuch as the game, under customary observances, was over when the winning run was scored.

Pandemonium followed the crash, the Chesterites being raised from the depths of despair in which they groveled as their club trailed behind until the fifth frame, to the heights of joyful ecstacy as Cebula's willow cracked out a conquest.

Blanked all the way until the fifth and behind four runs, Chester's defeat seemed almost certain until a couple of walks, an error, a hit, a stolen base and a sacrifice fly produced a quartet of counters that tied the score at four-all.

The Laughlins had their final chance to come out of the deadlock but three men went out in a row and left McConnell, who had doubled, on second base.

Chester succeeded in a valiant attempt to win before darkness ended hostilities. Manager Riley summoned all the strategy at his command. He sent in the giant catcher, Potts, to bat for W. McMath. Potts made good and drove a safety to right field. Powell ran for him and reached second on a wild pitch but was thrown out at third as Cochran lined to Thomas.

C. Marshall, recuperating from a recent illness, wielded the bludgeon for P. Bennett, and grounded out. Watson booted E. Bennett's drive, and so the stage was set for M. Cebula to win his own game.

Refraining from again walking the young pitcher, which he had done in the previous inning, Thomas released his stuff. The rest is fairly well advertised.

Cebula had one bad inning when a double, two walks and a couple of errors gave Laughlin three runs. An error, plus a hit, had enabled the visitors to score in the opening frame. He went along, however, striking out four and walking two.

Thomas blanked Chester until the fifth. He allowed but three hits, but walked four men. He struck out four batters, also. He handled himself cooly at all stages.

P. Cebula got away to a bad fielding start by booting Watson's drive in the first, following up with a wild throw on McConnell's rap in the fourth, but he redeemed himself in the sixth by a great stop of V. Bailey's bat and an accurate throw to E. Bennett, which retired the side and kept McConnell's finish from counting.

E. Bennett played first in the absence of Digman and Jackson. He accepted seven of eight chances.

Greene, in right field for Chester, did not have a fielding chance.

W. McMath and DeLong, the former teammates, caught and threw well to bases for their respective clubs. DeLong, hitting the first ball served him, singled in the opening frame and drove in the first run for his team. His sacrifice fly in the fifth gave his club another.

How the Runs Were Made.

Watson, safe on P. Cebula's error in the first, stole second and scored on DeLong's single to right.

Reese doubled to middle in the fifth and reached third on a wild pitch from where he scored on V. Bailey's rap to Cochrane, who threw wildly to the plate. V. Bailey went to second on the play, stole third and counted as Werkheiser went out, M. Cebula to E. Bennett. Thomas walked, went to second as E. Bennett dropped P. Cebula's assist on Watson's drive and to third as Tisher walked. He scored on DeLong's fly to P. Bennett, who completed a double play by an assist to L. McMath, who, with E. Bennett, put out Tisher.

The paths were quickly clogged in the last of the fifth as P. Bennett and M. Cebula walked. E. Bennett was safe on Reese's error. The latter then went to right field, Tisher to middle and McConnell to second base. L. McMath connected and the two Bennetts counted. Greene was out, Watson to Babb. M. Cebula scoring. P. Cebula sent a long fly to Werkheiser in left and L. McMath crossed the plate, tying the score. F. Marshall fanned.

In the final half of the sixth, Potts, batting for W. McMath, singled to right. Powell running for Potts, reached second on a wild pitch but was thrown out at third as Cochrane lined to Thomas. C. Marshall, batting for P. Bennett, grounded out. Watson booted E. Bennett's drive. M. Cebulla crashed a homer into left field, scoring three runs.

WILLS ARRIVES AT CROSSROADS

VICTORY BY K. O. HIS ONLY HOPE

Must Knock Weinert Bowlegged or Admit Failure.

NEW YORK, July 1.—Harry Wills, chronic challenger for the heavyweight title, comes to the inevitable crossroads of his career tomorrow night. There is a turn to the right and another to the left and, unfortunately, the choice of direction does not altogether remain a matter of personal discretion.

Age, condition and ability will sit in judgment on the situation and whatever they decree Wills must concur. It will be either one thing or the other — championship or curtains — for Harry.

He is to meet Charley Weinert, resurrected contender, in what has been scheduled as a 15-round bout to an official decision. But if Wills is to continue in the front rank of the heavyweights, it must not go to a decision. Wills must knock his man bowlegged or forever admit that he doesn't belong.

Walker-Greb "Go."

The bout will take place at the Polo grounds and a goodly crowd will be there. It is one of two big time attractions, arranged for the benefit of the Italian hospital fund. The other will involve Mickey Walker, welterweight champion, and Harry Greb, middleweight champion, in a 15-round seance, with the latter's title at stake.

This match runs second on the card to the Wills-Weinert affair, but merely as a matter of courtesy. The customers will be far more interested in Walker's attempt to go beyond his class and lift the middleweight title.

In spite of the fact that he has all to lose and little to gain, Greb has been installed a general favorite to win on points. He is thought to be too strong and tough for Walker. However, the latter recently jumped two classes and beat Mike McTigue, then light heavyweight champion, but it was in a no-decision bout and, therefore, meant less than nothing.

Bad Match for Wills.

Wills is generally conceded to have made a bad match in taking on Weinert. It is not because the latter is so good, although the megaphone men have been right busy in proclaiming Charles to be a real comeback. It is that Wills has placed himself in the position of being forced to knock out a really clever man in order to retain what prestige he now owns.

This is not being done seven days a week.

Yet, if Harry fails to oblige, the boxing public is prepared to turn thumbs down on his pretensions. It has seen him maul through the full distance with Bartley Madden and Luis Firpo and thinks the less of him for it.

It feels that it cannot longer countenance a challenger who fails to do what the champion probably would waste little time on.

MAY FIND HIS STYLE CRAMPED

Wills Favorite Ring Tactics Won't be Permitted.

By DAVIS J. WALSH.

NEW YORK, July 1.—Harry Wills is likely to find his style considerably cramped when he steps out tomorrow night at the Polo grounds against Charley Weinert, according to the official tidings, broadcasted today. He will not be permitted to fondle Weinert's form with his left hand while he lambasts the gentleman with his right, which is Wills' favorite mode of fisticuffing.

The first time he does it, he will be told to be good. The second time might mean disqualification; the third time will prove it beyond the peradventure of a doubt.

James E. Farley, chairman of the New York State Athletic mossion, made this point clear today in discussing Wills' affectionate tendencies, with Billy McCarney, who, as manager of Weinert, has what might be termed a personal interest in the matter.

"You can rest assured that the rules will be observed to the letter," Farley said. "I will appoint a referee who understands the situation perfectly and will see that no advantage of them is taken by either fighter."

Last Night's Fights

Cleveland—Danny Kramer, Philadelphia, defeated Johnny Farr, Cleveland, ten rounds. Phil McGraw, Detroit, easily won from Bobbie Garcie, Camp Holabird, Md., ten rounds. Benny Bass, Philadelphia, won from Steve Smith, Bridgeport, Conn., eight rounds. Bushy Graham, Utica, bested Eddie O'Dowd, Columbus, eight rounds.

At New York—Babe Herman, California, knocked out Jose Lombardo, Panama, tenth round. King Solomon, Panama, goth the decision over Sailor Tom Maxted, New York, 10 rounds. Basil Galiano, New Orleans, knocked out Archie Walker, New York, first round.

(By International News Service.)

With Walter Johnson giving an epic performance, the Washington Senators moved into first place by presenting the Athletics with a thoroughgoing lambasting, 7 to 0. It was Johnson's 108th shutout and he would have made it a no-hit occosion but for scratches by Galloway and French.

WILL LEFT HOOK BRING GREB DOWN WHEN HE TACKLES WELTER WALKER?

MICKEY WALKER

HARRY GREB

Mickey Walker, at left, about ready to shoot over a hook, and Harry Greb, defending champ, at right.

By Norman E. Brown.

Will a left hook, handled by Mickey Walker, welterweight champion of the world, spell defeat and disaster for the human windmill of the fight game and the middleweight king when they meet?

May be.

All who have seen Greb in action know that he has one weakness, a poor defense for this telling blow. Walker has, among his other assets, a beautiful left hook. And he knows how to use it. There's a sort of feeling in some parts that Benny Leonard knows that Mr. Walker can use it.

At any rate, although Walker will be giving away some 10 or 12 pounds in their battle, and will be going out of his class, the general opinion is that Greb stands more chance of losing his crown in their coming meeting than he has in recent years.

Walker is a better ring general than any other man Greg has ever fought, except, possibly, Tommy Gibbons. Walker plans a campaign and fights calmly and serenely along the lines mapped out. He is one of the few men whom Greb cannot disconcert with his pinwheel tactics.

Walker is a willing fighter ordinarily, once he enters the ring, and in the meeting with Greb will have nothing to loose by wading in. He can afford to force the fighting. His failure to retreat under some of Greb's fantastic gyrations may have a startling effect on the Pittsburgh battler.

Then, about the time *Harry finds himself forced to fight*, he may find that left hook bothering him. A left hook, rightly placed on the jaw, spells disaster to the average fighter. Walker has the kick behind him necessary to make it count.

THREE FIGHTS, DEMPSEY'S PLAN

Tunney, he Says, Can Have Bout on July 4, 1926.

BRIGHTON, England, July 1.—Jack Dempsey declared today that he would fight in defense of his heavyweight title at least three times before retiring and that one of the occasions would involve Gene Tunney, white heavyweight, who came into recent prominence by his knockout of Tom Gibbons. He made no mention of Harry Wills, whose challenge has forced Dempsey into difficulties with the New York state athletic commission.

"Tunney is the only man I really want to fight," declared the champion with the utmost candor. "He can have a battle on July 4, 1926, if he wants it. He is the only challenger I figure would draw against me."

KRAMER AWARDED SHADE OVER FARR

CLEVELAND, July 1.—While popular opinion gave Danny Kramer, of Philadelphia, a shade in his 10-round bout with Johnny Farr, of Cleveland, at the new Taylor bowl last night, Farr came so strongly in the last two rounds that some of the authorities were inclined to give him at least a draw.

Stops your car Quicker!
"I stopped my car in 28 feet going 20 miles an hour!"

"I HAVE made a test," says Joe M. Woods, of 1514 Lawrence Ave., Chicago, Ill., "and I find that I can stop my Oldsmobile, equipped with two-wheel brakes, lined with Rusco Brake Lining, in 28 feet, going 20 miles per hour."

That's how safe Rusco-lined, properly adjusted two-wheel brakes will make your car. A lining will pass police inspection if it will stop in 35 feet going 20 miles per hour. Rusco stops 7 feet quicker! With death or a costly crash just ahead, 7 feet leeway is a godsend.

Wet weather makes no difference

RUSCO is an all-weather lining. It will grip and hold just as well in wet weather as in dry. Water makes no difference to Rusco's stopping ability. It is treated with a special compound that makes it resist water, oil, dirt and wear. It will not burn.

Your repair man pays more for Rusco than for other brands of lining but he doesn't charge you more.

IN GIVING you Rusco — the finest quality brake lining it is possible for the repair man to obtain — he accepts a less profit than if he sold you another brand. When your brakes need relining, be sure to get the benefits of Rusco superiority and the conscientious service of a repair man who is willing to take less profit in order to give you a better job. Have your brakes inspected and relined at any of the garages listed below. They are brake lining experts, using special electrical equipment for counter-sinking rivets in lining and riveting lining to brake band.

C. A. Bough Trophy Is Prize At Which Local Golf Stars Will Shoot

Contenders Will Add Full Handicap to Par for Course, Which is 72; Distance at End of Allotted Strokes Determines Place; Between 50 and 60 Players Expected to Take Part.

Flag tournament honors won last year by Walter Ashbaugh will be at stake in the annual Fourth of July golf play Saturday on the East Liverpool Country club course.

And accompanying the victory will go the C. A. Bough trophy, which will be carried off by the player who commands enough markmanship to send him around the course farther than his opponents.

That there will be sufficient competition for the winner, whoever it is, is indicated by the fact that members of the sports committee are expecting between 50 and 60 entries and among those entries will be more than a few good golfers.

Although the customary method is to use a flag, inasmuch as this particular event will be the club's flag tournament, contenders instead will use small "tombstones." According to officers of the United States Golf association, some protest has been heard on the use of flags, from various patriotic societies.

The rival players will add their full handicap to par for the course, which is 72 strokes. When they have used their 72 plus handicap, they will plant their markers. And in this event, the player who is extravagent with his strokes is bound to fall behind he who is sparing enough to go around in par or perhaps a little over, for distance, or the highest number of holes, wins.

The tournament will get under way in the morning and will continue throughout the day. Players will go around in foursomes, although individual efforts count.

THIRD ROUND IN NET PLAY TODAY

COLUMBUS, July 1.—Third round play was scheduled today in the Ohio State tennis championships on the courts of the East End Tennis club here.

George Lott, Columbus, National Junior champion, came through the second round with a defeat of Herman Wirthwein, Columbus, after losing the first set, 4-6, with 6-0 and 6-1 sets. Other decisions included:

John Virdon, Cleveland, defeated Beddow, Columbus, 6-0, 6-1.

T. McGlynn, Philadelphia, defeated Jim Westfall, Columbus, 6-0, 6-3.

Fisher, Cleveland, defeated A. W. Thomas, New York, 6-1, 6-2.

Ralph Oster, Cleveland, defeated Ten Stewart, Columbus, 6-1, 6-2.

Oster also defeated Eddie Ambyrst, Columbus, 6-1, 6-4.

Julius Sagalowsky, Indianapolis, defeated Bill Knell, Columbus, 6-3, 6-3.

Kauffmann shut the Pirates right out with three hits. The Cubs winning in the eight, 1 to 0, when Adams' double off Meadows scored Grimm.

OIL GUNS FOR SECOND SHOOT

Local Marksmen in Action Again Tomorrow.

Members of the East Liverpool Gun club, associated with the local branch of the fish and game association, will stage their second shoot of the season tomorrow at their traps near the Country club.

The event is scheduled to start at 3 o'clock in the afternoon and continue until darkness.

Brady White led the way in last Saturday's marksmanship tests. He cracked the pigeons for high individual honors, with a mark of 23. However, W. L. Burlingame proved more consistent, running up high average of 20 and 1-5. Right on his heels was Dr. F. F. Davis with an average of 19 and 3-5.

Sixteen gun club members took part.

DUTCH LEONARD

Dutch Leonard, declared through years ago and now serving his fourteenth year in baseball, has saved the Tigers from slipping farther than they have in the A. L. league race this year. Bob Shawkey, thirty-five and fourteen years in the game, has been one of the most dependable pitchers with the Yanks. Both are grandpas as pitchers go.

Britain Fails to Check Gain of Unemployed; 1,500,000 Idle

Trade Unions are Planning to Hold Monster Demonstrations All Over British Isles on "Unemployment Sunday."

LONDON—Unemployment is now generally accepted as a permanent economic ill in Great Britain.

With the war six years past, Great Britain's unemployment problem is no nearer solution than it was at the end of the first year of post-war depression; in fact, it seems to be growing steadily worse.

The figures for June 1 show that there is now a total of 1,247,300 unemployed in Great Britain, an increase of nearly a quarter of a million over the number jobless at the same time last year. This total included 971,000 men, 34,200 boys, 213,800 women and 28,100 girls. On June 2, 1924 there were 754,661 men idle, 31,961 boys, 185,731 women and 30,562 girls.

Stanley Baldwin, prime minister, has declared unemployment to be "the most crucial problem of the country." Yet his government has failed to cope with the situation and, in fact, has done but little in attempting to relieve the situation.

The MacDonald Labor government, during its eight months in office, struggled with the problem with only slight success, and it begins to appear that it s a problem that cannot be considered a political issue.

Trade Unions Agitate

Trade unions are agitating the question and are planning to hold an "Unemployment Sunday," when monster demonstrations will be held all over the British Isles. There i sno doubt that these demonstrations will be emphatic, butl ittle will come out of them. For five years Britain has been accustomed to demonstrations and parades of unemployed and has become hardened to them.

While this problem hangs fire, unremedied, the governmbent is spending millions yearly in doles to the unemployed. It has zeen held by some economists that there can be no alleviation of unemployment until the dole is ended.

Combination of Causes

There is no doubt but what there are thousands of malingers who would prefer to draw a weekly dole than to work. It would take a courageous man to kill the dole, though, and it is doubtful whether any present English politician has that courage. At the same time it is well argued that the end of the dole would not end unemployment, even though it might decrease it.

Some economists hold that depopulation is the only cure. Others are of the opinion that the problem will settle itself if Great Britain can get back to a pre-war basis.
